5-1.08

When the College uses the posting procedure, the regular employee and the person who has worked for the College as an occasional or substitute employee for a length of time equivalent to a hundred and thirty (130) days worked or paid for within the thirty (30) months preceding the date of the beginning of posting may apply for the position in writing no later than the last working day of posting provided for in clause 5-1.04.

5-1.09

In the event that an application has been accepted, the appointment must be posted within forty-five (45) days from the beginning of posting. Any employee whose application is not accepted shall be so informed, in writing, within the same delay, and a copy shall be sent to the Union. The surname and given name of the person whose application has been accepted must appear on that notice.

5-1.10

The new full-time employee's probation period is of sixty (60) days worked or paid for.

The new part-time employee's probation period is of ninety (90) days worked or paid for. For the purpose of this paragraph, the days worked or paid for are counted regardless of the daily number of hours actually worked or paid for.

5-1.11

The parties may agree to extend the probation period provided for by clause 5-1.10 for a maximum of thirty (30) days in the case of an employee whose class of employment appears in Appendix "2".

5-1.12

Should a substitute or an occasional employee be assigned to the position for which he has been employed as an occasional or a replacement, the days worked in this position are counted in his probation period.

5-1.13

At the time of engagement, the College shall provide the employee with the information to access the electronic versions of the collective agreement and the classification plan. In the same manner, the employee must provide proof of his qualifications (schooling and experience).

5-1.14

The College must give a written notice of five (5) working days to any occasional or substitute employee who has completed at least one (1) month of continuous service before terminating his employment. In the case of an employee replacing another on sick leave, the notice must be given two (2) working days in advance.

This provision does not apply in the case of a substitute or occasional employee hired for a limited period of time.

5-1.15 Replacement for a foreseeable period of seventeen (17) or more weeks

When the College decides to fill a temporarily vacant position for a foreseeable period of seventeen (17) or more weeks, it may, subject to clause 5-6.03, proceed either:

- a) by temporary assignment according to clause 5-2.11, favoring temporary promotion for the regular employee; nevertheless in this case, the College cannot force the employee with the least seniority to take the position;

or

- b) by a five (5) working days posting in conformity to clause 5-1.07 favoring the promotion for the regular employee. This posting is reserved to the persons mentioned in 1., 2. and 3. of this paragraph with the exception of employees who hold occasionals' or substitutes' jobs of more than seventeen (17) weeks. The interested persons must apply in writing at the latest on the last posting day.

The College transmits to the Union, within the two (2) days of the beginning of the posting, the list of the persons having filled occasional or substitute jobs for a length of time equivalent to a hundred and thirty (130) days worked or paid for within the thirty (30) months preceding the beginning of posting, as well as the number of hours worked or paid during the reference period for each occasional or substitute employee.

3. the person who has been employed by the College as an occasional or substitute employee for a length of time equivalent to a hundred and thirty (130) days worked or paid for within the thirty (30) months preceding the beginning of posting.

In order to distinguish between employees whose time worked or paid is equal, the College chooses among the candidates the one having the most worked or paid time within the twenty-four (24) months preceding the reference period of thirty (30) months preceding the beginning of the posting.

If the replacement has not been filled by the application of the above priority order, the College may proceed by provisional assignment of a person from another category of personnel of the College, if such person meets the normal requirements for the position.

The application of this clause shall not be prohibited by the fact that an employee may decide to terminate a release or a leave by sending a notice provided for in articles 3-4.00, 5-10.00, 7-4.00 or 7-10.00.

For the purpose of applying the present clause, the parties may, by way of a local agreement, decide on different mechanisms.

5-1.16 Specific project

When the College decides to hire an employee for a specific project, it may, subject to clause 5-6.03, proceed either:

- a) by temporary assignment according to clause 5-2.11, favoring temporary promotion for the regular employee; nevertheless in this case, the College cannot force the employee with the least seniority to take the specific project;

or

- b) by a five (5) working days posting in conformity to clause 5-1.07 reserved to the persons mentioned in 1., 2. and 3. of this paragraph. The interested persons must apply in writing at the latest on the last posting day.

The College transmits to the Union, within the two (2) days of the beginning of the posting, the list of the persons having filled occasional or substitute jobs for a length of time equivalent to a hundred and thirty (130) days worked or paid for within the thirty (30) months preceding the beginning of posting, as well as the number of hours worked or paid during the reference period for each occasional or substitute employee.

Among the candidates, the College chooses the person with the most seniority or with the most worked or paid time as an occasional or substitute employee within the thirty (30) months immediately preceding the beginning of posting and who answers the qualifications and conditions of the position according to the following priority order:

1. the employee laid off by the College who is on the Placement Office's list;
2. the regular employee;
3. the person who has been employed by the College as an occasional or substitute employee for a length of time equivalent to a hundred and thirty (130) days worked or paid for within the thirty (30) months preceding the beginning of posting.

In order to distinguish between employees whose time worked or paid is equal, the College chooses among the candidates the one having the most worked or paid time within the twenty-four (24) months preceding the reference period of thirty (30) months preceding the beginning of the posting.

Notwithstanding the foregoing, when the College decides to hire an employee for a period of one (1) year or more for a specific project, it shall post the position, subject to clause 5-6.03, according to the provisions of paragraph b) of this clause.

The application of this clause shall not be prohibited by the fact that an employee may decide to terminate a release or a leave by sending a notice provided for in articles 3-4.00, 5-10.00, 7-4.00 or 7-10.00.

For the purpose of applying the present clause, the parties may, by way of a local agreement, decide on different mechanisms.

5-1.17

The parties may, by way of a local agreement, give priority to a regular part-time employee in order to allow him more working hours, up to a maximum of thirty-five (35) hours or thirty-eight (38) hours and forty-five (45) minutes per week, depending on their class of employment.

Article 5-2.00 - Movement of Personnel

5-2.01

When the College decides to fill a vacant position or to create a new position, it may use the posting procedure provided in article 5-1.00 or the transfer procedure.

If it uses the transfer procedure, the College must consult the Union beforehand in the framework of the L.R.C. The transfer is restricted to the employee's class of employment and cannot be done more than once in a twelve (12) month-period for the employee. The employee, for such a transfer, must meet the position's normal requirements.

However, by virtue of this clause:

- a) a regular part-time employee shall not be transferred to a full-time position, or vice versa;
- b) a regular employee shall not be transferred to a different establishment of the College located more than 50 kilometres from his own;
- c) a regular full-time or part-time employee shall not be transferred to a full-time or part-time position including a temporary layoff, or vice versa;

- e) unless there is an agreement between the College and the employee, the employee may not be transferred to a position involving a different work schedule.

Transfers may be done by the College for positions with an incumbent, if the concerned employees agree to it.

5-2.02 Specific project resulting in a position

If the College decides to create a new position restating the attributions and the same characteristics as a specific project, and that this specific project had been posted according to the provisions of clause 5-1.16 at the time of its implementation, the College shall use the posting procedure while respecting the priority order provided for in clause 5-2.08.

The characteristics of a specific project shall imply the employment class, the work schedule, the number of working hours, the hiring period, the nature of the work or the related department(s).

5-2.03

When it uses the posting procedure, the College shall choose, from among the applicants, the one who:

- a) possesses the qualifications required for the class of employment in the classification plan and
- b) meets the conditions required by the College with regard to the position concerned. The College cannot require additional number of years of experience or schooling other than those provided for in the classification plan.

The applicant or the Union may contest the conditions required by the College other than the qualifications required in the class of employment in the classification plan; it shall then be the responsibility of the College to prove that such conditions are pertinent to and in accordance with the position concerned.

Nevertheless, the employee who does not possess the schooling required for the position concerned may apply if he meets the following provisions, and this, with the exception of all technician classes of employment provided for by the classification plan:

- a) Have the relevant years of experience required to make up for the lack of schooling in the ratio of two (2) years of experience per year of schooling.
- b) Have the relevant years of experience required for the position.

5-2.04

If the College decides to maintain the attributions for a position, the incumbent of which has had a right to a compensation according to clause 9-4.09 and to conform with clause 9-4.12, such incumbent is reputed to have the qualifications and conditions required by the College provided for in the first (1st) paragraph of clause 5-2.03 with regards to the concerned position and this under reserve of the Law.

5-2.05 Test on standard software

An employee who applies for a position shall not have to undergo a test regarding his knowledge of the standard software used at the College for which he holds a certificate of competency issued by the College corresponding to the level of knowledge required by the College.

Each year, the College offers employees the opportunity to take tests to determine their level of knowledge of the standard software.

On the basis of this evaluation, the College shall issue the employee a certificate of competency stating their level of knowledge. This certificate shall be valid for a period of two (2) years.

The parties may agree by local agreement to modify this clause.

5-2.06 Test on limited access software

An employee who applies for a position shall not have to undergo a test regarding his knowledge of a software with limited access.

However, if applicable, an employee who obtains a position must accept the training offered by the College and acquire the required skills within a period of twenty (20) working days, failing which the College shall reinstate the employee in his former position and notify the Union in writing.

During this period, the provisions of clause 5-1.02 shall be suspended and the vacant position may be occupied by a substitute employee or temporarily filled through a temporary assignment.

The parties may agree by local agreement to modify this clause.

5-2.07

In no event may technological changes have as their effect preventing an employee from obtaining any position in the employment class for which he is already qualified, provided that he accepts the necessary professional development offered by the College. However, the employee must acquire the required skills within a period of twenty (20) working days, failing which the College shall reinstate the employee in his former position and notify the Union in writing.

During this period, the provisions of clause 5-1.02 shall be suspended, and the position left vacant may be occupied by a substitute employee or temporarily filled through a temporary assignment.

5-2.08

When the College posts a position resulting from a specific project according to the provisions of clause 5-2.02, it must respect the following priority order for the nomination; when more than one person benefits from the same priority according to this clause, the College chooses the one with the most seniority or, in the case provided for by paragraph 6. of this clause, the one having the most worked or paid time as an occasional or substitute employee within the thirty (30) months preceding the beginning of the posting:

1. The employee placed on availability by a College, who meets the normal requirements for the position in the case of a transfer or demotion or, in the case of a promotion, who meets the required qualifications and conditions of clause 5-2.03.
2. The candidate, a regular employee of the College with employment security, who, following a posting as provided for in clause 5-1.16, was assigned to the specific project during at least 130 working days.
3. The employee placed on availability from a College of the same zone, for a position in his class of employment or constituting a transfer and meeting the normal requirements for the position, as long as he has more seniority than an employee referred to by paragraph 5 of this clause.
4. The employee placed on availability by a College of another zone, for a position either in his class of employment or constituting a transfer, who meets the normal requirements for the position as long as he has more seniority than an employee referred to by paragraph 5 of this clause and who has applied for the position.
5. The candidate, a regular employee of the College, who, following a posting as provided for in clause 5-1.16, was assigned to the specific project during at least 130 working days.

6. The substitute or occasional candidate referred to by clause 5-1.08 who, following a posting as provided in clause 5-1.16, was assigned to the specific project during at least 130 working days.

For lack of being able to fill the position according to the preceding priority, the College shall apply the priority order as provided for in clause 5-2.09 and otherwise, refer to the provisions of clause 5-2.01.

5-2.09

When the College uses the posting procedure, it must respect the following priority order for the nomination; when more than one person benefit from the same priority according to this clause, the College chooses the one with the most seniority or, in the case provided for by paragraph 9. of this clause, the one having the most worked or paid time as an occasional or substitute employee within the thirty (30) months preceding the beginning of posting:

1. The employee concerned by paragraph h) of clause 5-4.03, the employee concerned by clause 5-6.04 or the employee placed on availability from the College who meets the normal requirements for the position in a case of transfer or demotion or, in a case of promotion, who answers the required qualifications and conditions of clause 5-2.03.
2. The candidate, a regular employee of the College with employment security, if he meets the required qualifications and conditions of clause 5-2.03.
3. The employee placed on availability from a College of the same zone, for a position in his class of employment or constituting a transfer and meeting the normal requirements for the position, as long as he has more seniority than an employee referred to by paragraph 5 of this clause.
4. The employee placed on availability by a College of another zone, for a position either in his class of employment or constituting a transfer, who meets the normal requirements for the position as long as he has more seniority than an employee referred to by paragraph 5 of this clause and who has applied for the position.
5. The applicant who is a regular employee of the College or a regular employee of the College entitled to the employment priority provided for in article 5-5.00, if he meets the qualifications and conditions provided for in clause 5-2.03.
6. The candidate, an employee of a College of the same zone who benefits from the employment priority provided for by article 5-5.00, for a position in his class of employment, if he meets the required qualifications and conditions of clause 5-2.03.
7. The candidate, an employee of a College of another zone who benefits from the employment priority provided for by article 5-5.00, for a position in his class of employment, if he meets the required qualifications and conditions of clause 5-2.03.
8. The candidate, a regular employee of the College, if he meets the normal requirements for the position to be filled.

9. The substitute or occasional candidate referred to by clause 5-1.08 who meets the required qualifications and conditions of clause 5-2.03.
10. The candidate whose surname and given name is forwarded by the Placement Office, who has made a request according to clause 5-2.15, if he meets the qualifications and conditions provided for in clause 5-2.03.
11. The person provisionally assigned from another category of personnel of the College and who meets the normal requirements for the position.
12. The outside candidate whom the College will be able to hire if he meets the required qualifications and conditions provided for in the first paragraph of clause 5-2.03.
13. The teacher or the non-teaching professional placed on availability by the College who meets the normal requirements for the position and who has applied for it.
14. The outside candidate whom the College will be able to hire even if he does not meet the required qualifications and conditions of the first paragraph of clause 5-2.03, but as long as he is more qualified than the candidate, a regular employee of the College, who does not meet the normal requirements for the position to be filled.

5-2.10

The candidate, a regular employee of the College, who obtains a position according to the present article, has a right to a maximum period of twenty (20) working days to accept the position or to decide to return to his former position.

When the College decides to fill a position made vacant following the nomination of an employee, it does not have to transfer or post before the end of the twenty (20) working days period. The position may then be filled either by a substitute employee, or by temporary assignment.

5-2.11

When the College proceeds to a temporary assignment, it may designate an employee of its choice who accepts such an assignment. If no employee accepts, except in the case provided for by clauses 5-1.15 and 5-1.16, the College may designate the one with the least seniority who meets the normal requirements for this assignment.

During any temporary assignment, the employee is released from his position for the duration of such assignment and in an equal proportion.

This clause may be modified subject to a local agreement between the parties.

5-2.12

When an employee, at the College's request, temporarily performs a function usually performed by an employee of a class of employment in which the maximum of the salary rate or salary scale is less, he receives his regular salary for the duration of that work.

5-2.13

When an employee, at the College's request, temporarily performs a function usually performed by an employee of a class of employment in which the maximum of the salary rate or salary scale is greater, he is paid according to the salary of that class of employment from the first (1st) day of his assignment and this as if it was a promotion.

5-2.14

The employee permanently affected to a position receives the salary attached to that position from the moment of his assignment, or, at the latest, when the delay provided for in clause 5-1.09 expires.

5-2.15 Voluntary transfer of an employee from one College to another

Twice a year, in May and November, a regular employee who wishes to be transferred to another College may make a request to such effect, in writing to his College. His request must mention the name of the employment class or classes and the name of the College or Colleges where he wants to be transferred to and if the desired position is to be full-time or part-time. This request must be repeated at one or the other of the two (2) dates mentioned if the employee who has not obtained a transfer still desires one.

Within thirty (30) days of reception of the request, the College sends a copy to the Union and to the Placement Office together with the seniority of the said employee.

Such a transfer is only possible in the event of a vacant position.

The employee who obtains such a transfer, brings to his new employer his seniority, the balance of his bank of sick leave days without cash surrender value and his status as a regular employee and, if his new employer agrees, his sabbatical leave with deferred or anticipated salary.

The employee who obtains a transfer to another College according to this clause is considered as having resigned from his College.

Article 5-3.00 - Seniority**5-3.01**

A seniority list is established at the date of the expiry of the 2005-2010 Collective Agreement in accordance with said Provisions. That list will be posted within the ninety (90) calendar days following the date of coming into force of the collective agreement, and this for a duration of sixty (60) calendar days.

During the posting period, the Union, or any employee acting through the Union, may contest the calculation of an employee's seniority by presenting justifications for the said protest.

Upon the expiry of the posting period, the list in seniority order shall become the official list subject to the protests lodged. Corrections made to the list can only have the effect of changing an employee's seniority and the results of such changes cannot be retroactive

beyond the first day of the posting of the list. Afterwards, no further correction can be made to the seniority list.

5-3.02

Between September 1 and October 1 of each year, the College, for a duration of thirty (30) working days, shall post the seniority list of the employees covered by the agreement as established on the preceding June 30.

Each year, during the posting period, the Union, or any employee acting through his Union may contest the calculation of an employee's seniority by justifying the protests. Nevertheless, a protest cannot have the effect of contesting or correcting the seniority list of the previous year.

Upon the expiry of the posting period, the new list shall become the official list subject to the protests lodged. Corrections made to the list can only have the effect of changing an employee's seniority and the results of such changes cannot be retroactive beyond the first day of the posting of the list. Afterwards, no further correction can be made to the seniority list.

5-3.03

The calculation of seniority shall be made in the following manner:

- a) Seniority shall mean and include the total duration in years, weeks and days worked or paid for as College support personnel, by any regular employee covered by this document. The seniority of any regular employee shall begin as of the date of the first day of work in a position for the College or teaching institutions to which the College succeeds or has succeeded.

Notwithstanding what precedes and this as of May 11, 1987, the time worked or paid for as an occasional or substitute employee is calculated for seniority purposes in the following manner:

- 1.
 - i) the employee who is employed by the College as an occasional or substitute employee when he obtains his position and who has completed his probation period will have recognized all the time worked or paid for as an occasional or substitute employee since the last hiring date at the College;
 - ii) nevertheless, if the employee's seniority as recognized within the meaning of the preceding paragraph is of less than three (3) years, and if his last hiring date is a later one than May 11, 1987, the time worked or paid for as an occasional or substitute employee since May 11, 1987, is also recognized with the exception of the time prior to an interruption of the employment bond of more than one (1) year. However, in this case seniority shall not be calculated retroactively for more than three (3) years.

2. The employee who is not employed by the College when he obtains a position and who has completed his probation period is granted seniority for the time worked or paid for as an occasional or substitute employee since May 11, 1987, with the exception of the time prior to an interruption of the employment bond of more than one (1) year. However, in no case shall the seniority be calculated retroactively for more than three (3) years.
- b) For the regular, part-time employee, seniority shall be calculated in hours worked or paid for and shall be converted into years, weeks and days worked or paid for as of June 30 of each year, taking into account the regular hours provided for by clause 7-1.01 for his class of employment.
- c) The regular yearly hours shall be one thousand eight hundred and twenty (1,820) hours for the classes of employment provided for by Appendix "2" and two thousand and fifteen (2,015) hours for the classes of employment provided for by Appendix "3"; this shall equal one (1) year of seniority.
- d) An employee may not accumulate more than one (1) year of seniority during the same contractual year.

5-3.04

Seniority shall continue to accumulate:

- a) during an absence due either to a work accident or to an employment injury recognized as such by the Commission de la santé et de la sécurité du travail;
- b) during a study leave with or without pay;
- c) during a leave of absence for union activities as provided in article 3-3.00 or 3-4.00;
- d) during a leave of absence covered by article 7-4.00;
- e) during the first twenty-four (24) months of an employee's illness or accident;
- f) during an employee's suspension;
- g) during a period of placement on availability;
- h) during a period of temporary layoff;
- i) during a leave of absence without pay other than those provided for in this clause, and this, for a maximum duration of thirty (30) days per contractual year;
- j) during a sabbatical leave with deferred or anticipated salary;
- k) during the first twenty-four (24) months of a provisional assignment to another category of personnel;

- l) during a loan of service as provided for in clause 5-6.13 or article 5-11.00;
- m) during a gradual retirement leave covered by article 7-18.00;
- n) during a leave of absence for family reasons as provided for in clauses 7-16.07 and 7-16.08.

5-3.05

Seniority shall cease to accumulate but shall remain to the employee's credit:

- a) during the exercise of a public office;
- b) notwithstanding clause 5-3.06 b), during a period of layoff of an employee benefiting from the employment priority, and this, for as long as he remains on the list of the Placement Office;
- c) for the portion of the leave without pay exceeding thirty (30) days as stipulated in clause 5-3.04 i);
- d) for the portion of the sick or accident leave exceeding the twenty-four (24) month period provided in clause 5-3.04 e);
- e) for the portion of a provisional assignment exceeding the twenty-four (24) month period provided for in clause 5-3.04 k).

5-3.06

Seniority shall be lost:

- a) when an employee resigns;
- b) when the employee's job terminates;
- c) when the employee is dismissed.

Article 5-4.00 - Elimination of a Position Having an Incumbent**5-4.01**

Twice a year, on the last working day of May and on the last working day of November, the College shall provide the Union, for consultation purposes, with a list of positions which it intends to eliminate in the period concerned and also the foreseen dates of those eliminations. That consultation occurs within the L.R.C. and finishes within thirty (30) days following each of the two (2) above-mentioned dates.

For the purposes of this article, an excessive work load cannot fall onto an employee solely because of the elimination of a position.

5-4.02

Should a position be eliminated, the College must inform the Union and the employee concerned at least thirty (30) days before the elimination takes effect.

5-4.03

For the purposes of applying clauses 5-4.04 to 5-4-06, the following provisions shall apply:

- a) When a position must be eliminated or an employee must be displaced, the College shall send the Union and the employee concerned a list of positions that are vacant or that have an incumbent, representing a transfer or a demotion for the employee, among which he has to choose. The College shall indicate the positions for which it believes the employee meets the normal requirements. These requirements must be relevant to and associated with the position concerned.
- b) In all cases, an employee must meet the normal requirements of the position to be obtained.
- c) In all cases, the displacement of an employee shall be possible only if the displaced employee has less seniority than the employee displacing him.
- d) If more than one employee chooses the same position, the position shall be given to the employee with the most seniority.
- e) Solely for the purposes of this article, "department" shall mean a group of employees under the authority of the same immediate supervisor.
- f) A regular employee may not displace an employee who holds a position with temporary layoff and vice versa.
- g) A regular employee who holds a position in an employment class provided for in Appendix "2" shall not be obliged to displace an employee who holds a position in an employment class provided for in Appendix "3" or to accept a vacant position from an employment class provided for in Appendix "3", or vice versa.
- h) If the displacement process results in a demotion, the employee's employment class and salary progression shall be maintained. This employee shall then be obliged to accept a position in his employment class as soon as the College offers him such a position, provided he has more seniority than an employee on availability covered by paragraph 1. of clause 5-2.09.
- i) The College may not force a regular full-time employee to become a regular part-time employee.

5-4.04 Displacement process for full-time employees with job security

A full-time employee with job security whose position is eliminated or who is displaced by another employee shall be subject to the following displacement process:

1. The employee shall be obliged to:

- displace the full-time employee with the least seniority who holds a position in his employment class in his department. If the displacing employee is the full-time employee with the least seniority in his employment class in his department, he may choose to displace the full-time employee with the least seniority who holds a position from another employment class in his department;
 - or
 - displace the full-time employee with the least seniority who holds a position in his employment class at the College;
 - or
 - accept a full-time vacant or newly created position in his employment class.
2. If it is impossible to make a choice according to paragraph #1. of this clause, the employee shall be obliged to:
- displace the full-time employee with the least seniority who holds a position in another employment class at the College;
 - or
 - accept a full-time position that is vacant or newly created in another employment class.

If an employee cannot displace another employee or cannot obtain a vacant or newly created position, he shall be notified by the College that he will be placed on availability.

5-4.05 Displacement process for part-time employees with job security

A part-time employee with job security whose position is eliminated or who is displaced by another employee shall be subject to the following displacement process:

1. The employee shall be obliged to:
 - displace the part-time employee with the least seniority who holds a position in his employment class in his department. If the displacing employee is the employee with the least seniority in his employment class in his department, he may choose to displace the part-time employee with the least seniority who holds a position in another employment class in his department;
 - or
 - displace the part-time employee with the least seniority who holds a position in his employment class at the College;
 - or
 - accept a part-time position that is vacant or newly created in his employment class.
2. If it is impossible to make a choice according to paragraph #1 of this clause, the employee shall be obliged to displace the employee with the least seniority who holds a position in his employment class and who does not have job security, irrespective of the number of hours of the position, provided the displaced employee has less seniority.
3. If it is impossible to make a choice according to paragraph #2 of this clause, the employee shall be obliged to:
 - displace the part-time employee with the least seniority who holds a position in another employment class at the College;
 - or
 - accept a part-time position that is vacant or newly created in another employment class.
4. If it is impossible to make a choice according to paragraph #3 of this clause, the employee shall be obliged to displace the employee with the least seniority who holds a position in another employment class and who does not have job security, irrespective of the number of hours of the position.

If an employee cannot displace another employee or cannot obtain a vacant or newly created position, he shall be notified by the College that he will be placed on availability.

Notwithstanding the foregoing, a part-time employee with job security whose position is eliminated or who is displaced shall not be obliged to accept a position with fewer hours than the position he held, except in cases of displacement of an employee who does not have job security, as provided for in paragraphs #2 and #4 of this clause.

However, if the employee's choice involves obtaining a position that has fewer regular hours than the position he held, the employee shall be entitled to salary protection based on the number of hours of the position he held. In such a case, the employee entitled to such protection shall be subject to clause 5-6.03 for purposes of assignment regarding the difference between the number of hours of the position he held and his new position. However, this employee shall be obliged to accept a position whose hours are equal to or greater than the number of hours of the position he held as soon as the College offers him such a position.

5-4.06 Displacement process for employees with employment priority

An employee who has employment priority and whose position is eliminated or who is displaced by another employee may displace an employee with the least seniority who is an incumbent of a position in his employment class.

5-4.07

Upon receiving the notice provided for by clause 5-4.02, the employee benefits of five (5) working days to give the College, in writing, his choice of displacing or his acceptance of a vacant position. Then, each displaced employee benefits of the same delay, if necessary.

If the College refuses the employee's choice, the employee shall have, as of the date of the College's refusal, a period of five (5) working days to make a final choice.

However, if an employee with job security whose position is eliminated or who is displaced cannot obtain a vacant or newly created position in his employment class, he may notify the College of his intention to be placed on availability instead of the employee who would be placed on availability at the end of the process. If applicable, the College shall inform the employee in writing of the possibility of his placement on availability via substitution. The employee shall then have five (5) working days to notify the College in writing to confirm or reverse his decision.

5-4.08

If an employee refuses a vacant or newly created position or refuses to displace another employee, he shall be considered as having resigned and is not entitled to the severance pay.

Notwithstanding the previous paragraph, when a College includes more than one establishment, the employee does not have to displace another employee or obtain a vacant position in an establishment situated more than fifty (50) kilometers from his own.

5-4.09

The full-time employee who is entitled to employment security may, if he so wishes and if the College so agrees, become a part-time employee. The full-time position shall then

become a part-time position and the provisions concerning the elimination and creation of positions shall not apply.

5-4.10

The displacement or the placement on availability provided for in this article must be preceded by at least a five (5) working day advance notice with a copy to the Union.

In the event of a layoff, this advance notice must comply with the provisions of the *Act respecting Labour Standards* (R.S.Q., c. N-1.1).

A displacement, placement on availability or layoff shall take effect on the date the position is eliminated or on the date the displacement process is completed, whichever is later.

5-4.11 Early retirement

In order to prevent placement on availability or to diminish the number of employees to be placed on availability, the College may offer an early retirement leave with pay to an employee who is eligible for it according to the terms provided hereinafter. This may involve the transfer of one or more employees. The salary at the time of the early retirement is that which the employee would earn if he were still in the employ of the College. It is the employee's privilege to accept or refuse this early retirement.

The maximum duration of the early retirement leave of absence shall be one (1) year and only the employee who pledges to retire at the end of such a leave of absence shall be eligible.

5-4.12 Severance pay

At the time of his placement on availability and during the time that he remains on availability, the employee may choose to receive severance pay equal to one (1) month's salary for every complete year of service up to a maximum of six (6) month's salary. This payment shall be administered by the College at the time the employment of the employee is terminated.

The granting of such a premium cannot be obtained more than once by the same employee in the Education sector. Moreover, the employee cannot obtain a job in the Education sector for one (1) year beginning from the date on which he received the severance payment.

5-4.13 Special arbitration procedure

The parties agree to institute a special arbitration procedure in order to convey to arbitration any grievance of an employee who believes himself wronged in his rights recognized by articles 5-5.00 and 5-6.00.

The employee or the Union that wants to file a grievance must submit it in writing to the first arbitrator thus sending it to the Records Office of the Education Arbitration Boards within the thirty (30) working days following the event that gives rise to the grievance. A copy of the grievance must be sent simultaneously to the College(s) involved.

The provisions in article 9-2.00 do apply, with the exception of clause 9-2.01. The board's decision is final and binds the employee, the Union(s) and the College(s) concerned.

Article 5-5.00 - Employment Priority and Engagement Priority

5-5.01

This article shall apply to the regular full-time employee who has completed sixty (60) days worked or paid for and to the regular part-time employee who has completed ninety (90) days worked or paid for who is laid off by virtue of article 5-4.00. It will not apply to the employee covered by article 5-6.00.

Employment Priority

5-5.02

The regular employee shall retain, without salary, for a period of two (2) years, employment priority as provided for in clause 5-2.09.

5-5.03

The employee concerned by clause 5-5.01, to whom an offer of employment has been made through registered mail benefits from a delay of ten (10) working days to accept. For lack of an affirmative answer, his name is removed from the list of the Placement Office under reserve of clause 5-5.07.

5-5.04

In his new place of employment, he shall maintain his status as a regular employee, his bank of sick-leave days without cash surrender value, as well as the accumulated seniority.

5-5.05

His name shall also be removed from the list of the Placement Office if the employee renounces employment priority or if the Placement Office cannot contact him after having sent two (2) registered letters to his last known address during one (1) calendar month.

5-5.06

For the purposes of employment priority, the zone of each College shall be defined as per Appendix "6".

5-5.07

For the purposes of applying this article:

- a) An employee does not have to accept a position in a College from another zone.
- b) An employee of a French language college who is offered a position in an English language college does not have to accept the position.

- c) An employee from an English language college who is offered a position in a French language college does not have to accept the position.

5-6.02

Moreover, when the College decides to create a position to maintain the activities of a specific project, the last occasional employee hired for this specific project and who obtains the position shall receive recognition for the time worked or paid during this project for the purposes of job security.

Such an employee is obliged to accept a position in his class of employment as soon as a position for which the number of working hours is equal to or greater than that of his former position is offered, as long as he meets the normal requirements of the position and has more

seniority than an employee placed on availability to whom paragraphs 1. of clauses 5-2.08 and 5-2.09 applies.

5-6.05

The employee placed on availability to whom an offer for a position is made through registered mail shall benefit from a ten (10) day delay to accept or refuse the position. Failure to reply shall be considered as a refusal.

In the case of a refusal and if the refusal concerns a position in his College or in a College from the same zone, this employee shall be considered as having resigned.

5-6.06

An employee relocated in another College of the same zone shall retain, for the purpose of a later relocation, the zone of the College which was his employer at the time of his first placement on availability.

5-6.07

5-6.08

When an employee is relocated according to the provisions of this article, he shall maintain his status as a regular employee, his accumulated seniority, as well as his bank of sick leave days without cash surrender value and, if his new employer agrees, his sabbatical leave with deferred or anticipated salary. he shall also be considered as having submitted his resignation to his former college at the time he is relocated.

5-6.15

Clauses 5-6.13 and 5-6.14 may be modified subject to a local agreement between the parties.

Article 5-8.00 - Disciplinary Measures**5-8.01**

Any disciplinary measure must be the subject of a written notice addressed to the employee concerned and containing an explanation of the reasons for such measure. Simultaneously the College informs, in writing, the Union of the disciplinary measure.

However, if during the two (2) working days following the sending of the notice to the employee, this employee does not object in writing to the disclosing of the reasons for the disciplinary measure to the Union, the College shall send to the Union a true copy of the notice to the employee.

5-8.02

Any employee who receives a letter of reprimand or who is suspended or dismissed, these being the only disciplinary measures possible, may submit his case to the regular grievance procedure. In the case of suspension, it shall be limited in time.

5-8.03

A suspension shall not interrupt an employee's continuous service.

5-8.04

In case of arbitration, the College must establish that the letter of reprimand, suspension or dismissal is for just and sufficient cause.

5-8.05

In the case where the College, through its authorized representative, decides to summon an employee with a view to imposing a disciplinary measure, this employee must receive advance notice of at least twenty-four (24) hours specifying the time and place where he must present himself, the nature of the accusation brought against him and the fact that he may, if he so desires, be accompanied by a union representative. Each time the College summons an employee, it must so advise the Union immediately. Nevertheless, in certain serious cases, the College may convene an employee without respecting the twenty-four (24) hour notice; in this case, the Union must be advised immediately.

5-8.06

No admission of guilt signed by the employee may be used against him in front of an arbitration court unless it involves:

- a) an admission of guilt signed in the presence of a union representative;
- b) an admission of guilt signed in the absence of a union representative but not repudiated in writing by the employee within the three (3) working days following the signing.

5-8.07

In a case of dismissal, if there is a protest by means of the grievance procedure, as long as the grievance has not been settled, the College may not restore to the employee the benefits to which he is entitled.

5-8.08

In the case of the contributory collective insurance and pension plans, as long as the regulations permit and as long as the suspended or dismissed employee continues to pay his contributions, the College must also maintain its contributions for the benefit of the employee. If the employee's dismissal is upheld by arbitral decision, both the College's and the employee's contributions shall terminate immediately.

5-8.09

No offence can be held against an employee after one (1) year has elapsed from the time of said offence, provided that there has not been a similar offence during the year (12 months).

5-8.10

Any disciplinary measure imposed after thirty (30) days of the incident that gave rise to it, or of the College's knowledge of it, shall be nullified for the purposes of the agreement.

However, this provision may not annul the plurality of incidents, similar or not, which could give rise to a disciplinary measure, and this, subject to the prescription provided in clause 5-8.09.

Article 5-9.00 - Temporary Layoff**5-9.01**

Because of periodical slowdown or of the seasonal suspension of activities of the sectors described in clause 5-9.02, the College may proceed to temporary layoffs.

A temporary layoff shall not be considered as an elimination of a position such as described in article 5-4.00.

5-9.02

The sectors affected by this article are the following:

- arena;
- auditorium;
- cafeteria;
- sports centre;
- residence.

The College may also create positions with temporary layoffs in sectors other than those mentioned in the previous paragraph, and this, in compliance with Appendix "15".

5-9.03

After consulting the L.R.C., the College may, each year between May 15 and August 31, proceed to such temporary layoffs. The duration of the temporary layoff may vary from one employee to the other but it must be predetermined.

The College may also proceed to temporary layoffs outside of the period described in the preceding paragraph. The duration of such layoffs must be predetermined and may not be less than one (1) month.

5-9.04

If, in the same sector, more than one employee doing the same function is likely to be temporarily laid off, the temporary layoffs shall be done in reverse order of seniority and the recalls to work shall be done according to seniority.

5-9.05

The College shall inform in writing each employee concerned of the date of coming into force and of the approximate duration of such a temporary layoff.

5-9.06

During such a temporary layoff, the employee shall continue to participate in the basic health insurance plan by paying his share of the annual premium, and this, before the beginning of his temporary layoff. he may also continue to participate in the other group insurance plans, if the master policies so allow, provided that he so informs the College and that he pays his share of the annual premium, and this, before the beginning of his temporary layoff.

5-9.07

The employee continues to accumulate seniority and to benefit from the payment of legal holidays according to clause 7-5.02 for the period during which he is temporarily laid off.

5-9.08

The period during which an employee is temporarily laid off never constitutes a breaking off of the employment bond. Nevertheless, under reserve of clause 5-6.02, the period during which an employee is temporarily laid off is not counted for purposes of employment security acquisition.

5-9.09

The employee who wants to do occasional work during the time of his temporary layoff, informs the College in writing of this before he leaves. The College will then offer the concerned employees to do occasional work in accordance with the seniority order.

If the employee refuses such an offer, the College is not obliged to present him any other offer for the rest of his temporary layoff period.

5-9.10

Subject to the provisions of articles 5-4.00, 5-5.00 and 5-6.00, the employee resumes his position at the end of his temporary layoff.

The duration of the provisional assignment shall not exceed twenty-four (24) months.

5-10.03

Any provisional assignment of an employee shall be full-time or part-time and to one category of personnel at the same time.

5-10.04

During any provisional assignment, the employee is released from his position for the entire duration of the provisional assignment and in a proportion equivalent to his assignment.

The working conditions of the category of personnel to which he is assigned shall apply for the released part of his position.

However, the concerned employee shall remain covered by the group insurance plans (life insurance, health insurance and long term salary insurance) of the support personnel.

5-10.05

At the end of his provisional assignment, the employee, who is not placed on availability, resumes his position with all the rights and benefits, as if he had never left his category of personnel.

At the end of his provisional assignment, the employee placed on availability is reintegrated into his category of personnel as an employee on availability with all the rights and benefits as if he had never left his category of personnel.

5-10.06

Any provisional assignment may not cancel nor prevent a placement on availability.

5-10.07

During his provisional assignment, the employee remains covered by the provisions concerning the relocation provided for in article 5-6.00. If the employee must accept a position by virtue of the employment security provisions, he does not have to occupy it before the end of his provisional assignment.

5-10.08

The employee may decide to terminate his provisional assignment before the date provided for subject to an advance notice of two (2) months.

5-11.04

The employee or the College may terminate a loan of service before the scheduled date of return by giving advance notice of at least one (1) month.

5-11.05

At the end of the loan of service, the employee shall be reinstated in his position with his rights, benefits and privileges, subject to the provisions of the collective agreement, as though he had never been on loan of service.

Article 6-1.00 - Particular Provisions Concerning Experience Acquired in 1983

6-1.01

Article 6-2.00 - Determination of the Class of Employment and Salary upon Engagement

6-2.01

As of the time of engagement by the College, the employee shall be assigned a class of employment based on the nature of the work and on the characteristic functions which he is customarily and principally required to perform. The class of employment must correspond to one of the classes of employment in the classification plan and to the position posted according to clause 5-1.07 of which he becomes the incumbent.

This employee shall be integrated into the scale or salary rate corresponding to his class of employment.

6-2.02

The College shall determine the new employee's step, in the said salary scale, according to his schooling and his experience following the terms and conditions of this article. However, for the purposes of engagement only, the last fraction of the year of experience greater than nine (9) months shall equal one year of experience.

6-2.03

The step shall normally correspond to a complete year of recognized experience. It shall indicate the level of salaries within the scale provided for each class.

6-2.04

An employee who only possesses the minimum qualifications required to enter a class of employment shall be engaged at the first step of the class.

6-2.05

However, an employee who possesses more years of experience than the minimum required for the class of employment shall be granted one (1) step per additional year of experience, provided that this experience is deemed valid and directly relevant to the functions described in the class of employment.

The experience required in each class of employment shall constitute a minimum. In all cases, it shall involve the years of experience which prepare the candidate to carry out the function.

In order to be recognized for purposes of determining the step in a class of employment, the experience must be relevant and must have been acquired in a class of employment of an equivalent or higher level than this class of employment, taking into account the requirements of the class of employment.

The relevant experience acquired in a class of employment of a level lower than the employee's class of employment may be used solely to meet the requirements of the class of employment.

6-2.06

Also, an employee who has successfully acquired in an officially recognized institution more years of schooling than the minimum required, shall be granted two (2) steps for each year of schooling in addition to the minimum required.

Article 6-3.00 - Rules Concerning the Advancement in Step

6-3.02

The first advancement shall be granted at the beginning of the first pay period in January or July which follows the effective date of engagement by at least nine (9) months.

6-3.03

Thereafter the advancement from one step to another occurs every year at a date established in accordance with clause 6-3.02, provided that the employee has completed six (6) months worked or paid for in the twelve (12) months preceding this date.

An employee who does not obtain an advancement in step on his annual date may obtain it six (6) months later if he can establish that on this date of annual advancement in step he completed six (6) months worked or paid during the preceding twelve (12) months. This date shall then become his date of annual advancement in step.

6-3.04

A change in class of employment shall have no bearing on the date of the advancement in step.

6-3.05

An accelerated advancement of two (2) additional steps shall be granted on the stipulated date of advancement when the employee has successfully completed occupational studies of a duration equivalent to one (1) full-time year, provided that these studies are deemed

directly relevant by the College and above the educational qualifications required for the class of employment to which the employee belongs.

6-3.06

Notwithstanding the provisions of clause 2-3.02, the part-time employee shall benefit from the annual advancement in step according to the provisions of the present article.

Article 6-5.00 - Creation of New Classes of Employment and Modification to the Classification Plan**6-5.01**

If, during the period of this agreement, the College ascertains that the classification plan does not seem to correspond to a duty performed by one or more employees, it then refers the problem to the national employer party, who shall consult the national union party.

If a new class of employment is created, the national employer party shall establish the salary of this new class of employment and shall so notify the national union party. The new class of employment shall become part of the classification plan.

6-5.02

Once the salary is established according to clause 6-5.01, the national parties shall meet within the shortest delay possible in order to discuss and agree upon said salary.

6-5.03

In case of disagreement on said salary, the Union concerned by the new class of employment may, within the thirty (30) working days following the meeting of the national parties provided for in clause 6-5.02, request that one of the arbitrators named in article 9-2.00 decide on the salary to be assigned to the new class of employment, taking into account the salary associated with similar classes of employment in the sectors provided for in the *Act respecting the process of negotiation of the collective agreements in the public and parapublic sectors* (R.S.Q., c. R-8.2).

6-5.04

The definite salary of the new class of employment shall be retroactive to the earliest of the following dates:

- the date on which the employer requests the creation of the new class of employment;
- or
- the date on which the employee effectively assumes the responsibilities of his new class of employment.

6-5.05

Subject to the present article, the national employer party undertakes not to modify the classification plan without first consulting the national union party.

In the case where a modification of the classification plan during the agreement causes the demotion of an employee, the latter retains the evolutive salary corresponding to his former class of employment.

Article 6-6.00 - Premiums**6-6.01**

Each rate and salary scale in effect on March 31, 2012 shall be increased, effective April 1, 2012, by a percentage equal to 1.0%.

The percentage determined in the previous paragraph is increased, as of April 1, 2012, by 1.25 times the difference between the cumulative growth (sum of annual variations) of Quebec's nominal gross domestic product (GDP)¹ based on Statistics Canada data for 2010 and 2011² and cumulative growth predictions (sum of annual variations) of Quebec's nominal GDP for the same years, established at 3.8% for 2010 and 4.5% for 2011. However, the increase calculated in this manner cannot exceed 0.5%.

The increase provided for in the previous paragraph is applied on the salary of employees within sixty (60) days following the publication of Statistics Canada data on Quebec's nominal GDP for 2011.

6-7.04 Period from April 1, 2013 to March 31, 2014

Each salary scale in effect on March 31, 2013 shall be increased, effective April 1, 2013, by a percentage equal to 1.75%.

The percentage determined in the previous paragraph is increased, as of April 1, 2013, by 1.25 times the difference between the cumulative growth (sum of annual variations) of Quebec's nominal gross domestic product (GDP)¹ based on Statistics Canada data for 2010, 2011 and 2012³ and cumulative growth predictions (sum of annual variations) of Quebec's nominal GDP for the same years, established at 3.8% for 2010, 4.5% for 2011 and 4.4% for 2012. However, the increase calculated in this manner cannot exceed 2.0% minus the increase granted on April 1, 2012 as per the second paragraph of clause 6-7.03.

The increase provided for in the previous paragraph is applied on the salary of employees within sixty (60) days following the publication of Statistics Canada data on Quebec's nominal GDP for 2012.

6-7.05 Period from April 1, 2014 to March 31, 2015

Each salary scale in effect on March 31, 2014 shall be increased, effective April 1, 2014, by a percentage equal to 2.0%.

The percentage determined in the previous paragraph is increased, as of April 1, 2014, by 1.25 times the difference between the cumulative growth (sum of annual variations) of Quebec's nominal gross domestic product (GDP)¹ based on Statistics Canada data for 2010, 2011, 2012 and 2013⁴ and cumulative growth predictions (sum of annual

However, the increase calculated in this manner cannot exceed 3.5% minus the increase granted on April 1, 2012 as per the second paragraph of clause 6-7.03 and the increase granted on April 1, 2013 as per the second paragraph of clause 6-7.04.

The increase provided for in the previous paragraph is applied on the salary of employees within sixty (60) days following the publication of Statistics Canada data on Quebec's nominal GDP for 2013.

6-7.06 Adjustment as of March 31, 2015

Each rate and salary scale in effect on March 30, 2015 is increased, as of March 31, 2015, by a percentage equal to the difference between the cumulative variation (sum of annual variations) and the consumer price index¹ for Quebec based on Statistics Canada data for the 2010-2011, 2011-2012, 2012-2013, 2013-2014 and 2014-2015² collective agreement years, and the cumulative pay parameters (sum of annual parameters) determined in clauses 6-7.01 to 6-7.05, including adjustments from nominal GDP growth. However, the increase calculated in this manner cannot exceed 1.0%.

6-7.07 Applicable salary rates and scales

The rates and salary scales applicable to the periods indicated in the preceding clauses are found in Appendices "2", "3" and "4".

Out-rate or out-scale employees

6-7.08

The employee whose salary rate on the day preceding the date on which the salary scales and rates are increased, is higher than the single rate or the maximum of the salary scale in effect for his class of employment shall benefit, on the date on which the salary scales and rates are increased, from a minimum rate of increase which is equal to half of the percentage of increase applicable on April 1 of the period concerned in relation to the preceding March 31, at the single salary rate or step situated at the maximum of the scale on the preceding March 31, corresponding to his class of employment.

6-7.09

If the application of the minimum rate of increase determined in clause 6-7.08 has the effect of situating on April 1 an employee who was out-scale or out-rate on March 31 of the preceding year, at a salary which is lower than the maximum step of the scale or single salary rate corresponding to his class of employment, this minimum rate of increase is brought to the percentage necessary to permit the employee to reach this step or the single salary rate.

¹ Consumer price index for Quebec. Source: Statistics Canada, CANSIM, table 326-0020, serial number CANSIM v41691783.

² For each year of the collective agreement, the annual variation of the consumer price index is equal to the variation between the average indexes for the months of April to March of the collective agreement year and the average indexes for the previous months of April to March.

6-7.10

The difference between, on the one hand, the percentage increase of the maximum salary step or the single salary rate corresponding to the class of employment of the employee and, on the other hand, the minimum rate of increase established in accordance with clauses 6-7.08 and 6-7.09 is paid to him as a lump sum payment calculated on the basis of his salary rate on March 31.

6-7.11

The lump sum payment provided for in clause 6-7.10 shall be spread over and paid on each pay period in proportion to the regular hours remunerated for the period concerned.

Article 6-8.00 - Credit Union**6-8.01**

The College shall consent, upon a written authorization received from the employee, to deduct at the source any payment which is to be made to a credit union or "caisse populaire" on the condition that said authorization be for a minimum period of six (6) months.

6-8.02

The deduction periods shall be from July to December inclusively and from January to June inclusively.

One (1) month before the first deduction is to be made, the College must have received a form signed by the employee which gives all the relevant information.

6-8.03

The amounts deducted will be deposited in the credit union or "caisse populaire" on the pay day.

Article 6-9.00 - Modes of Payment of Salary**6-9.01**

The employee's salary shall be paid according to the terms and conditions which existed at the date of expiry of the 2005-2010 Collective Agreement. However, if a pay day falls on a public holiday, the pay will be distributed on the preceding working day.

6-9.02

The parties may agree on any other method for the payment of salary, including the payment of salary through a banking institution chosen by the employee.

6-9.03

The pay slip must provide at least the following information:

- the College's name;
- the employee's surname and given name;
- the identification of the employee's job;

- the date of payment and the work period corresponding to the payment;
- the number of hours paid at the basic rate;
- the number of overtime hours paid, with the applicable increase;
- the nature and the amount of premiums, indemnities, allocations or commissions paid out;
- the applicable salary rate;
- the amount of gross salary;
- the nature and amount of deductions made;
- the amount of the net salary paid to the employee;
- the accumulated amounts.

6-9.04

All the amounts paid to an employee, other than those aforementioned, shall be paid by a separate cheque or according to the established procedure at the College.

6-9.05

When the employee leaves on vacation, he shall receive the cheque(s) which he would normally receive during this period. The cheque(s) must be negotiable at the beginning of his holidays.

6-9.06

When the employee leaves the service of the College, the latter shall pay any amount owing to him at the time of his departure. If this is impossible, the College must do so during the pay period following the employee's departure.

A statement detailing the amounts paid in form of salary and fringe benefits must accompany the payment.

Furthermore the College must give all the necessary information concerning the procedure for withdrawals from the retirement plan (RREGOP, TPP, CSSP).

6-9.07

The College undertakes to indicate on the income tax slips the total union dues paid by an employee during a calendar year.

Article 6-10.00 - Amounts to be Collected**6-10.01**

When the College has overpaid an employee, it shall send him a written notice to this effect, with a copy to the Union.

The College may only establish the terms and conditions of repayment after agreement with the employee; in the absence of an agreement and after consultation with the Union, the College shall proceed.

However, it may not deduct more than ten per cent (10%) of the gross salary of the employee's pay, and this until the amount has been completely recuperated.

The employee must pay the interest normally exacted by a local "caisse populaire" for a loan of the same amount for the duration of the repayment, and this starting on the thirtieth (30th) day of the reclamation.

6-10.02

If the College, for any reason, has not paid all the amounts due to an employee, it shall pay the employee these amounts, as well as the interest that it would normally pay on a loan of the same amount with a local "caisse populaire", as of the thirtieth (30th) day following the date on which the sum is due.

6-10.03

This article may be modified subject to a local agreement between the parties.

The regular number of working hours for the employment classes provided for in Appendix "3" shall be thirty-eight hours and forty-five minutes (38h.45m.) per week or seven hours and forty-five minutes (7h.45m.) per day.

7-1.02

Employees shall be entitled to a period of at least one (1) hour without pay, up to a maximum of one and one-half (1½) hours, for their meal.

7-1.03

The employees whose duties require them to be continually available in their working area shall benefit from a period of half (1/2) an hour with pay within their working hours for their meal.

7-1.04

The employee shall be entitled to a fifteen (15) minute rest period with pay per half-day of work.

Article 7-2.00 - Working Schedules

7-2.01

The regular workweek shall consist of five (5) consecutive working days followed by two (2) consecutive days off.

7-2.02

The College shall determine or change the working schedules.

The schedule of the support personnel shall be established for at least one term.

During the term, the schedules cannot be modified except through an agreement between the College and the employee. However, the College shall determine the schedule of any vacant or newly created position.

The determination of the schedules shall take into account, as they apply, the following provisions:

- a) the maximum scheduling time for laboratory personnel (technicians, laboratory assistants and storekeepers) is from 7:30 a.m. until 11:00 p.m., but only exceeding 6:00 p.m. when necessary.

The determination of the schedules may cause the schedule of an employee to vary from one day to another;

- b) with the exception of the personnel provided for in Appendix "3", the scheduling time for personnel assigned to the adult education service, the library, the audio-visual service and the auxiliary services (cafeteria, residence, gymnasium, swimming pool, auditorium, arena) shall be a maximum period of ten (10) hours, from 7:30 a.m. to 6:00 p.m. or from 1:00 p.m. to 11:00 p.m.;

- d) should a change have to be made in the schedule of one or several employees among a group of employees who, in a department or service, exert the same functions, such new schedules shall be offered by order of priority to the employees assuming family responsibilities within the meaning of the *Act respecting Labour Standards* (R.S.Q., c. N-1.1) and this, according to seniority. In case of refusal, the College shall modify the schedule of the employee or employees with the least seniority.

In the case of priority given to employees assuming family responsibilities, the employee shall provide the College, upon request, with a document attesting to these responsibilities;

- e) notwithstanding the preceding paragraphs a), b), c) and d), the schedules in force at the date of signing of the collective agreement shall be maintained, unless the College modifies them in accordance with the provisions set forth in this clause;
- f) there must be a minimum of twelve (12) hours between the end of a normal working day and the beginning of the next normal working day.

7-2.03

The College may not schedule split shifts without having first reached an agreement with the employee or employees concerned and the Union.

7-2.04

The parties may agree by local agreement to set up a program to modify work schedules.

Where applicable, during the determination of the related schedules, the program shall provide for the granting of a priority to employees assuming family responsibilities within the meaning of the *Act respecting Labour Standards* (R.S.Q., c. N-1.1). The employee shall provide the College, upon request, with a document attesting to these responsibilities.

The work schedules resulting from this program must, on an annual basis, respect the number of working hours per week as provided for in clause 7-1.01.

The individual work schedule resulting from the implementation of this program shall become the regular working hours for the employee concerned.

7-2.05 Voluntary Working Time Reduction Program

The parties may agree on a voluntary working time reduction program.

Where applicable, during the determination of the related working schedules, the program shall provide for the granting of a priority to employees assuming family responsibilities within the meaning of the *Act respecting Labour Standards* (R.S.Q., c. N-1.1). The employee shall provide the College, upon request, with a document attesting to these responsibilities.

The local parties may agree, as part of this program, to terms and conditions that are different from those provided for in the collective agreement for the following topics:

- Article 5-3.00 - Seniority;
- Article 7-3.00 - Overtime;
- Article 7-5.00 – Legal Holidays;
- Article 7-6.00 – Annual Holidays Quanta;
- Clause 7-14.36 – Bank of Sick-Leave Days.

During the program, the College shall continue to pay its contribution to the pension plan as though the employee had not been participating in the program, to the extent where the employee pays his contribution.

Article 7-3.00 - Overtime

7-3.01

Any work which the College requires a full-time employee to perform outside his regular working hours, workday or workweek, as outlined in articles 7-1.00 and 7-2.00 shall be considered as overtime.

This article applies to a part-time employee from the moment when the number of hours worked exceeds hours in a regular workday or week, as defined in articles 7-1.00 and 7-2.00.

7-3.02

The overtime work shall be offered to the employee who usually performs the work for which the overtime work is required.

Overtime work is optional, unless agreed upon by the parties. Should an employee refuse to work overtime, the College may compel the employee most capable of assuming the task and having the least seniority, to work the required overtime.

7-3.03

If the work can be performed by anyone of several employees having the same function, an equitable distribution of overtime hours must be assured by means of rotation.

In unforeseen circumstances, the College may offer the overtime to the employees who are already on the job.

The College and the Union may agree upon a means of distributing overtime work equitably.

7-3.04

The compensation in time of overtime must be executed within a delay not exceeding the annual holiday period of the employee. The choice of the moment of compensation in time of overtime must take place after an agreement between the College and the employee has been reached.

In the absence of an agreement, the choice must be made at the latest on April 30 of each year. The employee shall submit his choice to the College, which shall take into account the choice of the employee subject to the needs of the service.

7-3.05

Overtime shall be compensated in time. It may however be remunerated in money if the employee so demands.

7-3.06

If overtime is remunerated, it shall be paid in the pay period subsequent to the one during which the work was done, unless an agreement to the contrary is reached between the College and the employee.

7-3.07

The overtime shall be compensated in time at the rate of one hundred and fifty per cent (150%) of the time worked, except for the legal and paid holidays on which the overtime shall be compensated at the rate of two hundred per cent (200%) in addition to the payment of the legal and paid holiday, with the exception of the cases provided for in clause 7-5.03. The work executed on the second day of the weekly holidays shall also be compensated in time at the rate of two hundred per cent (200%) of the time worked.

7-3.08

The employee recalled to effectuate overtime work after having left the College shall receive a minimal compensation of two (2) hours at two hundred per cent (200%).

7-3.09

When the overtime is remunerated, the rates provided for in clauses 7-3.07 and 7-3.08 shall apply.

Article 7-4.00 - Parental Rights

Section I - General Provisions

7-4.01

Maternity, paternity or adoption indemnities are solely intended to supplement parental insurance or Employment Insurance benefits, as the case may be, or in the cases stipulated below, to provide payments during a period of leave to which the Québec Parental Insurance Plan (QPIP) or the Employment Insurance Plan (EIP) does not apply.

Maternity, paternity and adoption indemnities shall, however, be paid only during those weeks for which the employee is receiving QPIP or EIP benefits or would be receiving them had he applied for them.

In a case where the employee shares adoption or parental benefits provided by the QPIP and the EIP with his spouse, the indemnity shall be paid only if the employee is actually receiving benefits from one of these plans during the maternity leave provided for in clause 7-4.06, the paternity leave provided for in clause 7-4.22, or the adoption leave provided for in clause 7-4.32.

7-4.02

When both parents are female, the indemnities and advantages granted to the father shall be granted to the mother who did not give birth to the child.

7-4.03

The College shall not reimburse the employee for amounts payable to the Minister of Employment and Social Solidarity under the *Act respecting Parental Insurance* (R.S.Q., c. A-29.011), or to the Human Resources and Skills Development Canada (HRSDC) under the *Employment Insurance Act* (S.C., 1996, c. 23).

7-4.04

The basic weekly salary¹, deferred weekly salary and severance payments shall not be increased or decreased by the amounts received under the QPIP or the supplementary employment insurance benefits plan.

7-4.05

Unless specifically stated otherwise, the present section cannot result in a monetary or non-monetary benefit being conferred on the employee beyond what he or she would derive from remaining at work.

¹ "Basic weekly salary" means the regular salary of the employee including the regular salary supplement for a regularly increased workweek as well as the premiums for responsibility, excluding all other premiums, without any additional remuneration even for overtime.

Section II - Maternity Leave

7-4.06 Eligibility and Duration of a Maternity Leave

A pregnant employee who is eligible for the QPIP shall be entitled to twenty-one (21) weeks of maternity leave which, subject to clause 7-4.10 or 7-4.11, must be taken consecutively.

A pregnant employee who is eligible for the EIP shall be entitled to twenty (20) weeks of maternity leave which, subject to clauses 7-4.10 and 7-4.11, must be taken consecutively.

A pregnant employee who is not eligible for either the QPIP or the EIP shall be entitled to twenty (20) weeks of maternity leave which, subject to clauses 7-4.10 and 7-4.11, must be taken consecutively.

An employee who becomes pregnant while on leave without pay or on partial leave without pay, as provided for under this section, is also entitled to this maternity leave and to the indemnities provided for in clauses 7-4.13, 7-4.14 and 7-4.16, as applicable.

The employee, whose spouse dies, shall be granted the residual of the maternity leave and shall benefit from its rights and compensations.

7-4.07

An employee shall also be entitled to this maternity leave if her pregnancy is interrupted as of the beginning of the twentieth (20th) week before the expected date of delivery.

7-4.08 Proportion of the Maternity Leave

The proportion of the maternity leave the employee will take before and after the delivery belongs to her. This leave shall be simultaneous with the period during which benefits are payable under the *Act respecting Parental Insurance* (R.S.Q., c. A-29.011) and shall begin no later than the week following the beginning of benefits under the QPIP.

An employee who is not eligible for the QPIP shall determine the proportions of her maternity leave she will take before and after the delivery. The day of delivery shall be included in this leave.

7-4.09 Extension of Maternity Leave

If the birth of the child takes place later than the expected date, the employee is entitled to an extension of her maternity leave equal to that of the delay, except if she has at least two (2) weeks of maternity leave remaining after the delivery.

The employee may also be granted an extension of her maternity leave, if her state of health or that of her child so warrants. The duration of this extension shall be as indicated on the medical certificate provided by the employee.

During such extensions, the employee shall be considered on leave without pay and shall receive no indemnities or compensation from the College. During such periods, the employee shall be covered by clause 7-4.52 for the first six (6) weeks and subsequently by clause 7-4.53.

7-4.10 Suspension of Maternity Leave

When the employee has sufficiently recovered from her delivery, but her child is not in a condition to leave the health care institution, she may interrupt her maternity leave and return to work. The suspension shall end when the child is taken home.

When the employee has sufficiently recovered from her delivery, but her child is hospitalized after having left the health care institution, she may, upon agreement with the College, suspend her maternity leave and return to work during the hospitalization period.

7-4.11 Discontinuous maternity leave

In one or the other of the following cases, upon the employee's request, the maternity leave may be broken down into weeks and the maximum number of weeks during which the leave is interrupted shall vary in each case:

- a) If the child is hospitalized: the maximum number of weeks of interruption of maternity leave shall be equivalent to the number of weeks of this hospitalization.
- b) If the employee is on leave because of an accident or illness that is unrelated to the pregnancy: the maximum number of weeks of interruption of maternity leave shall be equivalent to the number of full weeks this situation lasts, up to a maximum of twenty-six (26) weeks within a twelve (12)-month period¹.

However, the employee may be absent from work for a period of not more than one hundred and four (104) weeks if she suffers serious bodily injury during or resulting directly from a criminal offence that renders him unable to hold her regular position. In that case, the period of absence shall not begin before the date on which the criminal offence was committed, or before the expiry of the period provided for in the first paragraph, where applicable, and shall not end later than one hundred and four (104) weeks after the commission of the criminal offence¹.

- c) If the employee is on leave because of a situation covered by sections 79.8 to 79.12 of the *Act respecting Labour Standards* (R.S.Q., c. N-1.1): the maximum number of weeks of interruption of maternity leave shall be equivalent to the number of full weeks this situation lasts, according to the provisions of clause 7-16.08.

During the leaves of absence provided for in this clause, the employee shall be deemed to be on leave without pay and shall not receive any indemnities and benefits from the College. The employee shall enjoy the benefits set out in clause 7-4.53.

7-4.12

When the maternity leave, interrupted or broken down under clauses 7-4.10 and 7-4.11, resumes, the College shall pay the employee any indemnities to which she would have been entitled had she not interrupted or broken down her maternity leave, for the number

¹ Unpaid leave of absence as per article 79.1 of the *Act respecting Labour Standards* (R.S.Q., c. N-1.1).

of weeks remaining under clauses 7-4.13, 7-4.14 and 7-4.16, as the case may be, subject to clause 7-4.01.

7-4.13 Cases eligible for the QPIP

An employee who has accumulated twenty (20) weeks of service¹ and who is eligible for benefits under the QPIP shall also be entitled to receive, for the twenty-one (21) weeks of her maternity leave, an indemnity equal to the difference between ninety-three per cent (93%)² of her basic weekly salary and the amount of maternity or parental benefits she is receiving, or would receive upon request, from the QPIP.

This indemnity is based on the QPIP benefit to which an employee is entitled, without counting the amounts subtracted from such benefit in reimbursement of benefits, interest, penalties and other amounts recoverable under the *Act respecting Parental Insurance* (R.S.Q., c. A-29.011).

However, if a change is made to the amount of the benefit paid by the QPIP following a change in the information provided by the College, the amount of the indemnity shall be adjusted accordingly.

When the employee works for more than one employer, the benefit shall be equal to the difference between ninety-three per cent (93%)² of the basic salary paid by the College and the amount of the QPIP benefit corresponding to the proportion of the basic weekly salary paid with respect to the total basic weekly salaries paid by all of the employers. To this end, the employee shall produce for each employer a statement of the weekly salary paid by each employer and the amount of the benefit payable under the *Act respecting Parental Insurance* (R.S.Q., c. A-29.011).

7-4.14 Cases eligible for the EIP

An employee who has accumulated twenty (20) weeks of service³ and who is eligible for benefits under the EIP, but not eligible for the QPIP, shall be entitled to:

- a) Indemnity equal to ninety-three per cent (93%)⁴ of her basic weekly salary for each week of the waiting period under the Employment Insurance scheme.
- b) For every week following the period provided for in paragraph a), additional indemnity equal to the difference between ninety-three per cent (93%)² of her basic weekly salary and the maternity or parental benefit she receives, or would receive upon request, from the EIP, up until the end of the twentieth (20th) week of maternity leave.

¹ An employee on leave shall accumulate service if her leave is authorized, in particular in the case of a disability, and when a benefit or remuneration is payable.

² Ninety-three per cent (93%): this percentage is based on the fact that an employee in this situation is exempt from making contributions to the pension plans and to the QPIP and to the EIP plans, which is equivalent on average to seven per cent (7%) of her salary.

³ An absent employee accumulates service time, provided her absence has been authorized, notably for disability, and entails the payment of a compensation or other remuneration.

⁴ Ninety-three per cent (93%): this percentage was established to account for the fact that an employee in these circumstances is exempted from Employment Insurance and pension plan contributions, which averages out to seven (7%) of her salary.

Such indemnity is calculated on the basis of the Employment Insurance benefits to which the employee is entitled without consideration of any amounts withheld from these benefits as benefit repayments, interest, penalties or amounts otherwise recoverable under the Employment Insurance scheme.

However, if a change is made to the amount of the benefit paid by the EIP following a change in the information provided by the College, the amount of the indemnity shall be adjusted accordingly.

When an employee works for more than one (1) employer, the indemnity shall be equal to the difference between ninety-three per cent (93%)¹ of her basic weekly salary paid by the College and the percentage of her Employment Insurance benefits corresponding to the proportion of the basic weekly salary paid to her by the College, in proportion to the sum of the basic weekly salaries paid to her by all her employers. For this purpose, the employee shall inform each one of her employers of the weekly salaries paid to her by each employer and at the same time, the total benefits paid to her by HRSDC.

In addition, if HRSDC reduces the number of weeks for which the employee would be entitled to Employment Insurance benefits had she not received such benefits before her maternity leave, the employee continues to receive the indemnity mentioned as the first sub-paragraph of the above paragraph, for a period equal to the number of weeks subtracted by HRSDC, as if she had received Employment Insurance benefits throughout those weeks.

7-4.15

In the cases provided for in clauses 7-4.13 and 7-4.14, the College may not indemnify an employee on maternity leave by means of the indemnity it pays her, for possible reductions of her QPIP or EIP benefits because of income she receives from another employer.

Notwithstanding the provisions of the above paragraph, the College may provide such compensation if the employee can show that her salary is an habitual remuneration, by means of a letter to that effect from the employer paying her. If the employee proves that only a portion of such an income is habitual, compensation applies to no more than that portion.

The College who pays the habitual salary mentioned in the above paragraph must provide the letter at the employee's request.

The total amounts received by an employee as QPIP or EIP benefits and indemnity during her maternity leave may in no case exceed ninety-three (93%) of the basic weekly salary paid by the College or, as the case may be, by her employers.

¹

Ninety-three per cent (93%): this percentage is based on the fact that an employee in this situation is exempt from making contributions to the pension plans and to the QPIP and to the EIP plans, which is equivalent on average to seven per cent (7%) of her salary.

7-4.16 Cases ineligible for both the QPIP and the EIP

An employee who is not entitled to the benefits from either the QPIP or the EIP is also denied the indemnity provided for in clauses 7-4.13 and 7-4.14.

However, a full-time employee who has accumulated twenty (20) weeks of service is entitled to an indemnity equal to ninety-three per cent (93%) of her basic weekly salary for a period of twelve (12) weeks if she is ineligible for benefits from a parental rights plan established by another province or territory.

A part-time employee who has accumulated twenty (20) weeks of service is entitled to indemnity equal to ninety-five per cent (95%) of her basic weekly salary for a period of twelve (12) weeks if she is ineligible for benefits from a parental rights plan established by another province or territory.

If the part-time employee is exempted from making contributions to the pension plan and the QPIP, the indemnity is set at ninety-three per cent (93%) of her basic weekly salary.

7-4.17

Maternity leave may last less than twenty-one (21) weeks or twenty (20) weeks, as the case may be. If the employee returns to work in the two (2) weeks following the delivery, she is required to provide a medical certificate stating that she has recovered sufficiently to resume work, should the College so request.

Section III: Special Pregnancy and Breastfeeding Leave**7-4.18 Interim Assignment and Special Leave**

An employee may request an interim assignment to another position that is vacant or temporarily unfilled in the same class of employment or, with the employee's consent, in another class of employment in the following cases:

- a) she is pregnant and her working conditions entail risks of infectious disease or physical danger to herself or the unborn child;
- b) her working conditions entail danger to the child she is nursing;
- c) she works regularly at a cathode-ray screen.

The employee is required to produce a medical certificate to that effect without delay.

When the College receives a request concerning withdrawal of services for preventive measures, it shall immediately inform the Union of the surname and given name of the employee and the reasons put forth in support of such request.

An employee so reassigned retains the rights and privileges of her regular position.

If she is not immediately reassigned, the employee is entitled to special leave beginning immediately. Unless interim assignment occurs subsequently to put an end to this special leave, it continues for the pregnant employee until her date of delivery, and for the nursing

employee until the end of the nursing period. However, for employees eligible for benefits under the *Act respecting Parental Insurance* (R.S.Q., c. A-29.011), the special leave shall end the fourth (4th) week before the due date.

During the special leave stipulated in this subsection, indemnity is regulated by the provisions of the *Occupational Health and Safety Act* (R.S.Q., c. S-2.1) concerning preventive withdrawal of the pregnant or nursing worker from work.

However, following a written request to that effect, the College shall pay to that employee an advance on the forthcoming indemnity, based on payments which can be anticipated. If the Commission de la santé et de la sécurité du travail (CSST) pays the anticipated indemnity, the College shall be refunded accordingly. If not, the College shall be reimbursed as per the collective agreement's provisions concerning amounts to be collected. However, should the employee choose to apply for a review of the CSST's decision or to contest such decision before the Commission des lésions professionnelles (CLP), reimbursement shall only be payable once the CSST's administrative review decision or, as the case may be, that of the CLP is rendered.

In addition to the previous provisions, upon the employee's request, the College shall study the possibility of modifying temporarily and without loss of any of the employee's rights the duties of an employee assigned to a cathode-ray screen, in order to reduce work at a cathode-ray screen to a maximum of two (2) hours per half-day's work and to assign this employee to other duties for the remainder of her working time.

7-4.19 Other special leaves

An employee is also entitled to special leave in the following cases:

- a) when complications arise during pregnancy or there is a sufficient risk of miscarriage for the employee to be required to stop work for a time specified in a medical certificate; this special leave may not be prolonged beyond the beginning of the fourth (4th) week before the expected date of delivery;
- b) when pregnancy is terminated by natural miscarriage or legal abortion prior to the beginning of the twentieth (20th) week before the expected date of delivery, upon presentation of a medical certificate specifying the duration of the leave;
- c) for visits to a health care professional that are related to the pregnancy, with a supporting medical certificate or a written report signed by a midwife. In this case, the employee shall be granted a special leave with pay, for a maximum of four (4) days. These special leaves may be taken in half-days.

7-4.20

During special leave granted under this article, the employee continues to enjoy the advantages provided for in clause 7-4.52 if she is normally entitled to them, and those provided under clause 7-4.54. An employee who is entitled to special leave under clause 7-4.19 may also avail herself of the benefits of the sick leave or salary insurance plans. In the case of paragraph c) of clause 7-4.19, the employee shall first avail herself of the four (4) days which are provided for.

Section IV - Paternity Leave

7-4.21

An employee whose spouse delivers a child is entitled to a leave with salary for a maximum of five (5) working days for the birth of his child. The employee is also entitled to such leave if his spouse miscarries after the beginning of the twentieth (20th) week prior to the expected date of delivery. While not required to be continuous, this leave must be taken between the beginning of the actual delivery and the fifteenth (15th) day after the mother and child return home.

One (1) of these five (5) days may be taken for the child's christening or registration.

An employee whose spouse delivers a child shall also be entitled to such leave if she is deemed to be one of the child's mothers.

Prior to such a leave, the employee shall notify the College as soon as possible.

7-4.22

Upon the birth of his child, an employee shall also be entitled to paternity leave for a maximum duration of five (5) weeks, which, subject to clauses 7-4.24 and 7-4.25, must be taken consecutively. This leave must end no later than at the end of the fifty-second (52nd) week following the week of the child's birth.

If the employee is eligible for the QPIP or the EIP, this leave shall be simultaneous with the period during which benefits are payable under one of these plans and shall begin no later than the week following the beginning of payment of these benefits.

An employee whose spouse delivers a child shall also be entitled to this leave if she is deemed to be one of the child's mothers.

7-4.23 Extension of paternity leave

An employee who sends the College, before the expiry date of his paternal leave as provided for in clause 7-4.22, a written notice accompanied by a medical certificate attesting to the fact that his child's state of health so requires, shall be entitled to an extension of his paternity leave. The duration of this extension shall be as indicated in the medical certificate.

During this extension, the employee shall be deemed to be on leave without pay and shall receive no indemnities or benefits from the College. The employee shall be covered by clause 7-4.53 during this period.

7-4.24 Interruption of paternity leave

When the child is hospitalized, the employee may interrupt his paternity leave as provided for in clause 7-4.22, upon agreement with the College, and return to work for the duration of the hospitalization.

7-4.25 Discontinuous paternity leave

Upon the employee's request, the paternity leave provided for in clause 7-4.22 may be broken down into weeks and the maximum number of weeks during which the leave is interrupted shall vary in each case:

- a) If the child is hospitalized: the maximum number of weeks of interruption of paternity leave shall be equivalent to the number of weeks of this hospitalization.
- b) If the employee is on leave because of an accident or illness: the maximum number of weeks of interruption of paternity leave shall be equivalent to the number of full weeks this situation lasts, up to a maximum of twenty-six (26) weeks within a twelve (12)-month period¹.

However, the employee may be absent from work for a period of not more than one hundred and four (104) weeks if she suffers serious bodily injury during or resulting directly from a criminal offence that renders him unable to hold her regular position. In that case, the period of absence shall not begin before the date on which the criminal offence was committed, or before the expiry of the period provided for in the first paragraph, where applicable, and shall not end later than one hundred and four (104) weeks after the commission of the criminal offence¹.

- c) If the employee is on leave because of a situation covered by sections 79.8 to 79.12 of the *Act respecting Labour Standards* (R.S.Q., c. N-1.1): the maximum number of weeks of interruption of paternity leave shall be equivalent to the number of full weeks this situation lasts, subject to clause 7-16.09.

During such leaves of absence provided for in this clause, the employee shall be deemed to be on leave without pay and shall not receive any indemnities nor benefits from the College. The employee shall enjoy the benefits set out in clause 7-4.53 during this period.

7-4.26

When the paternity leave interrupted or broken down under clauses 7-4.24 and 7-4.25 resumes, the College shall pay the employee any indemnities to which he would have been entitled had he not interrupted or broken down his paternity leave, for the number of weeks remaining under clause 7-4.22, subject to clause 7-4.01.

¹ Unpaid leave of absence as per article 79.1 of the *Act respecting Labour Standards* (R.S.Q., c. N-1.1).

7-4.27 Cases eligible for the QPIP or the EIP

During the paternity leave provided for in clause 7-4.22, the employee shall receive an indemnity equal to the difference between his basic weekly salary and the amount of benefits he is receiving, or would receive upon request, under the QPIP or the EIP.

This indemnity shall be based on the QPIP or EIP benefits to which the employee is entitled, without counting the amounts subtracted from such benefits in reimbursement of benefits, interest, penalties and other amounts recoverable under *An Act respecting Parental Insurance* (R.S.Q., c. A-29.011) or EIP.

However, if a change is made to the amount of the benefit paid by the QPIP or the EIP following a change in the information provided by the College, the amount of the indemnity shall be adjusted accordingly.

When the employee works for more than one employer, the indemnity shall be equal to the difference between one-hundred per cent (100%) of the basic salary paid by the College and the amount of the QPIP or the EIP benefit corresponding to the proportion of the basic weekly salary paid with respect to the total basic weekly salaries paid by all of the employers. To this end, the employee shall produce for each employer a statement of the weekly salary paid by each employer and the amount of the benefit payable under *An Act respecting Parental Insurance* (R.S.Q., c. A-29.011) or the Employment Insurance Plan.

7-4.28

The College may not, through the indemnity it pays out to an employee on paternity leave, compensate for the reduction in benefits from the QPIP or the EIP attributable to remuneration from another employer.

Notwithstanding the preceding paragraph, the College shall pay such compensation if the employee can demonstrate, by providing a letter to this effect from the employer paying the remuneration, that the remuneration is a regular salary. If the employee can demonstrate that only part of the remuneration is a regular salary, the compensation shall be limited to that percentage.

The employer that pays the regular salary provided for in the preceding paragraph must, upon the employee's request, produce such letter.

The total amount received by the employee during his paternity leave in QPIP or EIP benefits, indemnities and remuneration shall not exceed one-hundred per cent (100%) of the basic salary paid by the College or, if applicable, by the various employers.

7-4.29 Case not eligible for either plan

An employee who is not eligible for QPIP paternity benefits nor for EIP parental benefits receives, during the paternity leave provided for in clause 7-4.22, an indemnity equal to his basic weekly salary.

Section V - Adoption Leave and Leave for Purposes of Adoption

7-4.30

An employee who legally adopts a child, other than his spouse's child, shall be entitled to a maximum of five (5) working days of leave with salary.

This leave may be broken down and may not be taken after fifteen (15) days have elapsed after the child arrives at home.

One (1) of these five (5) days may be taken for the child's christening or registration.

The employee provides the College, as soon as possible, with a notice of leave.

7-4.31

An employee who legally adopts his spouse's child shall be entitled to a maximum of five (5) working days of leave, the first two (2) of which shall be paid.

This leave may be broken down and may not be taken after fifteen (15) days have elapsed after filing for adoption.

The employee provides the College, as soon as possible, with a notice of leave.

7-4.32

An employee who legally adopts a child, other than his spouse's child, shall be entitled to a maximum of five (5) weeks of adoption leave, which, subject to clauses 7-4.34 and 7-4.35, must be taken consecutively. This leave shall end no later than at the end of the fifty second (52nd) week after the child arrives at home.

For an employee who is eligible for the QPIP or the EIP, this leave shall be taken simultaneously with the period during which benefits are paid by one of these plans and must begin no later than the week following the start of such benefits.

For an employee who is not eligible for the QPIP or the EIP, the leave must be taken after the placement order of the child or its equivalent in the case of an international adoption, in accordance with the adoption plan, or at another time agreed upon with the College.

7-4.33 Extension of adoption leave

An employee who sends the College, before the expiry date of his adoption leave provided for in clause 7-4.32, a written notice accompanied by a medical certificate attesting to the fact that his child's state of health so requires, shall be entitled to an extension of his adoption leave. The duration of this extension shall be as indicated in the medical certificate.

During this extension, the employee shall be deemed to be on leave without pay and shall receive no indemnities or benefits from the College. The employee shall enjoy the benefits set out in clause 7-4.53 during this period.

7-4.34 Interruption of adoption leave

When the child is hospitalized, the employee may interrupt his adoption leave provided for in clause 7-4.32, upon agreement with the College, and return to work for the duration of this hospitalization.

7-4.35 Discontinuous adoption leave

Upon the employee's request, the adoption leave provided for in clause 7-4.32 may be broken down into weeks and the maximum number of weeks during which the leave is interrupted shall vary in each case:

- a) If the child is hospitalized: the maximum number of weeks of interruption of adoption leave shall be equivalent to the number of weeks of this hospitalization.
- b) If the employee is on leave because of an accident or illness: the maximum number of weeks of interruption of adoption leave shall be equivalent to the number of full weeks such a situation lasts, up to a maximum of twenty-six (26) weeks within a twelve (12)-month period¹.

However, the employee may be absent from work for a period of not more than one hundred and four (104) weeks if she suffers serious bodily injury during or resulting directly from a criminal offence that renders him unable to hold her regular position. In that case, the period of absence shall not begin before the date on which the criminal offence was committed, or before the expiry of the period provided for in the first paragraph, where applicable, and shall not end later than one hundred and four (104) weeks after the commission of the criminal offence¹.

- c) If the employee is on leave because of a situation covered by sections 79.8 to 79.12 of the *Act respecting Labour Standards* (R.S.Q., c. N-1.1): the maximum number of weeks of interruption of the leave shall be equivalent to the number of full weeks such a situation lasts, subject to the provisions of clause 7-16.09.

During such leaves of absence provided for in this clause, the employee shall be deemed to be on leave without pay and shall receive no indemnities or benefits from the College. The employee shall enjoy the benefits set out in clause 7-4.53 during this period.

7-4.36

Upon the employee's resumption of his interrupted or discontinuous leave under clauses 7-4.34 and 7-4.35, the College shall pay the employee any indemnities to which he would have been entitled had he not interrupted or broken down his adoption leave, for the number of weeks remaining under clause 7-4.32, subject to clause 7-4.01.

7-4.37 Cases eligible for the QPIP or the EIP

During the adoption leave provided for in clause 7-4.32, the employee shall receive indemnity equal to the difference between his basic weekly salary and the amount of benefits he is receiving, or would receive upon request, under the QPIP or the EIP.

¹ Unpaid leave of absence as per article 79.1 of the *Act respecting Labour Standards* (R.S.Q., c. N-1.1).

This indemnity shall be based on the QPIP or EIP benefits to which the employee is entitled, without counting the amounts subtracted from such benefit in reimbursement of benefits, interest, penalties and other amounts recoverable under the *Act respecting Parental Insurance* (R.S.Q., c. A-29.011) or the EIP.

However, if a change is made to the amount of the benefit paid by the QPIP or the EIP following a change in the information provided by the College, the amount of the indemnity shall be adjusted accordingly.

When the employee works for more than one employer, the indemnity shall be equal to the difference between one hundred per cent (100%) of the basic weekly salary paid by the College and the amount of the QPIP or EIP benefits corresponding to the proportion of the basic weekly salary paid with respect to the total basic weekly salaries paid by all of the employers. To this end, the employee shall produce for each employer a statement of the weekly salary paid by each employer and the amount of the benefit payable under the *Act respecting Parental Insurance* (R.S.Q., c. A-29.011) or the EIP.

7-4.38

The College cannot, in the indemnity it pays out to an employee on adoption leave, compensate for the reduction in benefits from the QPIP or EIP attributable to remuneration from another employer.

Notwithstanding the preceding paragraph, the College shall pay such compensation if the employee can demonstrate, by providing a letter to this effect from the employer paying the remuneration, that the remuneration is a regular salary. If the employee can demonstrate that only part of the remuneration is a regular salary, the compensation shall be limited to that percentage.

The employer that pays the regular salary provided for in the preceding paragraph must, upon the employee's request, produce such letter.

The total amount received by the employee during his adoption leave, in QPIP or EIP benefits, indemnities and remuneration, shall not exceed one hundred per cent (100%) of the basic salary paid by the College or, if applicable, by the various employers.

7-4.39 Cases ineligible for both the QPIP and the EIP

An employee who is not entitled to adoption benefits under the QPIP or parental benefits under the EIP who adopts a child other than the child of his spouse shall receive, during the adoption leave provided for in clause 7-4.32, indemnity equal to his basic weekly salary.

7-4.40 Leave without pay for the purposes of adoption

An employee shall be entitled, for the adoption of a child other than the child of his spouse, to leave without pay of no more than ten (10) weeks following the date he takes charge of the child.

An employee who travels outside Québec for the adoption of a child other than the child of his spouse shall receive, upon written request to the College, if possible two (2) weeks in advance, leave without pay for the time it takes to pick up the child.

However, the adoption leave shall end no later than the week following the start of QPIP benefits and the provisions of clause 7-4.32 shall apply.

During such leave, the employee shall enjoy the same benefits as those related to a leave without pay or part-time leave without pay provided for in clause 7-4.53.

Section VI - Leave Without Pay and Part-Time Leave Without Pay

7-4.41

a) The employee shall be entitled to one of the following leaves:

- i) a leave without pay for a maximum duration of two (2) years which immediately follows the maternity leave shall be granted to the employee as an extension of the maternity leave provided for in clause 7-4.06;
- ii) a leave without pay for a maximum duration of two (2) years which immediately follows the paternity leave provided for in clause 7-4.22. However, the duration of the leave shall not exceed the 125th week following the child's birth;
- iii) a leave without pay for a maximum duration of two (2) years which immediately follows the adoption leave provided for in clause 7-4.32. However, the duration of the leave shall not exceed the 125th week following the child's arrival at home.

A full-time employee who does not avail himself/herself of this leave is entitled to take a partial leave without pay spread over a maximum period of two (2) years. However, the duration of the leave shall not exceed the 125th week following the child's birth or the child's arrival at home.

Once only, during the course of this leave and upon written request submitted at least thirty (30) days in advance, an employee may have the opportunity of making one (1) of the following changes:

- to change his leave without pay to a partial leave without pay or vice-versa, as the case may be;
- to change his partial leave without pay to a different type of partial leave without pay.

These changes shall take effect thirty (30) days following the request unless an agreement is entered upon between the employee and the College.

The part-time employee is also entitled to this partial leave without pay. However, the other provisions of the agreement concerning the determination of the number of hours of work remain applicable.

An employee who does not take the leave without pay or the partial leave without pay to which he or she is entitled may take leave unused by his or her spouse either as leave without pay or partial leave without pay by complying with the necessary formalities.

If the employee's spouse is not an employee of the public or parapublic sectors, he may avail himself of a leave provided for in the present clause at the time of his choice within the two (2) years following the birth or the adoption without, however, exceeding the set-limit of two (2) years from the date of birth or adoption.

- b) The employee who does not avail himself/herself of the leave provided for in paragraph a) may benefit after the child's birth or the child's adoption, from a leave without pay for a maximum of fifty-two (52) continuous weeks beginning at the employee's convenience and ending seventy (70) weeks after the birth of the child at the latest or, in the case of an adoption, seventy (70) weeks after the child has come under his care

7-4.42 Discontinuous leave without pay

Before the expiry of the first fifty-two (52) weeks of the full-time leave without pay, the employee may break down his leave according to the provisions provided for in clause 7-4.11, by making the necessary adaptations.

During such discontinuous leave provided for in this clause, the employee shall be considered on leave without pay and shall receive no indemnity or benefit from the College. The employee shall enjoy the benefits provided for in clause 7-4.53 during this period.

7-4.43 Leave for parental responsibilities

Subsequent to a written notice submitted at least thirty (30) days in advance, an employee shall be granted an unpaid leave or a part-time unpaid leave for a maximum of one (1) year's duration, in order that he may take care of his under-aged child suffering from affective disorders, or who is handicapped, or who suffers from a long-term disease.

While on leave, seniority shall be accumulated on the same basis as it was prior to that leave; however, the work performed is subject to the provisions governing part-time personnel.

Section VII - Miscellaneous Provisions

Calculation and Payment of the Indemnity

7-4.44

For the purpose of calculating and paying the maternity leave indemnity provided for in clause 7-4.13, 7-4.14 or 7-4.16, the paternity leave indemnity provided for in

clause 7-4.27 or 7-4.29 and the adoption leave indemnity provided for in clause 7-4.37 or 7-4.39, the following provisions apply:

- a) No indemnity shall be paid to an employee for a vacation period during which he is remunerated.
- b) In the case of an employee eligible for the QPIP, unless the employee is paid weekly, the indemnity shall be paid every two (2) weeks, the first (1st) instalment to be paid fifteen (15) days after the College has received proof that the employee is receiving benefits from this plan.

In the case of an employee eligible for the EIP, the indemnity payable for the first two (2) weeks shall be paid by the College in the first two (2) weeks of the leave. Unless earnings are usually paid on a weekly basis, the indemnity payments due after this date shall be paid every two (2) weeks, the first instalment to be paid within fifteen (15) days of the reception by the College of proof that the employee is receiving benefits from this plan.

Admissible proof under this paragraph includes a benefit statement, a payment stub or information supplied by the Ministère de l'Emploi et de la Solidarité sociale or by HRSDC to the College in an official statement.

- c) In the case of a maternity leave only, the time of service includes time worked with employers of the public and parapublic sectors (Civil Service, Education, Health and Social Services), of health and social services agencies, of agencies for which the law provides that salary standards and rates of their employees are to be determined by the Government (Appendix "19"), of the "Office franco-québécois pour la jeunesse", of the "Société de gestion du réseau informatique des commissions scolaires" and of any other agency mentioned in Appendix "C" of the *Act respecting the process of negotiation of the collective agreements in the public and parapublic sectors* (R.S.Q., c. R-8.2).

Moreover, the requirements concerning twenty (20) weeks of service under clauses 7-4.13, 7-4.14 and 7-4.16 shall be considered to be fulfilled, as the case may be, when an employee does so with any of the employers listed in the present paragraph.

- d) The basic salary of a part-time employee is the average weekly salary he received during the twenty (20) weeks prior to his leave. The twenty (20)-week period prior to the leave of the employee shall, for the purpose of establishing his average basic weekly salary, exclude all periods during which he was laid off

If during this period, the employee has received benefits based on a certain percentage of his regular salary, it is understood that his basic salary for his leave shall be based on the basic salary on which such benefits were based.

On the other hand, any period, during which the employee entitled to a special leave provided for in clause 7-4.18 does not receive any indemnity from the Commission de

la santé et de la sécurité du travail du Québec (CSST) is excluded in the calculation of his average basic weekly salary.

If the twenty-week (20) period prior to the leave of a part-time employee includes the date of increase of the salary scales and rates, his basic weekly salary is established on the basis of the salary rate in effect on that date. In addition, if his leave includes this date, his basic weekly salary will be adjusted to this date according to the upward adjustment formula applying at her level of remuneration.

The provisions of this paragraph shall constitute one of the express stipulations mentioned in clause 7-4.05.

- e) When the employee is temporarily laid off, the leave indemnity to which he is entitled according to this collective agreement and paid by the College terminates at the date of the temporary layoff.

Later, when the employee resumes his position according to the provision of this collective agreement, the leave indemnity is restored as of the date on which the employee resumes his position.

The weeks for which the employee has received the leave indemnity and the weeks during which he has been laid off are deducted from the number of weeks that the employee is entitled to. The leave indemnity is restored for the remaining weeks.

7-4.45

An employee who receives a regional disparity premium under the terms of the present collective agreement shall continue to receive it during her maternity leave as provided for in clause 7-4.06, his paternity leave as provided for in clause 7-4.22 or his adoption leave provided for in clause 7-4.32.

Notwithstanding the above statement, in the case of the maternity leave, the total amount of Employment Insurance benefit, indemnity and premiums may not exceed ninety-five per cent (95%) of the sum of the employee's total basic salary and regional disparity premiums.

Notices and Prior Notices

7-4.46 Notice – Maternity leave

To avail herself of maternity leave as provided for in clause 7-4.06, an employee must give the employer prior notice in writing at least two (2) weeks before the date of her departure. A medical certificate of pregnancy or a written report signed by a midwife attesting to the pregnancy and noting the expected date of delivery must accompany the notice.

The time limit for giving prior notice may be reduced upon submission of a medical certificate stating that the employee must leave work sooner than planned. Under unforeseeable circumstances, the employee may take maternity leave without giving such prior notice, provided that a medical certificate stating that she must stop work at once is submitted to the employer.

7-4.47 Notice – End of maternity leave

During the fourth (4th) week prior to the expiry of her maternity leave, the College shall notify the employee of the date of expiry of the leave.

An employee to whom the College has forwarded the above notice must report to work upon expiry of maternity leave, unless it be extended in the manner provided by clause 7-4.50.

An employee who does not observe the above is deemed to be taking leave without pay for a period not to exceed four (4) weeks. An employee who has not reported for work after the end of this period is deemed to have resigned.

7-4.48 Notice – Paternity and adoption leave

The paternity leave provided for in clause 7-4.22 and the adoption leave provided for in clause 7-4.32 shall be granted upon written request submitted at least three (3) weeks in advance, which shall include the date of return to work. However, this timeframe may be shorter if the birth occurs before the due date.

7-4.49 Notice – End of paternity or adoption leave

An employee must report for work at the expiry of his paternity leave provided for in clause 7-4.22 or his adoption leave provided for in clause 7-4.32, unless he takes the opportunity of a leave without pay as provided for in clause 7-4.50.

An employee who does not conform to the foregoing is considered to have taken leave without pay for a period of no more than four (4) weeks. At the end of this period, an employee who does not report for work is deemed to have resigned.

7-4.50 Notice – Leave without pay

Leave without pay provided for in clause 7-4.41 shall be granted upon written request submitted at least three (3) weeks in advance, which must specify the date of return to work.

Partial leave without pay is granted upon written request submitted at least thirty (30) days in advance, which must specify the date of return to work. The request must also specify the arrangement of the leave and such, as pertaining to the employee's position. In the case of a full-time employee who takes a partial leave without pay and in case of disagreement with the College concerning the number of days per week, the employee is entitled to a maximum of two and a half (2½) days per week or the equivalent and this, for up to a maximum of two (2) years.

In the case of a part-time employee who takes a partial leave without pay, he and the College reach an agreement concerning the arrangements of the leave.

7-4.51 Notice – End of the leave without pay

An employee, who has been notified four (4) weeks in advance by the College of the end of his leave without pay, must give advance notice of his return to work at least two (2) weeks

before that expiration date of such a leave. If the employee has not reported to work on the date at which the leave was scheduled to end, he shall be deemed to have resigned

An employee who wishes to end his leave without pay before its scheduled expiry must give at least a twenty-one (21) days written notice of his intent to return to work. In the case of a leave without pay exceeding fifty-two (52) weeks, this written notice must be given thirty (30) days in advance.

BENEFITS

7-4.52

- life insurance;
- health insurance, providing he pays her contributions;
- accumulation of annual holidays or payment that stands in lieu of same;
- accumulation of sick-leave;
- accumulation of seniority;
- accumulation of experience;
- accumulation of continuous service for purposes of employment security;
- the right to be a candidate and to hold any posted position as if he were at work, in conformity with the collective agreement.

The participation in the basic health insurance plan shall be compulsory, but an employee may, by giving prior written notice to the College, refuse or cease to participate in the basic health insurance plan, provided that he establishes that he and his dependents are insured under a group insurance plan affording similar benefits or that he is sixty-five (65) years of age or older.

7-14.23

An employee who has refused or ceased to participate in the plan may again become eligible for admission thereto, subject to the following conditions:

- a) he must prove to the satisfaction of the insurer that:
 - he was previously covered by virtue of the current health insurance plan or of any other plan offering similar protection;
 - it is no longer possible for him to remain covered;
 - his application is filed within thirty (30) days following termination of his coverage;
- b) subject to paragraph a) above, coverage shall be effective as of the first day of the period during which the application is received by the insurer;

- c) in the case of a person who, prior to the request was not covered by the present health insurance plan, the insurer is not liable for benefit payments which could have been paid by a previous insurer in accordance with an extension or conversion clause or whatever.

7-14.24

The Insurance Committee of the Centrale shall have the right to agree to maintain from year to year for retired employees, plan coverage with appropriate changes, without any contribution on the part of the College, provided that:

- a) the employee's contributions to the plan and the College's corresponding contribution be determined excluding any cost resulting from the extension of coverage to include retired employees;
- b) all disbursements, contributions and rebates pertaining to retired employees be recorded separately and that any additional contribution which may be payable by employees by virtue of the aforesaid extension to retired employees be clearly identified as such.

Section V - Salary Insurance Plan**7-14.25**

Subject to the provisions herein, every employee shall be entitled, for every period of disability during which he is absent from work, to:

- a) up to the lesser of the number of accumulated sick-leave days or five (5) working days: the payment of a benefit equal to the salary he would have received had he been at work;
- b) upon termination of the benefit payment provided for in paragraph a), if applicable, but in no event before the expiry of a waiting period of five (5) working days from the beginning of the period of disability and for a period of up to fifty-two (52) weeks from the beginning of the period of disability: the payment of a benefit equal to eighty-five percent (85%) of his salary.
- c) upon the expiry of the above-mentioned period of fifty-two (52) weeks and for an additional period of up to fifty-two (52) weeks: the payment of a benefit equal to sixty-six and two-third percent (66 2/3%) of his salary;
- d) upon the expiry of the above-mentioned period of one hundred and four (104) weeks: the use of accumulated sick-leave days unless the employee is covered by a supplemental long-term disability group insurance plan.

7-14.26

For the purposes of computing the benefits provided for in clause 7-14.25, the employee's salary is the salary he would be receiving if he were at work.

For the employees who do not hold full-time positions, the amount shall be reduced in proportion to the regular hours worked or paid during the preceding month in relation to the amount of the benefit payable on a full-time basis, excluding from the calculation any period of layoff defined in article 5-9.00 and Appendix "15".

7-14.27

As long as benefits remain payable, including the waiting period, if any, the disabled employee shall continue to participate in the government and public employees' retirement plan (RREGOP), the teachers' pension plan (TPP) or the public service employees' retirement plan (CSSP), according to the applicable plan, and to benefit from the insurance plans. However, he must pay the required contributions, except that, upon termination of the payment of the benefit provided for in clause 7-14.25 a), he shall benefit from a waiver of his contributions to his retirement plan (RREGOP, TPP or CSSP) without losing any of his rights. Provisions relating to such a waiver of these contributions shall form an integral part of the retirement plan provisions and the resulting cost shall be shared in the same manner as that of any other benefit. Subject to the provisions of the collective agreement, payment of the benefits shall not be considered as conferring upon the payee the status of a regular employee nor as increasing his rights as such, especially as regards the accumulation of sick-leave days and to the provisions of articles 5-2.00, 5-4.00, 5-5.00 and 5-6.00.

7-14.28

The benefits shall be reduced by the initial amount of any basic disability benefit payable under the Quebec Pension Plan, the *Act respecting Industrial Accidents and Occupational Diseases* (R.S.Q., c. A-3.001), the Quebec Automobile Insurance Plan and the Pension or Retirement Plan, regardless of increases in the basic benefits subsequently arising from indexation.

In the case of disability for which indemnities are payable by virtue of the Quebec Automobile Insurance Plan, the benefit payable by the College is established as follows:

The College determines the net benefit by deducting from the gross benefit provided for by clause 7-14.25, the deductions required by law (Income Tax, QPP, QPIP, EIP); such net benefit is further reduced by the amount of the benefit received from the SAAQ; this balance is treated as a gross taxable income from which the College deducts all deductions, contributions and dues required by law and by the collective agreement.

7-14.29

In the case of disability for which indemnities are payable by virtue of the *Act respecting Industrial Accidents and Occupational Diseases* (R.S.Q., c. A-3.001) the following provisions apply:

- a) the employee shall receive from the College a benefit equal to a hundred percent (100%) of the net salary he was receiving on the date of the accident or at the start of the occupational disease. The employee shall be entitled to this benefit until such time as the Commission de la santé et de la sécurité du travail du Québec declares permanent disability;
- b) notwithstanding the preceding paragraph, should the Commission de la santé et de la sécurité du travail du Québec's decision be rendered before the termination of the periods provided in paragraphs b) and c) of clause 7-14.25, the benefit paid by the College for the rest of the one hundred and four (104) weeks remaining after the beginning of the disability period shall conform to the provisions of clause 7-14.25 b) or c), if need be;
- c) as long as an employee has the right to a benefit by virtue of provisions of the *Act respecting Industrial Accidents and Occupational Diseases* (R.S.Q., c. A-3.001) and until the Commission de la santé et sécurité du travail du Québec (CSST) declares a permanent disability, whether it be total or partial, the employee has a right to his salary subject to the following provisions:

The College determines the net benefit by deducting from his net salary the amount of the benefit of the CSST and the amount thus obtained is treated as a gross taxable income from which the College deducts all deductions, contributions and dues required by law or the collective agreement. The College then proceeds to pay the employee such new income plus the amount of the CSST's benefits.

As a counterpart, benefits paid out by the CSST for such period accrue to the College and the employee must, if necessary, sign such forms that will permit such a reimbursement;

- d) during the period in which the benefits are paid according to the provisions of paragraph b) above, these benefits shall be reduced by the initial amount of any basic disability benefits payable under the Quebec Pension Plan, the *Act respecting Industrial Accidents and Occupational Diseases* (R.S.Q., c. A-3.001), the Quebec Automobile Insurance Plan and the Pension or Retirement Plan, regardless of increases in the basic benefits subsequently arising from indexation;
- e) the employee's bank of sick-leave credits shall not be affected by such an absence and the employee shall be considered as receiving salary insurance benefits.

For the purposes of implementing paragraphs a) and c) of this clause, the net salary shall be the gross salary reduced by federal and provincial income tax deductions and contributions, to the QPP, the QPIP and EIP, to the retirement plans and, if need be, by contributions to the insurance plans and by union dues.

7-14.30

All benefit payments shall terminate, at the latest, with the payment due for the last week of the month during which the employee takes his pension.

7-14.31

If need be, the amount of benefit shall be divided as follows: for each working day of disability during a regular workweek, one fifth ($1/5^{\text{th}}$) of the amount of benefit payable for one complete week.

7-14.32

Salary insurance is payable during a strike or lockout if the period of disability began before the start of the strike or lockout. However, any period of disability beginning during a strike or lockout does not entitle the disabled employee to benefits until the strike or lockout ends, when a medical certificate must be presented to the College.

7-14.33

Benefits payable as sick-leave days or under the salary insurance plan shall be made directly by the College, subject, however, to the employee providing the supporting documents as required.

However, no benefit shall be paid by the College as long as the employee has not supplied it with the necessary information or, if need be, the written authorization so that the College may obtain it from other parties.

In the same manner, the College is under no obligation to pay any benefit when the employee neglects to take the necessary steps with a view to obtaining benefits payable by virtue of a law, by a government agency.

Finally, when a benefit provided by law is made payable retroactively, the employee must reimburse the College such amount.

7-14.34

When benefit payment is withheld because of presumed absence or termination of disability, the employee may appeal the decision according to the normal procedure in cases of grievance and arbitration.

7-14.35 Medical Certificate

The College may, at any time, require an employee who is absent because of disability to provide a medical certificate giving the nature and duration of the disability. However, the cost of such a certificate shall be borne by the college if the employee is absent for less than four (4) days. The College may also require an examination of the employee concerned in connection with any absence.

When the employee returns to work, the College may require that he undergo a medical check-up in order to establish that he has recovered sufficiently to return to work.

Should the opinion of the physician chosen by the College disagree with that of the physician consulted by the employee, the latter shall have the right to an examination by a

physician chosen jointly by both physicians. The conclusions of this third physician shall be final. Until the College receives in writing the conclusions of the third physician, the employee shall be considered on disability and shall receive the salary insurance benefits as provided for in this article.

The cost of the examination provided for in the three (3) preceding paragraphs as well as the transportation costs if the employee has to travel more than fifty (50) kilometres from his place of employment, are paid by the College.

The College must keep medical certificates or the results of medical examinations confidential.

Bank of sick-leave days

7-14.36

When applicable, on July 1 of each year, the College shall credit each full-time employee covered by this section with seven (7) days of sick-leave. The days thus granted shall be non-cumulative but shall have cash surrender value on June 30 of each year when not used during the year, by virtue of the agreement and this, on the basis of one two hundred and sixtieth (1/260th) of the salary applicable to this date per day not used, the proportion of the one two hundred and sixtieth (1/260th) of the salary applying for a fraction of unused day. Such payment is made, if need be, at the latest on the September 1 of each year.

However, during the employee's first (1st) year of service, except in the case of an employee who is relocated in accordance with the job security provisions, the College shall add a credit of six (6) sick-leave days without a cash surrender value.

The employee who has accumulated thirteen (13) days or less of sick-leave to his credit on June 1 may, by written notice to the College before this date, choose not to cash in the balance or part of the balance on June 30 of the seven (7) days granted in accordance with the first paragraph of this clause and not used by virtue of this section. The employee having made this choice shall on June 30 add the balance or part of the balance these seven (7) days, which cease to have a cash surrender value, to the days of sick-leave already accumulated.

During the month of June, the employee may choose to convert into holidays the totality or part of the balance on June 30 of the seven (7) days of sick leave granted by virtue of the first paragraph of the present clause and unused by virtue of the present section. This conversion is possible as long as the terms and conditions of clause 7-7.06 are fully respected.

7-14.37

If an employee becomes covered by this section in the course of a fiscal year, the number of days credited for the year involved as per the first paragraph of clause 7-14.36 is reduced in proportion to the number of complete months of service¹.

Also, if an employee leaves his job in the course of a contractual year, or if he is not yet on active service for a part of the year, the number of days credited to him as per the first paragraph of clause 7-14.36 is reduced in proportion to the number of complete months of service¹.

For purposes of implementing this clause, the following leaves do not result in any reduction of days credited for the year in progress:

- maternity leave provided for in clause 7-4.06;
- the extension of maternity leave provided for in clause 7-4.09, for a maximum of six (6) weeks;
- the special leave provided for in clauses 7-4.18 or 7-4.19;
- the paternity leave provided for in clauses 7-4.21 or 7-4.22;
- the adoption leave provided for in clauses 7-4.30, 7-4.31 or 7-4.32;
- the sabbatical leave with deferred or anticipated salary provided for in article 7-17.00.

7-14.38

In the case of a part-time employee, the number of days credited is reduced in proportion to his regular workweek compared to that of a full-time employee in the employ of the College.

Use of previous banks of sick-leave**7-14.39**

The employee who benefited from sick-leave days with cash surrender value shall retain the right to the reimbursement of the value of the payable days accumulated on January 1, 1973, in accordance with the provisions of the collective agreement formerly applicable, with the stipulation that, even if no new day is credited, the percentage of days with cash surrender value shall be determined by taking into account the years of service prior to and following January 1, 1973.

This value shall be determined on the basis of the January 1, 1973 salary and shall bear interest at the rate of five percent (5%) compounded annually. These provisions shall not, however, change the value already set by virtue of a previous agreement for sick-leave days with cash surrender value.

The value of an employee's redeemable days may be used to pay for the cost of buying back previous years of service as provided for in the provisions relating to retirement plans (TPP, CSSP and RREGOP) or to increase to eighty-five percent (85%) the payment of sixty-six and two-third percent (66 2/3%) of salary during the second year of disability.

¹ A complete month of service means a month in which an employee worked or was paid for one half (1/2) or more of the number of working days in that month.

7-14.40

An employee's bank of sick-leave days with cash surrender value as of January 1, 1973 may also be used, at a rate of one (1) day per day, for purposes other than illness when the previous collective agreements allowed such use. By the same token, an employee's sick-leave days with cash surrender value as of January 1, 1973 may also be used, at the rate of one (1) day per day, for purposes other than illness, that is: in case of parental leave provided for in article 7-4.00 or for extending the employee's disability leave upon expiry of the benefits provided for in paragraph c) of clause 7-14.25. The employee may also use his accumulated sick-leave days without cash surrender value, at the rate of one (1) day per day, to extend his disability leave upon expiry of the benefits provided for in paragraph c) of clause 7-14.25.

The employee's bank of sick-leave days with cash surrender value as of January 1, 1973, shall be considered as used on this date, when they are used by virtue of this clause as well as by virtue of the other clauses of this section.

7-14.41

The employee who, according to the provisions of clause 38.00 of the 1972-1975 collective agreement, has chosen not to use his redeemable days shall be considered as having maintained this choice for the duration of this agreement.

Miscellaneous provisions**7-14.42**

The sick-leave days to an employee's credit on the date of coming into force of the collective agreement shall remain to his credit and the days used shall be deducted from the total accumulated. The sick-leave days shall be used in the following order:

1. The days with cash surrender value credited by virtue of clause 7-14.36 of the agreement.
2. After having used up the days mentioned in paragraph 1. of this clause, the other days with cash surrender value to the employee's credit as provided for in clause 7-14.41.
3. After having used up the days mentioned in paragraphs 1. and 2. of this clause, the days without cash surrender value to the employee's credit.

7-14.43

Persons receiving disability payments on the date of coming into force of the collective agreement shall remain covered under the plan in effect at the beginning of the disability period, with the stipulation that this clause does not entail an increase in the benefits provided under the present salary insurance plan, especially with regards to the amount and duration of the benefits.

7-14.44 Gradual Early Retirement

The employee who has to his credit a bank of sick-leave days with cash surrender value may, if the College so agrees, avail himself of a gradual early retirement under the following conditions:

- a) the employee must be admissible to his retirement at the end of his gradual early retirement;
- b) the employee must reduce his regular workweek and compensate the difference in salary by drawing on his bank of sick-leave;
- c) at the end of his gradual early retirement, the employee must definitely go on retirement and resign;
- d) the other conditions are determined between the employee and the College.

Article 7-15.00 - Leave of Absence for a Public Office

7-15.02

Upon a written request made thirty (30) days prior to the date of his departure, the employee shall obtain from the College a leave of absence without pay not exceeding three (3) months in order to offer himself as a candidate for any election: federal, provincial, municipal or school.

7-15.06

The College shall recognize the employee's right to be named to a government board of inquiry and his right to a leave without pay for the duration of his mandate.

7-15.07

The leaves of absence provided for in this section, except for those in clause 7-15.04, shall be on a full-time basis.

7-15.08

The employee benefiting from a leave of absence without pay for a public office continues to participate in the basic health insurance plan by paying all premiums. he may also continue to participate in the other group insurance plans and the retirement plan, provided that he pays the entire amount of premiums and contributions required and insofar as the master policies and the Law permit it.

7-15.09

This section may be modified subject to a local agreement between the parties.

Article 7-17.00 - Sabbatical Leave Plan with Deferred or Anticipated Salary

7-17.01 Object of the Plan

The Leave with Deferred or Anticipated Salary Plan makes it possible for a regular employee to benefit from a paid leave of absence. However, the Plan does not allow an employee to postpone income taxes nor does it generate added benefits upon retirement.

The regular employee may, after agreement, obtain a sabbatical leave with deferred or anticipated salary according to the provisions set forth in the present section.

Should the taking of a leave be situated at the end of the plan, the College cannot refuse the request of the employee without a valid reason.

However, the leave cannot be taken before employment security is attained by the employee.

7-17.02 Nature of the Plan

The Leave with Deferred or Anticipated Salary Plan shall consist of a work period and of a leave of absence.

7-17.03 Duration of the Plan

The Plan may be of two (2) years, three (3) years, four (4) years or five (5) years' duration.

The duration of the Plan may be extended in cases and in the manner provided for in clause 7-17.12, clause 7-17.16 or clause 7-17.17.

However, the leave of absence must begin at the latest at the expiry of a maximum period of six (6) years following the date upon which the amounts began to be deferred.

7-17.04 Duration of the Leave

The duration of the leave of absence may be from six (6) months to one (1) year.

The leave itself may not be interrupted for any reason whatsoever.

7-17.05 Prerequisite

The employee who wishes to benefit from the leave shall apply in writing to the College.

This application shall include the proposed duration of the plan and of the leave of absence, as well as the proposed dates of the beginning and the end of the leave and of the plan.

Only the employee who has not been placed on availability is admissible to the leave.

The College shall not accept the leave application from an invalid employee or one who is on leave of absence without pay.

7-17.06 Return

At the end of the leave of absence, or at the end of a leave of absence provided for in the collective agreement and extending said leave of absence, the employee shall resume his position and shall remain in the College's employ or any other College's employ in the case provided for in clause 5-2.13 or 7-17.14 for a period at least equivalent to the duration of the leave of absence and this, subject to the provisions of the collective agreement.

7-17.07 Salary

During each year of participation to the Plan, the employee shall receive the percentage of his salary as given in the following Table, according to the duration of the Plan and of the leave of absence:

<u>Period of participation in the Plan</u>	<u>2 years</u>	<u>3 years</u>	<u>4 years</u>	<u>5 years</u>
<u>Duration of the leave</u>	<u>Percentage of salary</u>			
6 months	75.00%	83.33%	87.50%	90.00%
7 months	70.83%	80.56%	85.42%	88.33%
8 months	66.67%	77.78%	83.33%	86.67%
9 months		75.00%	81.25%	85.00%
10 months		72.22%	79.17%	83.33%
11 months		69.44%	77.08%	81.67%
12 months		66.67%	75.00%	80.00%

The salary to which the above percentage is applied shall be the salary that the employee would receive had he not participated in the Plan.

During the work period, the employee shall be entitled to all premiums applicable to him. he is not, however, entitled to any premiums during the period of his leave of absence.

While on leave, the employee may not receive any other remuneration from the College nor from any other person or association with which the College has any ties other than the remuneration corresponding to the percentage of salary allowed by the Plan for the duration of the Plan.

Working Conditions

7-17.08

For the duration of the employee's participation to the Plan, his workload shall be the same as the one he would have assumed had he not participated to the Plan.

7-17.09

Subject to the provisions of this section, the employee shall benefit from all advantages granted by the collective agreement to which he would be entitled had he not participated to the Plan. However, the leave of absence provided for in the Plan shall not be used for the purpose of vacation.

7-17.10 Pension Plan

For purposes of establishing the value of pension benefits, the employee shall be credited with one (1) year of service for every year in which he participated in the Sabbatical Leave Plan with Deferred or Anticipated Salary, as well as an average salary based on the salary he would have received had he not participated in the Sabbatical Leave Plan with Deferred or Anticipated Salary.

The employee's contributions to a Pension Plan while participating in the Sabbatical Leave Plan with Deferred or Anticipated Salary shall be established according to the Law on retirement plans applicable to said employee.

7-17.11 Employment Termination

If an employee leaves the College, retires or withdraws from the Plan, the Plan shall be abolished immediately and the following terms and conditions shall apply:

- a) If the employee has already taken the leave of absence, he shall refund, without interest, the amount received during the leave of absence less the amount already deducted from his salary during the work period according to clause 7-17.07.
- b) If the employee has not already taken the leave of absence, the College shall refund, without interest, the difference between the salary he would have received had he not participated in the Plan and the salary he has in effect received from the beginning of the Plan.
- c) If the employee is on leave of absence, the amount owed by the employee or the College shall be established in the following way: the amount received by the employee during the leave of absence less the amount already deducted from the employee's salary during the work period according to clause 7-17.07. If the result is negative, the College shall refund said balance to the employee. If the result is positive, the employee shall refund said balance to the College.
- d) The employee's rights, with regards to pension plans, shall be those he would have exercised had he not participated in the Sabbatical Leave Plan with Deferred or Anticipated Salary.

Thus, if the leave of absence has already been taken, the contributions made during that period shall make up for reduced contributions made during the work period; however, the employee may buy back those missing years of service under the same conditions as those relating to unpaid leaves.

On the other hand, if the leave of absence has not been taken, the contribution needed to validate the total number of years worked shall be deducted from the salary refund made to the employee.

When reimbursement has to be made by the employee, he may reach an agreement with the College as to the methods of repayment provided for by article 6-10.00.

7-17.12 Leave of Absence Without Pay

While participating in the Plan, the total amount of unpaid leave by the employee, for whatever reasons, with or without authorization, shall not exceed twelve (12) months. Should the total number of unpaid leave, for whatever reasons, with or without authorization, exceed twelve (12) months, the Plan shall come to an end on the date the twelve (12) month limit is reached, and the terms provided for in paragraphs a), b), c) or d) of clause 7-17.11 shall apply, with the necessary adjustments.

In cases where the total amount of unpaid leave by the employee, for whatever reasons, with or without authorization, is equal or less than twelve (12) months, the duration of the Plan shall be extended for a period equal to the total amount of unpaid leave.

7-17.13 Placement on Availability

In cases where the employee is placed on availability while adhering to the Plan, the Plan shall continue.

7-17.14 Relocation or Voluntary Transfer

When the employee placed on availability is relocated to another college or transferred to another college by virtue of clause 5-2.15 the latter shall transfer his plan in his new college if the new college agrees.

If the new college does not agree, the plan shall come to an end on the date of the refusal and the terms provided in clause 7-17.11 shall apply without loss of any right with respect to his pension plan. Any surplus in salary paid to the employee shall not be claimed (a full year's service is credited for every full year of participation in the Plan), any unpaid salary is reimbursed and any contribution to the pension plan based on this unpaid salary shall not be claimed.

7-17.15 Death

In the event of the employee's death while participating in the Plan, the Plan shall come to an end on the date the death occurred and the terms provided for in clause 7-17.11 shall apply. However, any surplus in salary paid to the employee shall not be claimed, any unpaid salary is reimbursed and any contribution to the pension plan based on this unpaid salary shall not be claimed.

7-17.16 Salary-Insurance

In the event that an employee becomes disabled under the terms of article 7-14.00 while adhering to the Plan, the following shall apply:

- a) The disability occurs during the leave of absence:

The disability is presumed not to exist during the leave of absence and it shall be considered as beginning on the date the employee is due back to work at the end of his leave, according to the Plan.

During his leave of absence, he shall be entitled to his salary under the terms of the Plan. Beginning on the date set for his return to work, if he is still disabled, he shall be entitled to the salary-insurance benefits provided for in the collective agreement as long as he is covered by the Plan. Salary-insurance benefits shall be based on the salary fixed under the Plan. If he is still disabled at the end of the Plan, he shall receive salary-insurance benefits based on his regular salary.

- b) The disability occurs after the leave of absence:

The employee's participation to the Plan continues and the salary-insurance benefits shall be based on the salary as fixed under the Plan, as long as the disability lasts. As the Plan expires, the employee who is still disabled shall receive his salary-insurance benefits based on his regular salary.

- c) The disability begins prior to the leave of absence and the employee is still disabled on the proposed date of the beginning of the leave of absence:

In this case, the employee shall choose one of the following options:

- i) To continue his participation to the Plan and postpone the leave of absence to a later date when he is no longer disabled. The employee shall be entitled to his salary-insurance benefits based on the salary fixed under the Plan. If he is still disabled during the last year of the Plan, it shall be interrupted from the beginning of the last year until the end of the disability. During this interruption, the employee shall be entitled to salary-insurance benefits based on his regular salary.
 - ii) To put an end to the Plan and thus receive the amounts that have not yet been paid as well as the salary-insurance benefits based on his regular salary. Contributions to the pension plan shall be based on the amounts that have not yet been paid.
- d) The disability lasts for more than two (2) years:

During the first two (2) years, the employee shall be treated as defined earlier.

At the end of the two (2) years, the Plan shall end, and:

- i) If the employee has already taken his leave of absence, any surplus in salary paid to him shall not be claimed and all rights related to his pension plan shall be respected (one (1) year's service for every year of participation in the Plan).
- ii) If the employee has not already taken his leave of absence, any unpaid salary shall be reimbursed, without interest, contributions to the pension plan based

on the unpaid salary shall not be claimed and the disability pension to which he is entitled under the terms of the pension plan shall be payable immediately.

7-17.17 Maternity Leave, Paternity Leave or Adoption Leave

If the maternity leave, paternity leave or adoption leave provided for in article 7-4.00 occurs before or after the leave of absence, participation in the Plan shall be suspended for a maximum period corresponding to the maximum expected duration of that leave, and the Plan shall be extended accordingly.

In such a case, during the suspension of participation in the Plan, the provisions of article 7-4.00 shall apply.

However, if the maternity, paternity or adoption leave occurs prior to the leave of absence, the employee may put an end to the Plan. He shall then receive his unpaid salary, without interest, as well as the benefits he is entitled to because of his maternity, paternity or adoption leave. his contribution to the pension plan shall be based on the amounts reimbursed.

7-17.18 Special Provisions

In all cases where the employee does not take his leave of absence within the period of the Plan itself, the College shall pay him, from the first (1st) year of imposition following the end of the Plan, the entire deferred salary.

7-18.04

The employee who has accumulated a bank of cash-convertible sick leave days, by virtue of a prior collective agreement, may substitute such leave, in part or in whole, for his regular work under the terms of the agreement, provided that his prior collective agreement so allows.

7-18.05

While participating in the plan and this for purposes of eligibility for retirement, the employee shall be credited with the full-time or part-time services done prior to the plan. The same shall apply in the calculation of his retirement benefits or other allowances in case of death.

7-18.10

While disabled, the salary-insurance plan shall apply on the basis of the employee's salary and time worked, up to the effective date of retirement.

7-18.11

In the case of the employee's position being abolished or transferred, the employee benefiting from job security shall remain subject to the provisions of articles 5-4.00 and 5-6.00. In that case, or in the case of a voluntary transfer, the gradual retirement plan may be transferred to the new college if an agreement can be reached with the new college.

9-1.02

Before lodging a grievance, the employee may try, either alone or in the company of an authorized union representative, to solve the problem with his immediate superior. Failing a solution, the parties agree to follow the procedure hereinafter set forth in order to reach a settlement as quickly as possible.

9-1.03

The employee or the Union wishing to submit a grievance in accordance with the provisions of the collective agreement must submit it to the College in writing within thirty (30) working days¹ from the discovery of the fact without exceeding six (6) months from the date of the event which caused the grievance.

If many employees collectively or the Union as such considers that there is cause for grievance, the Union, through its authorized representative, may lodge the grievance with the College's human resources officer, using the form provided for by clause 9-1.04, within thirty (30) working days⁽¹⁾ from the discovery of the fact without exceeding six (6) months from the date of the event which caused the grievance.

The time limits provided for in this clause shall start on the day on which the national employer party delivers to the national union party copies of the text, in French, of the collective agreement or, in the case of an Anglophone college, the English version of the collective agreement.

9-1.04

In order to submit a written grievance, an appropriate form (Appendix "7") must be completed by the employee or the Union setting forth the facts leading to the grievance and mentioning, if possible, the clauses of the collective agreement which are involved and the necessary corrective measures.

9-1.05

The College shall send its decision to the employee concerned with a copy to the Union within fifteen (15) working days from the date the grievance was submitted. In the case of

¹ In the event of a grievance related to psychological harassment, this period shall be ninety (90) days from the last occurrence of such conduct.

the Union filing a grievance, the College's decision shall be sent to the Union within the same time limit. In default of such a reply, or if the reply is unsatisfactory, the Union may, if it has not already done so, submit the grievance for arbitration within the time limits provided for in clause 9-2.01.

9-1.06

The wording of a grievance may be amended after submission, as long as the amendment does not change the nature of the grievance. If such an amendment is submitted within five (5) working days preceding arbitration, the College may request that the hearing take place at a later date.

A technical error in the wording of a grievance, including its presentation in writing, using a form other than the form specified in this article, shall not invalidate it.

9-1.07

All delays provided for in the present article are compulsory and may not be extended, other than by the written consent of the College and the Union.

9-1.08

At any time before the arbitration hearing of a grievance, the parties may meet at the L.R.C. to discuss the matter.

Article 9-2.00 - Arbitration Procedure**9-2.01**

After having followed the procedure concerning grievances outlined in article 9-1.00, the Union wishing to submit a grievance to arbitration must, within the forty-five (45) days following the submission of the grievance, give written notice to this effect to the College and to the first arbitrator whose name appears in this article. This time limit must be respected and may not be extended without written consent from the parties.

At the same time as the notice of arbitration, the Union shall forward notice of the grievance to the first arbitrator.

9-2.03

Upon receipt of a notice to the effect that a grievance has been submitted to arbitration, the Records Office shall open a file to which it shall assign a case number and then forward to the employee concerned, the Union and the College an acknowledgement of receipt of the notice, indicating the case number and the date on which it was received. Furthermore, it

shall forward to the Federation, the Centrale and the Ministère a copy of the arbitration notice and of the acknowledgement of receipt.

9-2.04

The representatives of the national parties shall meet once a month in order to add to the arbitration roll all grievances submitted to the Records Office to be heard by a sole arbitrator or mediator.

However, when the local parties have decided that a grievance shall be settled by means of the accelerated arbitration procedure, the latter shall be processed according to the provisions of clauses 9-3.09 to 9-3.16.

9-2.05

The first arbitrator or the chief clerk, under the first arbitrator's authority, shall summon in writing, at least ten (10) working days in advance, the designated representatives of the Federation, the Ministère and the Centrale to a meeting in order to:

9-2.07

Should an assessor be unable or refuse to act, the national party who designated him shall nominate a replacement, in the delay prescribed by the arbitrator. Should the replacement not be nominated in the aforesaid delay, the arbitrator may proceed.

9-2.08

In the case of a tribunal made up of one arbitrator and two (2) assessors, the arbitrator, alone or with the assessor of only one party, does not have the power to hold arbitration sessions or to render decisions except if an assessor, after having been duly summoned in writing, does not present himself at the hearing.

9-2.09

Grievances submitted for arbitration according to the provisions of the agreement shall be decided upon according to the following paragraphs:

a) Arbitration of an application or interpretation grievance

Unless the national parties agree to add two (2) assessors designated by the parties, by an arbitrator chosen from among the following:

Barette, Jean	Ladouceur, André

- c) in any manner which is deemed just and equitable.

9-2.15

When the grievance includes a monetary claim, the filer of the grievance is not obliged to determine the amount before the arbitrator or mediator decides whether he is entitled to this amount of money.

If it is decided that the grievance is well founded and if the parties cannot agree on the amount to be paid, a notice addressed to the same arbitrator will enable him to make a final decision concerning the disagreement. The arbitrator may decree that the amount due to the plaintiff will bear interest at the rate provided in the Labour Code (R.S.Q., c. C-27).

9-2.16

When extra arbitration sessions for a same case must be held, the arbitrator shall set the time, date and place of the subsequent sessions and notify the Records Office which, in turn, shall notify the parties concerned, the Centrale, the Federation and the Ministère. An arbitrator may not be awarded the hearing of a grievance if he has not rendered a decision within the time allowed, and this, for as long as the decision is not rendered.

The arbitrator shall motivate and sign the decision.

The arbitrator shall deposit two (2) signed copies of the decision with the Records Office.

At any time before his final decision, an arbitrator may render any interim or interlocutory decision which he deems just and useful.

9-2.19

The arbitrator's decision shall not be nullified for the sole reason that it is made after the expiry of the time limit provided for in clause 9-2.18.

The arbitrator's decision must be carried out as soon as possible and before the expiry of the time limit prescribed in said decision, when such a time limit is set.

9-2.20

At any time before the arbitrator declares that the parties' representatives have stated that their evidence is concluded, the Centrale, the Federation and the Ministère may intervene and make any representation to the arbitration board that they deem appropriate or relevant.

9-2.21 Preparatory Sessions

The attorneys assigned to every grievance file to be heard according to the procedure outlined in this article shall inform the arbitrator and each other of the nature of the preliminary methods they intend to raise at least one (1) week prior to the hearing.

- f) study the admissibility of certain facts;
- g) analyze any other question which could simplify or accelerate the hearings.

Every arbitration hearing held in accordance with this article shall begin at a time fixed by the Records Office; the attorneys, assessors, where applicable, and the arbitrator must however use the first half-hour for a private preparatory session.

9-2.22

Upon the request of one of the parties, the arbitrator may summon a witness. The writ of summons must be delivered at least five (5) full days before the hearing.

9-2.23

A party may request the services of an official stenographer; it may also request that the arbitration hearings be recorded on tape or otherwise.

A copy of the transcript of the official stenographic notes and tapes, when applicable, must be forwarded to the arbitrator and to the assessors, if need be, as well as to the other party.

9-2.24

The arbitration sessions shall be held on College premises unless otherwise agreed upon by the parties.

9-2.25

In the preparation of the arbitration rolls, the national parties agree to give priority to grievances concerning the application of the terms and conditions of job priority and job security, followed by the cases of suspension and dismissal.

9-2.26 Grievances Anterior to the Present Collective Agreement

Grievances submitted to arbitration in accordance with prior Collective Agreements or the Provisions constituting Collective Agreements will be heard in conformity with such Dispositions or Collective Agreements.

Notwithstanding the above and except in the cases where a grievance has already been referred to a board, these grievances will be heard by a single arbitrator whose name appears in clause 9-2.09 of the collective agreement.

Furthermore, the parties may have recourse to the provisions of article 9-3.00.

Article 9-3.00 - Other Procedures**9-3.01 National Committee for the Settlement of Grievances and Other Recourses Arising from the Application of Sections 39 and 45 of the Labour Code**

The national parties shall create a national committee for the settlement of grievances and other recourses arising from the application of the Labour Code (R.S.Q., c. C-27). This committee shall include a representative from each party.

The committee's mandate shall be the following:

- a) to adopt measures designed to reduce as many of the accumulated grievances and other claims as possible according to the priorities and procedures determined by the committee;
- b) to guide the parties in finding the appropriate method of settling grievances;
- c) to make recommendations to the local parties before establishing a file so as to assist them in reaching a settlement;

d) to improve the scheduling of hearings and to reduce their duration.

Prearbitration Mediation

9-3.02

The College and the Union may agree to proceed with prearbitration mediation in dealing with certain grievances or other recourses arising from the application of sections 39 and 45 of the Labour Code (R.S.Q, c. C-27) according to the following terms and conditions.

To do so, the parties shall forward a joint notice to the Records Office. The Records Office shall designate, according to the procedure prescribed in article 9-2.00, a mediator from among the list prescribed in paragraph d) of clause 9-2.09.

9-3.03

Only a member of the College's management staff and an employee designated by the Union may represent the parties. They may, however, after having informed the other party, call upon an advisor who shall have no right to intervene.

9-3.04

The mediator shall attempt to help the parties reach a settlement. If a settlement is reached, the mediator shall take note thereof, draft it and file a copy at the Records Office. The settlement shall bind the parties.

The Records Office shall file two (2) certified copies with the Commission des relations du travail.

9-3.05

The procedure shall apply for every group of grievances or other recourses agreed upon between the College and the Union.

9-3.06

In the event that a number of grievances or recourses included in the prearbitration mediation process are unresolved, those remaining shall be dealt with according to the arbitration procedure agreed to between the parties and the other recourses according to the procedure as provided for in the Labour Code (R.S.Q., c. C-27).

9-3.07

The mediator cannot act as an arbitrator in any grievance not settled in the prearbitration mediation process unless the parties agreed otherwise before the start of said mediation.

9-3.08

The provisions of articles 9-1.00 and 9-2.00 shall be applied by adapting them to this procedure, with the exception of incompatible provisions.

Accelerated Arbitration Procedures**9-3.09**

Any grievance may be referred to this procedure provided that the parties (College and Union) explicitly agree to do so. In this case, a notice signed jointly by the authorized representatives of the parties, attesting to such agreement, shall be forwarded to the Records Office.

Should the College and the Union fail to sign a joint notice of their intent to refer a grievance to the accelerated arbitration procedure, the College or the Union may indicate separately such intent by forwarding a separate written notice to this effect to the Records Office along with a certified copy to the other party.

In this latter case, the written notice of the Union and that of the College must both be received by the Records Office at least seven (7) days prior to entering the grievance in question on the arbitration roll.

9-3.10

The following topics may be submitted to the accelerated arbitration procedure.

- 3-1.00 - Union Security
- 3-2.00 - Union Dues
- 3-3.00 - Releases for Local Union Affairs

9-3.11

The arbitrator shall be appointed by the Records Office. The arbitrator shall conduct an investigation, interrogate the parties and witnesses previously identified to the other party and may attempt to reconcile the parties either at their request or with their consent.

9-3.12

Only a member of the College's management staff and an employee designated by the Union may represent the parties. They may, however, after having informed the other party, call upon an advisor who shall have no right to intervene.

9-3.13

In general, a hearing usually lasts one (1) hour.

9-3.14

The arbitration award must contain a brief description of the dispute and a summary of the reasons supporting its conclusion (approximately two (2) pages). This decision may not be cited or used by anyone as regards the arbitration of any other grievance, unless this grievance is related to an identical dispute between the same College and the same Union and deals with the same facts and cases.

9-3.15

The arbitrator shall render his decision and shall forward a copy to the parties within a maximum five (5)-working day time limit of the hearing. The arbitrator shall also file the signed original copy at the Records Office.

9-3.16

The provisions of articles 9-1.00 and 9-2.00 shall apply by adapting them to the accelerated arbitration procedure provided for in this clause except for incompatible provisions.

Article 9-4.00 - Classification Grievances**9-4.01**

An employee or the Union who maintains that the principal and customary duties that the College requires the employee to perform do not correspond to his class of employment may submit a reclassification request to the human resources department according to the procedure provided for in this article, and shall do so within thirty (30) working days of the occurrence of the situation. The request must indicate the class of employment requested.

Neither the deadline of thirty (30) days provided for in preceding paragraph, nor the occurrence of a situation prior to the date of the coming into force of the agreement may have the effect of rendering the request invalid if the situation continues during the thirty (30) days preceding the filing of the request.

The reclassification request shall be accompanied by the form agreed upon by the national parties, including a detailed description of the employee's principal and customary duties.

9-4.02

The College shall analyze the employee's tasks and confirm or refute the statements appearing in the form submitted in accordance with the preceding clause.

Following this analysis and no later than the thirtieth (30th) working day after the submission of the reclassification request, the College shall communicate its decision to the employee and the Union. Where applicable, the College shall identify its differences with regard to the statements appearing in the form.

9-4.03

If no decision is rendered within the deadline provided in clause 9-4.02, or in the case of a refusal on behalf of the College, the reclassification request shall be referred to the local classification committee.

Unless the parties agree, the local classification committee will meet within ten (10) working days following the College's response to the employee, or following the deadline provided for in clause 9-4.02.

9-4.04

The local classification committee is made up of a maximum of two (2) representatives of the Union and of a maximum of two (2) representatives of the College.

Subject to the provisions of this article, the local classification committee is self-sufficient with regards to its operating procedure.

An agreement reached at the local classification committee binds the parties and the concerned employee.

9-4.05

If no settlement is reached after the first meeting of the local classification committee, the reclassification request shall then become a classification grievance duly submitted to the College.

9-4.06

The Union wishing to submit the grievance to the arbitration procedure shall provide written notice to the College and to the first arbitrator, whose name appears in article 9-2.00, within forty-five (45) days following the date of the first meeting of the local classification committee. At the same time as the notice of arbitration is submitted, the Union shall forward the notice of grievance to the first arbitrator. This deadline is mandatory and may not be extended without the written consent of the parties.

9-4.07

The setting of a date and place for the arbitration hearing and the appointment of an arbitrator shall be carried out in accordance with the provisions of article 9-2.00 with the necessary adjustments.

9-4.08

The Union shall, no later than ten (10) working days before the day of the hearing, send the arbitrator a copy of the request specified in clause 9-4.01, the form and the College's response provided for in clause 9-4.02.

Powers and responsibilities of the arbitrator**9-4.09**

In addition to every power provided for in article 9-2.00, the arbitrator who accedes to a classification grievance according to this article shall only have the authority to grant monetary compensation equivalent to the difference between the employee's salary and the higher salary corresponding to the duties which, in arbitration, the employee demonstrated he performs.

However, there shall not be any retroactive payment under this article when more than ninety (90) days have elapsed from the date the grievance was filed.

9-4.10

Monetary compensation may not be awarded later than the date of the arbitrator's decision and must be determined by the application of the rules governing promotion and transfer as provided for in article 6-4.00.

9-4.11

To fulfill his mandate, the arbitrator must refer to the classification plan and establish a correspondence between the duties performed by the employee and those set out in the classification plan.

If the arbitrator cannot establish the aforementioned correspondence, because no employment class in the classification plan corresponds to the duties of the employee, the following provisions shall apply:

1. Within twenty (20) working days of the arbitrator's decision, the national parties shall meet to determine a monetary compensation within the salary scales provided for in the agreement and to agree, if applicable, on the employment class to which this compensation corresponds for the purposes of applying clause 9-4.12.
2. Failing an agreement, the Union affected by the arbitration decision may request that the arbitrator determine the monetary compensation by finding in the agreement a salary similar to the salary associated with duties comparable to those of the employee concerned, with respect to the sectors provided for in the *Act respecting the process of negotiation of the collective agreements in the public and parapublic sectors* (R.S.Q., c. R-8.2).

9-4.12

If the College:

- a) accedes to the classification grievance and decides to maintain the characteristics of a position,

or
- b) decides to maintain the characteristics of a position whose incumbent was entitled to a monetary compensation,

the employee shall remain the incumbent of the position whose classification has been modified and shall be reputed to have the requested qualifications and meet the conditions required by the College with regard to the aforementioned position.

If the College decides to comply with this clause, the employee who would temporarily occupy the position shall receive the remuneration attached with the position.

9-4.13 Prior Classification Grievances

Classification grievances submitted to arbitration according to prior collective agreements or provisions constituting collective agreements shall be heard in accordance with these collective agreements or provisions constituting collective agreements.

Notwithstanding the foregoing and except in cases where a grievance has already been referred to a board, these grievances shall be heard by a classification arbitrator whose name appears in paragraph b) of clause 9-2.09 of the agreement. In the case of a classification grievance submitted to mediation-arbitration in accordance with the provisions of the 2005-2010 collective agreement, these grievances are heard by a mediator-arbitrator whose name appears in paragraph c) of clause 9-2.09 of this agreement.

The parties may agree to refer a classification grievance filed for mediation-arbitration in accordance with the provisions of the 2005-2010 collective agreement to the procedure provided for in this article. In which case, clauses 3-3.03, 9-2.04, 9-2.05 and 9-2.10 up to 9-2.13 apply by making the necessary adjustments.

Article 9-5.00 - Expenses and fees

9-5.01

This article applies to all grievance and arbitration procedures provided for in this chapter.

Expenses and fees of the arbitrators and mediators

9-5.02

The expenses and fees of the arbitrator shall be assumed by the losing party.

However, in cases of dismissal grievances, the arbitrator's expenses and fees shall be borne by the Ministère.

In the event of a mixed decision, the arbitrator shall determine the sharing of the expenses.

The arbitrator's fees shall be paid only after two (2) signed copies of the decision have been deposited with the Records Office.

9-5.03

The expenses and fees of mediators covered by this article are shared equally by both parties.

9-5.04

In the case of a prearbitration mediation, that is cases where the mediator may be called upon to act as arbitrator for the same adjudication, the expenses and fees charged as arbitrator are assumed in accordance with the provisions of clause 9-5.02.

Postponement and cancellation fees**9-5.05**

The party requesting the postponement of a hearing within thirty (30) days or less of the date of the hearing shall pay to the arbitrator a cancellation fee of four hundred (\$400) dollars; if the postponement follows a joint request, the cancellation fee shall be shared equally by both parties.

Likewise, the party requesting the postponement of mediation within thirty (30) days or less of the date of the mediation session shall pay to the mediator a cancellation fee of four hundred (\$400) dollars; if the postponement follows a joint request, the cancellation fee shall be shared equally by both parties.

9-5.06

Where applicable, when payable, the compensation due to the arbitrator or the mediator as a cancellation fee is assumed by the party who withdraws from its grievance or by the one who accedes to it.

9-5.07

In the case where the parties agree to the settlement of the grievance, when payable, the compensation due to the arbitrator or the mediator as a cancellation fee shall be assumed, either:

- equally by both parties;
- according to the conditions set forth by the parties during the settlement of the grievance;
- or, if one of the parties requests it, the arbitrator or the mediator who takes note of the settlement, if applicable, can determine a different share of the compensation.

9-5.08

In the case of a settlement, whatever the number of grievances covered and whatever the nature of the settlement of the grievances, the compensation due as a cancellation fee, as well as the expenses and fees of the arbitrator, if applicable, shall be assumed equally by the parties or according to the conditions of the settlement.

Upon request from either party, the arbitrator who takes note of the settlement can determine a different share.

Other expenses and fees**9-5.09**

The expenses and fees of the assessors shall be the responsibility of the party they represent.

9-5.10

The expenses of the records office and the salaries of its staff members shall be paid by the Ministère.

9-5.11

The travel and accommodation expenses of a witness, as well as the tax provided for in the *Labour Code* (R.S.Q., c. C-27), if applicable, shall be reimbursed to the witness by the party that proposed the summons.

9-5.12

All expenses and fees ensuing from the services of an official stenographer or from the recording of the hearings on magnetic tape or otherwise, shall be charged to the party that made the request according to the provisions of clause 9-2.23.

CHAPTER 10 - GENERAL PROVISIONS

Article 10-1.00 - Publication

The number of copies delivered shall be equal to ten per cent (10%) of the number of full-time employee (FTE) equivalent by college on the effective date of the agreement; twenty (20) copies being the minimum by college.

This text shall be the only one that can be invoked for the purposes of interpretation and application of the collective agreement, particularly before the arbitration boards and the civil tribunals.

10-1.03

In the case of an Anglophone college or campus, in addition to the French text, the national employer party shall deliver to the national union party, by means of hard copy, the English version of the texts mentioned in clause 10-1.02, within one hundred and twenty (120) days following the signature of the collective agreement by the national parties. The number of copies delivered shall be equal to ten per cent (10%) of the number of FTE equivalent by Anglophone college or campus on the date the collective agreement comes into effect; twenty (20) copies being the minimum per Anglophone college or campus.

10-1.04

The national parties agree to release one (1) employee for the purpose of verifying the English version of the legal French text of the collective agreement. The maximum duration of this release shall be five (5) working days; the terms and duration of such a release shall be determined by the national parties.

The employee released by virtue of this article shall not lose any right with respect to salary, benefits and privileges recognized by this agreement.

The cost of this release is not reimbursed by the Union.

10-1.05

The national employer party shall deliver to the national union party, by means of hard copy, the true text in French of any letter of agreement signed by the national parties. This letter of agreement shall be delivered to the employees and unions directly affected by the letter of agreement and this according to the provisions of clause 10-1.02.

Where applicable, in the case of an Anglophone college or campus, the national employer party shall deliver to the national union party an English version of the letter of agreement to the employees or unions directly affected by the letter of agreement, and this according to the provisions of clause 10-1.03.

Article 10-2.00 - Technological Changes

10-2.01

The parties shall understand by technological changes the introduction, addition or alteration of machinery, equipment or material which will cause a substantial change in current work techniques, methods or procedures which require a particular qualification or, if need be, a preliminary training or professional development.

10-2.02

At the latest on June 1 of each year, the College shall submit to the Union its plans for technological changes during the following contractual year for the purpose of consultation. After this, the Union is granted a period of thirty (30) days to make its position known to the College at the L.R.C.

10-2.03

The plan submitted to the Union must contain the following elements:

- a) the nature of the technological change;
- b) the employees and positions liable to be affected;

- d) the planned professional development.

10-2.04

Should the College wish to proceed putting in place a technological change not foreseen in the plan as presented in accordance with clause 10-2.02, it must notify the Union at least ninety (90) days in advance.

This notice shall include the elements mentioned in clause 10-2.03; it shall be followed by a consultation of the Union in the framework of the L.R.C., which will end at the latest thirty (30) days after transmitting the notice.

10-2.05

This article may be subject to a local agreement between the parties.

Article 10-3.00 - Transmission of Written Documents**10-3.01**

For the purposes of applying the agreement, the use of the fax machine shall constitute a valid means of transmitting written documents. This shall apply in all cases where the collective agreement refers to a specific mode of transmission.

Moreover, the use of electronic mail shall constitute a valid means of transmitting written documents between the College and the Union.

Article 10-4.00 - Appendices**10-4.01**

The appendices are an integral part of the collective agreement.

Article 10-5.00 - Duration of the Collective Agreement**10-5.01**

The collective agreement shall become effective on the signing date, except where provisions to the contrary have been made, and end on March 31, 2015; it shall remain in effect until its renewal.

These stipulations shall have no retroactive effect, except where provisions to the contrary have been made.

APPENDIX**APPENDIX "1"****MOVING COSTS****1. General provisions**

The provisions of this appendix shall apply to any employee who, by virtue of the provisions concerning job security, is subject to a relocation which involves a change in domicile.

When the distance between the previous place of work and the new place of work is more than fifty (50) kilometres, the moving expenses provided in this appendix shall apply if the employee moves. The College of origin may also authorize the reimbursement of moving expenses in other cases, after having studied the case in question.

2. Allowances

The allowances provided below shall be paid by the College of origin, upon presentation of supporting evidence. The College agrees to pay the authorized expenses within thirty (30) days.

3. Absence for moving and reimbursement of certain costs

Any employee to whom a position is offered and who, by accepting such an offer, must move shall be entitled to be absent from his work:

- a) without loss of salary, for a maximum period of three (3) working days, excluding the time required for a return trip, in order to look for a new domicile. In such cases, the College of origin shall reimburse the cost of a return trip for the employee and the spouse, as well as their living expenses for a period not exceeding three (3) days and this, in accordance with the regulations concerning the travel costs in effect at the College of origin;
- b) without loss of salary, for a period of three (3) working days, in order to move from one domicile into the new one. In such cases, the employee's and his family's travel and living expenses shall be reimbursed in accordance with the regulations concerning travel costs in effect at the College of origin.

4. Moving costs

The College of origin shall assume, upon presentation of supporting evidence, the costs incurred for the transportation of the furniture and personal effects of the employee concerned, including the packing and unpacking and the costs of the insurance premium, or the costs of towing a mobile home, on the condition that he supplies, in advance, at least two (2) detailed bids for the costs to be incurred.

However, the College of origin shall not pay the cost of transporting the employee's personal vehicle, unless the location of his new residence is inaccessible by road. Moreover, the cost of transporting a boat, canoe, etc., shall not be reimbursed.

5. Cost of storage of furniture and personal effects

When the move from one domicile to another cannot take place as a direct result of reasons beyond its control, other than the construction of a new residence, the College of origin shall pay the costs of storing the employee's furniture and personal effects and those of his dependents for a period not to exceed two (2) months.

6. Compensation for related expenses

The College of origin shall pay a moving allowance of seven hundred and fifty dollars (\$750) to any employee, married or in a civil union, who is transferred, or two hundred dollars (\$200) if he is single, in compensation for the related moving expenses (carpets, draperies, disconnecting and installing electrical appliances, cleaning, babysitting fees, etc.), unless the said employee is assigned to a location where complete facilities are made available by the new College.

Nevertheless, the seven hundred and fifty dollars (\$750) moving allowance payable to the transferred to the employee who is married or in a civil union, shall also be payable to the single employee who maintains a residence.

7. Breaking a lease

The College of origin shall pay the equivalent of one month's rent to the employee who must abandon a dwelling without a written lease. If there is a lease, the College of origin shall reimburse, up to a maximum of three (3) month's rent, the employee who must break his lease when the landlord demands compensation. In both cases, the employee must attest that the landlord's request is well-founded and produce supporting evidence.

If the employee chooses to sublet his dwelling himself, reasonable costs for advertising the sublet shall be assumed by the College of origin.

8. Buying or purchasing a house

a) The College of origin shall pay the employee who must sell his house (principal residence) the real estate agent's fees, at a rate not exceeding six per cent (6%) and up to a maximum amount of two thousand four hundred dollars (\$2 400), upon presentation of the following documents:

- the contract with the real estate agent immediately after its drawing up;
- the sales contract;
- the statement of the agent's fees.

b) The College of origin shall pay the employee, who has sold his house because of his relocation and who purchases a new one in order to set up residence at his new posting, one per cent (1%) of the sale price, up to a maximum of four hundred dollars (\$400), to cover the cost of notarized deeds which the employee must pay.

9. Costs of keeping the unsold house

When the house of the relocated employee is not sold by the time he must assume his obligations regarding his new place of residence, even though it has been put up for sale at a reasonable price, the costs of keeping the unsold house shall not be reimbursed but, in this case, the College of origin shall reimburse the following expenses upon presentation of supporting evidence, for a period not exceeding three (3) months:

- municipal and school taxes;
- the interest on the mortgage;
- the cost of the insurance premium.

10. Living expenses

When the move from one domicile to another cannot take place directly because of uncontrollable reasons, other than the construction of a new residence, the College of origin shall reimburse the employee for the living expenses of himself and his family in accordance with the regulations concerning travel expenses in effect at the College, normally for a period not exceeding two (2) weeks.

11. Transportation costs

12. Rental costs

In the case where a relocated employee chooses not to sell his house (principal residence), he may benefit from the provisions of this article. In order to avoid a double financial burden for the employee-owner due to the fact that his principal residence is not rented at the time he assumes his new accommodation obligations in the new location, the College of origin shall pay him, for the period in which his house is not rented, the amount of his new rent, up to a maximum of three (3) months, upon presentation of supporting evidence. Moreover, the College of origin shall reimburse him for the reasonable advertising costs and the costs of no more than two (2) trips incurred for the renting of his house, upon presentation of supporting evidence and in accordance with the regulations concerning travel costs in effect at the College of origin.

APPENDIX "8"**APPENDIX RELATING TO WORKING CONDITIONS APPLICABLE
TO ATTENDANTS FOR DISABLED STUDENTS**

1. This appendix shall modify the provisions of the collective agreement when applicable to *Attendants for disabled students*.

2. Clause 1-1.27 is replaced with the following:

1-1.27 Specific Project

Set of activities pertaining directly to physical accompaniment and manipulative aid functions determined by at least one of the intervention plans for one or more physically disabled students.

3. Determining the specific project(s) for a teaching semester

- 3.1 Before the beginning of each semester, the College shall determine the specific project(s) based on the accompaniment needs, taking the following elements into account:

- a) The need for the student to maintain the attendant/student relationship;
- b) The student's course schedule;
- c) The intervention plan(s) for the beneficiary student(s);
- d) The number of attendants who can attend to the same student throughout the semester;
- e) The provisions related to working schedules set out in article 7 of this appendix.

4. Granting the specific project(s)

- 4.1 The specific project(s) determined in article 3 are granted to attendants who have held jobs in this role for a length of time equivalent to one hundred and thirty (130) days worked or paid for within a thirty (30) month period before May 15 for the fall semester or December 15 for the winter semester.

The College shall grant the specific projects starting with the attendant who has the most time worked or paid in this role as of the preceding May 15 for the fall semester and the preceding December 15 for the winter semester.

- 4.2 Following the granting of the specific project, the College may, during the first twenty-five (25) days of classes in each semester, reduce the number of working hours of the attendant concerned, without advance notice.
- 4.3 From the twenty-first (21st) day of classes to the twenty-fifth (25th) day inclusively of each semester, the College shall attempt to compensate the number of working hours initially set out in the specific project granted to the attendant who, for reasons of a lower attendance by the beneficiary student(s), sees his number of working hours reduced.

To this end, the College shall first draw from the working hours of the attendant who has the least amount of hours worked or paid as per the second subparagraph of paragraph 4.1 of this appendix. This new determination of working hours is made according to the provisions of paragraph 3.1 of this appendix.

- 4.4 After the twenty-fifth (25th) day of classes of each semester, for reasons of a lower attendance by the beneficiary student(s), the College may reduce the number of the attendant's working hours initially set out in the specific project granted to the attendant up to the number of course hours of the beneficiary student(s), following an advance notice of five (5) working days.

5. Ad hoc situations

- 5.1 An attendant whose working hours were reduced as provided for in paragraph 4.4 of this appendix shall be assigned based on his capacity to carry out any task determined by the College, and included in the class of employment categories defined in Appendix 11 of the collective agreement, with the exception of category C. This assignment is governed by the provisions of clauses 5-2.12 and 5-2.13. Unless otherwise agreed by the College and the attendant, this assignment shall be based on the course schedule of the beneficiary student with a lower attendance based on clause 4.4.
- 5.2 Where applicable, the accompaniment hours available before the start of classes and after the end of classes are offered based on the order provided for in clause 4.1 and the elements provided for in clause 3.1 of this appendix.

- 5.3 After the twenty-fifth (25th) day of classes of each semester, for reasons of absences on an ad hoc basis of the beneficiary student, the College may reduce the number of the attendant's working hours up to the number of course hours of the beneficiary student he accompanies in his classes, following an advance notice given on the day preceding the beneficiary student's absence.

During this absence, the student's attendant shall be assigned based on his capacity to carry out any task determined by the College according to the parameters set out in clause 5.1.

6. Engagement

- 6.1 The engagement of the attendant shall be confirmed on the twenty-sixth (26th) day of classes of each semester, up to the last day of classes during which the beneficiary student(s) are registered for the current semester.

7. Article 7-2.00 is replaced with the following:

Article 7-2.00 - Working Schedules

7-2.01

The regular workweek shall consist of five (5) consecutive working days followed by two (2) consecutive days off.

7-2.02

The College may, during the first twenty-five (25) days of classes of each semester, modify the attendant's working schedule, without advance notice.

Subject to paragraph 4.3 of this appendix, the working schedule shall be confirmed on the twenty-sixth (26th) day of classes of each semester. This schedule shall become the attendant's regular working schedule. This schedule includes course hours and additional activities.

Afterwards, and subject to paragraph 5.1 of this appendix, this schedule may only be modified as mutually agreed to by the College and the attendant concerned.

7-2.03

The determination of the schedules shall take into account, as they apply, the following provisions:

- a) the maximum scheduling time for all individual schedules is from 7:30 a.m. until 11:00 p.m.; the determination of the schedules may cause the schedule of an employee to vary from one day to another;

- b) on a daily basis, no individual schedule may be greater than ten (10) hours of availability;
- c) unless otherwise agreed upon with the employee, the College shall guarantee a minimum resting period of twelve (12) hours between the end of a regular working day and the start of the following regular working day.

7-2.04

The College may schedule split shifts for a maximum of three (3) days a week.

8. The parties may agree by local agreement to modify this appendix.

APPENDIX "9"

ALTERNATIVE WAY OF RESOLVING DISPUTES

1. The national parties agree to the following provisions regarding a pilot project on an alternative way of resolving disputes, hereafter referred to as preventive dispute mediation process.
2. This pilot project shall start when the collective agreement comes into effect and shall end on March 31, 2015.
3. **Local parties to the pilot project**
 - 3.1. The local parties of the Collège Ahuntsic, Collège Bois-de-Boulogne, Cégep de Sherbrooke and Cégep de Victoriaville agree to apply the provisions constituting the preventive dispute mediation provided for in this appendix.
 - 3.2. As soon as the collective agreement comes into effect, the Human Resources directorate in each of the colleges involved shall appoint a College individual to act as its intervener in the preventive dispute mediation. In case of this individual's incapacity to act or resignation in this role, the College shall appoint a substitute or successor, as the case may be.
 - 3.3. No later than October 1, 2014, the local parties involved shall report on their experience to their respective national party.

4. Preventive dispute mediation process

The local parties concerned by this appendix shall apply the following process:

- 4.1. At all times, a party involved¹, whether alone or through an authorized representative, may submit to the other party involved, whether alone or through an authorized representative, any issue arising from the application of the collective agreement. The parties involved shall then attempt to resolve the issue.
- 4.2. However, if the issue persists, a party involved may, through a written denunciation, use this process. This denunciation must state the fact(s) leading to it, the individuals concerned as the case may be, and the necessary corrective measures.

¹ The term "party involved" shall mean any employee or member of the College who is affected by the issue.

- 4.3. This denunciation shall be delivered to the intervener appointed in accordance with paragraph 3.2 of this appendix.
- 4.4. In carrying out his mandate, this intervener shall meet with each individual concerned by the denunciation and, as required, the representatives of the local parties.
- 4.5. Without delay, the intervener shall attempt to help the parties involved and, if applicable, the local parties reach a settlement of the dispute. He may also recommend potential solutions.
- 4.6. If, according to one of the parties involved, the dispute persists following the intervention provided for in the preceding paragraphs, the local parties must ask the Labour Minister to appoint a mediator who will help in resolving the dispute. The participation in the mediation process is mandatory for the parties involved as well as the local parties.
- 4.7. Before the mediator who has been appointed by the Labour Minister intervenes, the local parties shall provide him with all the information which will be useful in carrying out his mandate.
- 4.8. The mediator shall attempt to help the parties involved and, if applicable, the local parties reach a settlement.
- 4.9. If a settlement is reached, the mediator shall take note thereof, and draft it. This settlement shall bind the parties.
- 4.10. At the end of the mediation, the mediator shall submit a report.

5. Suspension of time limits

- 5.1. The time limit provided for in 9-1.03 is suspended during the preventive dispute mediation process provided for in this appendix.
- 5.2. The submission of a report by the mediator shall end the time limit suspension provided for in clause 5.1 of this appendix.

6. Follow-up committee

- 6.1. The national parties shall appoint a follow-up committee to the preventive dispute mediation pilot project provided for in this appendix.
- 6.2. This committee shall be made up of two representatives of each of the national parties and a representative of one College and one Union participating in the pilot project.
- 6.3. The Committee's mandate is as follows:

- support the participating local parties in implementing the preventative mediation process;
 - discuss the difficulties met by these parties during the term of the pilot project and recommend potential solutions, as required;
 - debrief the pilot project;
 - make recommendations to their respective national parties;
 - cooperate with the records office of education.
- 6.4. The committee shall begin to carry out its work within ninety (90) days of the signing of the collective agreement. This work shall end no later than March 31, 2015.

However, for the employees holding jobs not covered by the classification plan, their salary shall be maintained until a new employment class is created.

Within thirty (30) days following the accreditation, the national parties shall agree on the date on which the information relating to employees covered by clause 4-1.01 shall be given to the Union.

Moreover, within sixty (60) days following the accreditation, the national parties shall hold discussions regarding the particular areas of the collective agreement that specifically apply to this new group of employees.

APPENDIX "12"

APPENDIX RELATING TO THE WORKING CONDITIONS APPLICABLE TO THE INTERPRETERS EMPLOYED BY THE COLLÈGE DE SAINTE-FOY AND THE COLLÈGE DU VIEUX MONTRÉAL

1. The present appendix shall modify the provisions of the collective agreement when applicable to the interpreters covered by the certification issued to the Syndicat des interprètes du Collège Sainte-Foy and to the Syndicat des interprètes professionnels du Cégep du Vieux Montréal.
2. Article 5-1.00 shall be modified by replacing clauses 5-1.15 and 5-1.16 with the following:

5-1.15 Replacement for a foreseeable period of one (1) semester or more

When the College decides to fill a temporarily vacant position for a foreseeable period of one (1) semester or more, it may, subject to clause 5-6.03, proceed either:

- a) by a temporary assignment according to clause 5-2.11 thereby increasing the number of working hours for the regular part-time employee. However, in this case, the College cannot force the employee with the least seniority to take the position;

or

- b) by a posting of five (5) working days according to clause 5-1.07 and restricted to those persons referred to in items 1, 2 and 3 of the said clause with the exception of those employees who hold occasional or substitute jobs for one (1) semester or more. Interested persons must apply in writing on the last working day of the posting at the latest.

The College shall provide the Union, within two (2) days of the beginning of posting, with a list of the persons having filled occasional or substitute jobs for the equivalent of a hundred and thirty (130) days worked or paid for during the thirty (30) months preceding the beginning of posting, as well as the number of hours worked or paid during the reference period for each occasional or substitute employee.

Among the candidates, the College shall choose the person with the most seniority or with the most worked or paid time as an occasional or substitute employee during the thirty (30) months preceding the beginning of posting and

who answers to the qualifications and conditions required by the position according to the following order of priority:

1. the regular employee (including the part-time employee willing to assume a full weekly workload, his work schedule permitting);
2. the employee laid off by the College and whose name is on the Placement Office's list;
3. the person who has been employed by the College as an occasional or substitute employee for the equivalent of a hundred and thirty (130) days worked or paid for during the thirty (30) months preceding the beginning of posting.

In cases where candidates have worked or been paid equal time, the College shall choose the employee having the most worked or paid time during the twenty-four (24) months preceding the reference period of thirty (30) months preceding the beginning of posting.

If the College has not filled the vacant position in accordance with the order of priority referred to in subparagraphs 1., 2. and 3., it may proceed by the provisional assignment of a person from another category of personnel in the College, provided such a person meets the normal requirements of the position.

The application of this clause shall not be impeded by the fact that an employee may decide to terminate a release or a leave of absence by sending a notice under the terms of articles 3-4.00, 5-10.00, 7-4.00 or 7-10.00.

For the purpose of applying the present clause, the parties may agree to proceed differently, by way of a local agreement.

5-1.16 Specific project

When the College decides to hire an employee for a specific project, it may, subject to clause 5-6.03, proceed either:

- a) by a temporary assignment according to clause 5-2.11 thereby increasing the number of working hours for the regular part-time employee. However, in this case, the College cannot force the employee with the least seniority to take on the specific project;

or

- b) by a posing of five (5) working days according to clause 5-1.07 and restricted to those persons referred to in items 1, 2 and 3 of the said clause with the exception of those employees who hold occasional or substitute jobs for one (1) semester or more. Interested persons must apply in writing on the last working day of the posting at the latest.

The College shall provide the Union, within two (2) days of the beginning of posting, with a list of the persons having filled occasional or substitute jobs for the equivalent of a hundred and thirty (130) days worked or paid for during the thirty (30) months preceding the beginning of posting, as well as the number of hours worked or paid during the reference period for each occasional or substitute employee.

Among the candidates, the College shall choose the person with the most seniority or with the most worked or paid time as an occasional or substitute employee during the thirty (30) months preceding the beginning of posting and who answers to the qualifications and conditions required by the position according to the following order of priority:

1. the regular employee (including the part-time employee willing to assume a full weekly workload, his work schedule permitting);
2. the employee laid off by the College and whose name is on the Placement Office's list;
3. the person who has been employed by the College as an occasional or substitute employee for the equivalent of a hundred and thirty (130) days worked or paid for during the thirty (30) months preceding the beginning of posting.

In cases where candidates have worked or been paid equal time, the College shall choose the employee having the most worked or paid time during the twenty-four (24) months preceding the reference period of thirty (30) months preceding the beginning of posting.

Notwithstanding the foregoing, when the College decides to hire an employee for a period of one (1) year or more for a specific project, it shall, subject to clause 5-6.03, post the position according to the provisions of paragraph b) of this clause.

The application of this clause shall not be impeded by the fact that an employee may decide to terminate a release or a leave of absence by sending a notice under the terms of articles 3-4.00, 5-10.00, 7-4.00 or 7-10.00.

For the purpose of applying the present clause, the parties may agree to proceed differently, by way of a local agreement.

3. Article 5-9.00 shall be replaced by the following:

5-9.01

The College may proceed with temporary layoffs for reasons of cyclical slowdowns or of seasonal suspension of activities.

A temporary layoff shall not be considered to be the elimination of a position, as defined in article 5-4.00.

5-9.02

After consulting the L.R.C., the College may proceed with temporary layoffs each year between May 15 and August 31. The duration of the temporary layoffs shall be predetermined and may vary from one employee to the other. The effective date of the layoff shall be made known to the employee at the time of distribution of working schedules.

The College may also proceed with temporary layoffs in periods other than that provided for in the above paragraph. Such layoffs shall be determined in advance and shall not be less than one (1) month's duration.

5-9.03

The College shall inform in writing each employee concerned of the date of the coming into force and of the duration of the temporary layoff.

5-9.04

During a temporary layoff, the employee continues to participate in the basic health insurance plan by paying his share of the premium prior to the beginning of his temporary layoff. he may also continue to participate in the other group insurance plans insofar as the master policies permit it and provided that he so informs the College and pays his share of the premium prior to the beginning of his temporary layoff.

5-9.05

The employee continues to accumulate seniority and to benefit from the payment of legal holidays according to clause 7-5.02 for the period during which he is temporarily laid off.

5-9.06

The temporary layoff of an employee shall not constitute a break of the employment bond. However, subject to clause 5-6.02, the period during which an employee is temporarily laid off shall not be counted for purposes of employment security.

5-9.07

The employee willing to do occasional work as an interpreter or other foreseeable replacement duties of more than two (2) weeks' duration during his temporary layoff, must so inform the College in writing prior to the beginning of his layoff. The College may then offer occasional work to these employees according to the order of priority and according to their qualifications and the College's requirements.

If the employee refuses such an offer, the College will have no obligation to offer any occasional work to this employee for the remainder of his temporary layoff.

5-9.08

Subject to the provisions of articles 5-4.00 and 5-6.00, the employee resumes his position at the end of his temporary layoff.

4. Article 7-2.00 shall be replaced by the following:

7-2.00 - Work Schedules**7-2.01**

The regular workweek shall consist of five (5) consecutive workdays followed by two (2) consecutive days off.

7-2.02

The College sets or changes the work schedules. Once set, the work schedules are maintained for the entire semester. The College sets the work schedule for all vacant positions and newly created positions.

7-2.03

The College, in setting the work schedules, shall take into account the following provisions, when applicable:

- a) individual work schedules may only be set between the hours of 7:30 a.m. and 11:00 p.m.; individual work schedules vary from one day to the other;
- b) on a daily basis, no individual work schedules may exceed ten (10) hours of availability including a maximum of seven (7) hours as an interpreter in the classroom; exceptionally, an individual work schedule may require eleven (11) hours of availability;
- c) a minimum of twelve (12) hours is required between the end of a normal working day and the beginning of the next normal working day;
- d) a weekly maximum of twenty-seven (27) hours of interpreting may be required of the full-time employee. However, on an annual basis, the College shall not require a weekly average exceeding twenty-four (24) hours of interpreting in the classroom. In order to establish this weekly average, the College shall only use the number of hours of classroom interpreting which are part of the schedule in effect on the 21st day of each semester.

In addition to the provisions of the preceding paragraph, a minimum of five (5) hours per regular workweek shall be reserved for interpretation-related activities as provided for in the Classification Plan;

- e) qualifications and requirements for services to be rendered to hearing-impaired students;
- f) the time spent travelling between teaching areas is included in the work schedule and is considered as work under the terms of section 7-1.01;

- g) subject to the provisions of paragraph e) of the present clause and before offering any work to an occasional employee, the College shall raise to thirty-five (35) hours the regular weekly schedule of the part-time employee willing to take on a full workload. The same shall apply during the semester, when individual work schedules so allow;
- h) the date of the beginning of an employee's availability as well as the effective date of an employee's layoff, when applicable, shall be stated on the employee's work schedule.

7-2.04

The College may set split shifts for a maximum of two (2) days per week.

However, with the employee's consent, the College may set split shifts for more than two (2) days per week.

7-2.05

The College may modify the interpreter's individual schedule any time during the first twenty (20) school days of each semester.

After this time, an individual work schedule of thirty-five (35) hours shall be set for each full-time interpreter, including hours of interpreting and other related activities.

Subsequently, this work schedule may only be modified following an agreement between the employee and the College, except for modifications on an ad hoc basis. During the application of ad hoc work schedule modifications, the employee assuming family responsibilities within the meaning of the *Act respecting Labour Standards* (R.S.Q., c.N-1.1) may argue on this ground in order to circumvent an ad hoc work schedule modification. In which case, the employee shall provide to the College, upon request, with a document attesting to these responsibilities.

Notwithstanding the preceding paragraph, if the need cannot be met by modifying the work schedule of another employee on an ad hoc basis, the College shall modify the work schedule of the employee(s) who assume family responsibilities.

7-2.06

Subject to other provisions of the present article, the employee shall carry out all interpreting duties required of him during the hours covered by the provisions of clause 7-2.05 of this appendix.

7-2.07

The parties may agree by local agreement:

- a) on procedures for calculating travelling time, and deducting this time from the normal workweek;
- b) on procedures for distributing of work schedules among the employees.

7-2.08

The parties may agree by local agreement to set up a program on the organization of work schedules.

Where applicable, during the determination of the related schedules, the program shall provide for the granting of a priority to employees assuming family responsibilities within the meaning of the *Act respecting Labour Standards* (R.S.Q., c.N-1.1). The employee shall provide to the College, upon request, with a document attesting to these responsibilities

The work schedules resulting from this program must, on an annual basis, respect the number of working hours per week provided for in clause 7-1.01.

The individual work schedule resulting from the implementation of this program shall become the regular working hours for the employee concerned.

5. The parties may agree by local agreement to modify this appendix.

APPENDIX "13"**APPENDIX RELATING TO THE WORKING CONDITIONS APPLICABLE TO
SWIMMING POOL SUPERVISORS, OR SOCIOCULTURAL OR SPORTS ACTIVITIES
LEADERS, OR SOCIOCULTURAL OR SPORTS ACTIVITIES COUNSELLORS OF
THE COLLÈGE ÉDOUARD-MONTPETIT**

This appendix shall modify some of the provisions of the collective agreement when applicable to the Swimming Pool Supervisors, Sports and Swimming Leaders and Sports Activity Counsellors of the Collège Édouard-Montpetit Sports Centre.

The national parties agree on the following modifications:

1. Clause 1-1.21 shall be replaced by the following:

1-1.21 – Part-time Employee

Employee whose average number of working hours per week on an annual basis is equal to or less than the number of hours provided for in clause 7-1.01. The duties may be carried out in more than one of the employment classes aforementioned. The salary is based on the number of hours worked in each of these employment classes.

2. Clause 6-6.02 shall be replaced by the following:

6-6.02 – Evening Shift Premium

An employee who works between 6 p.m. and midnight shall be entitled, for each hour actually worked, provided that the hours worked are not paid at the overtime rate, to the evening shift premium whose rates, increased according to the provisions of clause 6-6.01, are as follows:

Rate 2010-04-01 to 2011-03-31 (\$)	Rate 2011-04-01 to 2012-03-31 (\$)	Rate ¹ 2012-04-01 to 2013-03-31 (\$)	Rate ¹ 2013-04-01 to 2014-03-31 (\$)	Rate ¹ as of 2014-04-01 (\$)
\$0.64 / h	\$0.64 / h	\$0.65 / h	\$0.66 / h	\$0.67 / h

3. Article 7-2.00 shall be replaced by the following:

7-2.01

The regular workweek shall consist of five (5) consecutive working days followed by two (2) consecutive days off.

7-2.02

The College shall determine or change the working schedules. The schedule shall be established for at least one term.

During the term, the schedules may be modified for unusual reasons after consulting the employee concerned at least five (5) days in advance. During the application of modifications to the work schedule for unusual reasons, the employee assuming family responsibilities within the meaning of the *Act respecting Labour Standards* (R.S.Q., c.N-1.1) may argue on this ground in order to circumvent a work schedule modification for unusual reasons. In such cases, the employee shall provide to the College, upon request, a document attesting to these responsibilities.

Notwithstanding the preceding paragraph, if the need cannot be met by modifying the work schedule for unusual reasons of another employee, the College may modify the work schedule of the employee(s) who assume family responsibilities.

7-2.03

The College may not schedule split shifts without having first reached an agreement with the employee(s) concerned and the Union.

¹ The rates shown represent a minimum; these may be higher following the application of increases provided for in clauses 6-7.03, 6-7.04 and 6-7.05 of the collective agreement.

7-2.04

A minimum of twelve (12) elapsed hours between the end and the beginning of a normal working day is required.

7-2.05

Subject to the qualifications and other requirements of the College, before offering any work hours to an occasional employee or student employee, the College shall raise to thirty-five (35) hours the week of the part-time employee covered by clause 1-1.21 of this appendix who is willing to complete his regular workweek. The same shall apply during the semester, when individual work schedules so allow.

7-2.06

For the purpose of applying article 7-2.00 of this appendix, the terms shall correspond to those of the schedule of activities of the Sports Centre.

4. Article 7-9.00 Apparel and Uniforms shall be replaced by the following:

Article 7-9.00 – Apparel and Uniforms**7-9.01**

The College shall pay the employee referred to in clause 1-1.21 of this appendix an annual allowance for the apparel and uniforms required for the performance of their duties. This allowance shall be set according to the following amounts:

Rate	Rate	Rate	Rate	Rate
2010-04-01	2011-04-01	2012-04-01	2013-04-01	as of
to	to	to	to	2014-04-01
2011-03-31	2012-03-31	2013-03-31	2014-03-31	(\$)
(\$)	(\$)	(\$)	(\$)	
\$124/year	\$125/year	\$127/year	\$129/year	\$132/year

This allowance is increased as of the same date and at the same percentage as determined in the 2nd and 3rd paragraphs of clauses 6-7.04 to 6-7.05, and clause 6-7.06 of the agreement.

5. The parties may agree by local agreement to modify this appendix, with the exception of the provisions regarding premiums and quanta of working hours.

APPENDIX "14"**OUTSIDE CONTRACTS**

The CPNC and the FPSES on behalf of the colleges support personnel unions (FPSES-CSQ) agree to form a national committee whose mandate shall be to study the problems concerning outside contracts and work carried out by people that are not covered by the certification.

The work of this national committee shall begin within ninety (90) days following the signing of the collective agreement. The committee may make recommendations to the national parties, if need be.

The meetings and the other terms and conditions of release shall be established within the framework of article 2-2.00.

APPENDIX "15"**CREATION OF POSITIONS WITH TEMPORARY LAYOFFS IN SECTORS OTHER THAN THOSE PROVIDED FOR IN CLAUSE 5-9.02**

The College shall send to the Union, at the latest on May 15th of each year, the report on the use of the hours worked by the occasional employees, and this, by employment class and by service, for the period between May 1st of the preceding year until April 30th of the current year.

Within the framework of the L.R.C., the parties shall proceed, at the latest on June 1 of each year, to the identification of past and present needs with respect to tasks performed by occasional employees in view of the eventual creation of positions.

At the end of the process, the College determines the number of positions to be created, if any. The creation of these positions is carried out in accordance with the provisions of articles 5-1.00 and 5-2.00.

Within the framework of such process, the College may decide once a year to create positions with temporary layoffs in the sectors other than those provided for in clause 5-9.02. Outside the application of the process mentioned above, the College shall only create positions with temporary layoffs in sectors that are not provided for in clause 5-9.02 after having reached an agreement with the Union.

Moreover, existing positions (at the date of signing of the collective agreement) which become vacant may be converted into positions with temporary layoffs only after an agreement is reached with the Union.

All new positions thus created or converted with temporary layoffs are covered by article 5-9.00.

At all times the number of positions thus created or converted with temporary layoffs shall not exceed five percent (5%) of the number of full-time and part-time positions covered by the certification on the date of signing of the collective agreement. This percentage does not include the positions with temporary layoffs created by virtue of the agreements already reached between the parties.

APPENDIX "20"**LETTER OF INTENT CONCERNING THE GOVERNMENT
AND PUBLIC EMPLOYEE RETIREMENT PLANS**

- SIGNED ON JULY 9, 2010 AND MODIFIED ON OCTOBER 28, 2010 -

1. LEGISLATIVE AMENDMENTS

The government shall adopt the necessary orders-in-council and propose to the National Assembly the adoption of the necessary legislative provisions in order to make the amendments prescribed in sections 2, to 7 of the *Act respecting the Government and Public Employees Retirement Plan (RREGOP)*.

2. NUMBER OF YEARS OF SERVICE

The maximum number of credited years of service that can be used for calculating pensions has increased. This maximum shall be increased gradually and reach 38 on January 1, 2014. Subject to the following, these years shall guarantee the same benefits as the previous ones:

- As of January 1, 2011, the number of credited years of service used for calculating pensions beyond 35 must be worked or redeemed. No redemption of service prior to January 1, 2011 may cause that the credited service used for calculating pensions to exceed 35 on January 1, 2011.
- No retroactivity provision shall be allowed. Service exceeding 35 credited years of service used for calculating pensions before January 1, 2011 shall not be recognized neither through a required contribution nor through a redemption.
- The pension reduction applicable as of the age of 65 (QPP coordination) does not apply to the credited years of service used for calculating pensions exceeding 35 years.
- An individual who receives a long-term salary insurance benefit cannot accumulate more than 35 creditable years used for calculating pensions.
- Any service performed after January 1, 2011 beyond 35 credited years of service is pensionable up to a maximum of 38 credited years of service.

Concerning the revaluation of pension credits, the increase from 35 to 38 in the maximum number of years of service shall not result in the increase, or decrease, of the number of years that would be revalued if this measure did not exist.

3. PENSION CREDITS

As of January 1, 2011, the possibility of redeeming prior service in the form of pension credits is abolished.

4. CONTRIBUTION FORMULA

As of January 1, 2012, the contribution formula is amended based on the specifications described in Appendix 1.

The compensation, as described in Appendix 1, represents an amount that allows a contributor whose annualized salary is lower than the MPE to pay contributions comparable to the ones they would pay if the 35% MPE exemption was maintained.

The compensation amount is calculated each year, at the latest nine (9) months following the end of the calendar year, by the CARRA; it constitutes a shortfall for the participants' fund. This shortfall is absorbed each year by the government who transfers, at the latest 3 months following the CARRA's calculation, the required amount from the employers' contribution fund to the RREGOP employee contribution fund (fund 301).

5. BANK OF 90 DAYS

Absences without pay that are not redeemed and subsequent to January 1, 2011 may not be granted without cost upon retirement. However, absences without pay in consideration of parental leaves that are not redeemed can continue to be offset by the 90-day bank. The 90-day limit continues to apply.

6. FREQUENCY OF ACTUARIAL VALUATIONS

The frequency of actuarial valuations remains on a 3-year basis. However, an update of the actuarial valuation is performed yearly.

7. INDEXATION CLAUSE

Should there be a surplus that exceeds by more than 20% the unfunded liability for benefits for which members are responsible, as identified in a three-year valuation based on assumptions whose relevance has been confirmed by an independent actuary or in an updated valuation, the indexation clause for benefits to which members are entitled that are payable to retirees with respect to service credited between June 30, 1982 and January 1, 2000 is improved on the January 1 following receipt by the Minister of the report of the independent actuary in the case of a three-year actuarial valuation or on the January 1 following an update of such a

valuation, to the extent that the portion of this surplus that exceeds 20% of the unfunded liability allows the cost of the improvement to be entirely covered.

This cost corresponds, with respect to the years of service credited between June 30, 1982 and January 1, 2000, to the difference between the present value of the benefits that would be payable to retirees according to the indexation clause applicable for the service credited after January 1, 2000 (CPI-3% with a minimum of 50% of the CPI) and the present value of benefits for which members are responsible, payable to retirees pursuant to the indexation clause (CPI-3%).

On January 1 of each subsequent year, the improvement of the indexation clause remains in effect only if, based on an update of the three-year actuarial valuation or the receipt by the Minister of a report from the independent actuary validating a new three-year actuarial valuation, there is a surplus that exceeds by more than 20% the unfunded liability of benefits for which members are responsible, and the portion of this surplus exceeding 20% of the unfunded liability entirely covers the cost of the increase as calculated above. It is understood that a benefit increased as the result of the improvement in the indexation granted for one year will not be reduced thereafter.

With respect to the benefits for which the government is responsible, payable to retirees with regards to the service credited between June 30, 1982 and January 1, 2000, the government agrees, when the above conditions are met, to discuss with the union associations for whom this Letter of Intent is intended, the possibility of improving the indexation clause in the same way as it has been improved with respect to the benefits for which members are responsible.

When benefits to retirees with respect to service credited between June 30, 1982 and January 1, 2000 for which the government is responsible are not increased, a transfer of funds from the contributions by employees to the contributions of funds by employers must be made to ensure the cost-sharing of benefits provided by law, with the understanding that the improvement applies only to the portion of benefits for which members are responsible. The amount to transfer is determined by CARRA as of the December 31 preceding the improvement of benefits for which members are responsible, and payable to the retirees using the method and assumptions of the most recent actuarial valuation. This amount is transferred in the three (3)-month period following the date on which the CARRA has determined the amount to be transferred.

8. AMENDMENTS TO THE PENSION PLANS

Subject to the amendments prescribed herein during the term of this agreement, no amendment to the RREGOP may make the provisions of the plan less favourable for members, unless there is an agreement between the negotiating parties to this effect.

SCHEDULE 1**CONTRIBUTION FORMULA**

- A-** The participant's contribution to the RREGOP is currently determined based on the following formula:

a) If Pensionable salary < 35% of MPE

Contribution = 0

b) If Pensionable salary > 35 % of MPE

Contribution = Rate A x (Pensionable salary – 35 % of MPE)

Where MPE: Maximum pensionable earnings

Rate A: The contribution rate applicable to the excess pensionable salary on 35% of the MPE determined by the CARRA during the actuarial valuation.

- B-** As of January 1, 2012, the above (point A) contribution formula shall be replaced by:

a) If Pensionable salary < 35% of MPE

Contribution = Rate B x [Pensionable salary – Z% of the MPE] – Compensation

Compensation = MAXIMUM [0; Rate B x (Pensionable salary – Z% of the MPE)]

b) If Pensionable salary > 35 % of MPE

Contribution = Rate B x [Pensionable salary – Z% of the MPE] – Compensation

Compensation = MAXIMUM [0; Factor x (MPE – Pensionable salary)]

Where Rate B: The contribution rate applicable to the excess pensionable salary on Z% of the MPE determined by the CARRA during the actuarial valuation;

Z: Equals 33 for 2012, 31 for 2013, 29 for 2014, 27 for 2015 and 25 for 2016;

Factor: A factor calculated annually by the CARRA so that the contributions paid by the contributors whose pensionable salary is below the MPE are essentially the same as when the current contribution formula is used (point A).

MODIFICATIONS MADE ON OCTOBER 28, 2010
TO THE
LETTER OF INTENT CONCERNING THE GOVERNMENT
AND PUBLIC EMPLOYEE RETIREMENT PLAN
SIGNED ON JULY 9, 2010

Under the implementation of the legislative provisions arising out of the signature of the letter of intent, two amendments are made to this letter.

The first component deals with the elimination of a situation where a participant could not reach 38 credited years of service. Indeed, considering the administrative impact of differentiating the long term salary insurance benefits from the short term ones, the saving clause to the effect that "An individual who receives a long term salary insurance benefit cannot accumulate beyond 35 creditable years used for calculating pensions" is deleted.

The second component is to specify more clearly the objective of the parties concerning the elimination of recognized service in the form of pension credits. The wording should be as follows:

"As of January 1, 2011, the possibility of having prior service recognized in the form of pension credits with the RREGOP, RRE and RRF is abolished."

APPENDIX "21"**CERTIFIED AERONAUTICS MAINTENANCE TECHNICIAN EMPLOYED

This allowance shall be increased as of the same date and at the same percentage as determined in the 2nd and 3rd paragraphs of clauses, 6-7.04 and 6-7.05 and in clause 6-7.06 of the agreement

2. The premium shall be paid at the same time as the regular salary and under the same terms and conditions.

1-1.21 Part-time Employee

Employee who works regularly each week a number of hours less than the normal hours provided for in clause 7-1.01 for his class of employment. If, in exceptional cases, this employee works the total number of hours provided for in clause 7-1.01 for his class of employment, he, nevertheless, maintains his status as a part-time employee. The duties may be carried out in more than one of the aforementioned employment classes. The salary is based on the number of hours worked in each of these employment classes.

3. Clause 4-1.09 shall be added as follows:

4-1.09

The College shall post, no later than May 15 of each year, the list, by field of activity, of hours worked by or paid to occasional employees or students of the Sports Centre. The list will cover the period from May 1 of the previous year to April 30 of the current year.

The list shall be forwarded to the Union.

4. Article 5-1.00 shall be modified with the addition of clause 5-1.18 as follows:

5-1.18 Hiring of an Employee not Targeted in Clause 1-1.24

Before each semester at the Sports Centre, as of the beginning of the period of registration, the College shall post the job offers for a period of ten (10) working days.

A copy of these job offers shall be forwarded to the Union.

An employee may apply in writing for a position no later than the last working day of the posting.

The College shall choose the employee with the greatest number of hours worked or paid as an occasional employee or student during the twelve (12) months prior to the posting and whose qualifications satisfy the requirements of the activity. However, the College may withdraw the privilege provided for in this paragraph from an incumbent by giving its motives in writing, with a copy to the Union.

5. Clause 6-6.02 shall be replaced by the following:

6-6.02 Evening Shift Premium

An employee who works between 8 P.M. and midnight shall be entitled, for each hour actually worked, provided that the hours worked are not paid at the overtime rate, to the evening shift premium which provides increased rates according to the provisions of clause 6-6.01 as follows:

Rate 2010-04-01 to 2011-03-31 (\$)	Rate 2011-04-01 to 2012-03-31 (\$)	Rate ¹ 2012-04-01 to 2013-03-31 (\$)	Rate ¹ 2013-04-01 to 2014-03-31 (\$)	Rate ¹ as of 2014-04-01 (\$)
\$0.64 / h	\$0.64 / h	\$0.65 / h	\$0.66 / h	\$0.67 / h

¹ The rates shown represent a minimum; these may be higher following the application of increases provided for in clauses 6-7.03, 6-7.04 and 6-7.05 of the collective agreement.

6. Article 7-2.00 shall be replaced by the following:

7-2.01

The regular workweek shall consist of five (5) consecutive working days followed by two (2) consecutive days off.

7-2.02

The College shall determine or change the work schedules. The schedule shall be established for at least one semester.

During the semester, the schedules may be modified for unusual reasons after consulting the employee concerned at least seven (7) days in advance. During the application of ad hoc work schedule modifications, the employee assuming family responsibilities within the meaning of the *Act respecting Labour Standards* (R.S.Q., c.N-1.1) may argue on this ground in order to circumvent an ad hoc work schedule modification. In such cases, the employee shall provide the College, upon request, with a document attesting to these responsibilities.

Notwithstanding the preceding paragraph, if the need cannot be met by modifying the work schedule of another employee on an ad hoc basis, the College may modify the work schedule of the employee(s) who assumes family responsibilities.

7-2.03

The College may not schedule split shifts without having first reached an agreement with the employee(s) concerned. In such cases, a copy of the agreement shall be forwarded to the Union.

7-2.04

A minimum of twelve (12) hours is required between the end of a normal working day and the beginning of the next normal working day.

7-2.05

Subject to the qualifications and other requirements of the College, before offering any work hours to an occasional employee or student employee, the College shall raise to thirty-five (35) hours the week of the part-time employee who is willing to complete his regular workweek. The same shall apply during the semester, when the employee's work schedule so allows.

7-2.06

For the purpose of applying article 7-2.00 of this appendix, the semesters shall correspond to those of the schedule of activities of the Sports Centre.

7. Article 7-9.00 shall be replaced by the following:

Article 7-9.00 Apparel and Uniforms

7-9.01

The College shall pay the employee referred to in clause 1-1.24 of this appendix an annual allowance for the apparel and uniforms required for the performance of their duties. This allowance shall be set according to the following amounts:

This allowance shall be increased as of the same date and at the same percentage as determined in clauses 6-7.01 to 6-7.06 of the agreement.
