- a) the nature of the change;
- b) the school or department concerned;
- c) the date foreseen for the implementation;
- d) the professional or group of professionals concerned.

5-5.04

At the union's request, the board shall inform the union of the effects of the technological changes foreseen on the working conditions or the security of employment, where applicable, of the professionals concerned; moreover, at the union's request, the board shall forward to the union the technical sheet of the new equipment, if it is available.

5-5.05

The board and union shall agree to meet within 45 days of the sending of the notice mentioned in clause 5-5.02; on this occasion, the board shall consult the union on the effects of the technological changes foreseen on the organization of work.

5-5.06

The professional whose duties are modified as a result of the implementation of a technological change shall receive, if necessary, the appropriate training, taking into account his or her capabilities. The costs of the training shall be borne by the board and shall usually be provided during working hours.

5-5.07

The parties may, by a local arrangement, agree on other terms and conditions concerning the implementation of a technological change.

5-5.08

The provisions of this article shall not have the effect of preventing the application of other provisions of this agreement, particularly those in articles 5-3.00 and 5-6.00.

ARTICLE 5-6.00 PRIORITY AND SECURITY OF EMPLOYMENT**Section 1 General provisions****5-6.01**

- a) The professional on a leave with or without salary shall be considered as belonging to the employment group and the sector of activities, where applicable, in which he or she was classified at the beginning of his or her leave.
- b) When the board offers¹ the professional a position, it must send him or her a notice by registered mail, certified mail, delivered by hand or fax.
- c) The board shall forward to the union by June 30 the list of professionals nonreengaged or placed on availability.

Section 2 Tenure**5-6.02**

- a) The tenured professional is a full-time regular professional who has completed at least two full years of continuous service with the board as a full-time regular professional or as a full-time regular employee in another position at the board since the date on which he or she last entered the service of the board.

However, for the full-time regular professional whose regular workweek includes a number of hours equal to or greater than 75%, but less than 100% of the regular workweek, continuous service with the board as a regular professional in a position where the regular workweek includes a number of hours equal to or greater than 75% of the regular workweek shall be calculated for the purpose of acquiring tenure.

- b) Leaves for union activities, parental leaves, disability leaves covered by the salary insurance plan, disability leaves due to a work accident or an occupational disease, leaves for educational purposes as well as any other leave for which this agreement provides for the payment of salary shall constitute service for the purpose of acquiring tenure.
- c) The nonreengagement because of surplus followed by a reengagement by the same board during the following school year shall proportionally delay the acquisition of tenure during the period of interruption of his or her service.
- d) Insofar as there is no break in his or her employment ties, the acquisition of tenure for a professional shall be delayed proportionally in the case of an interruption of his or her service for reasons other than those mentioned in paragraph b) of this clause.

¹ This notice cannot be sent by e-mail.

Section 3 Reduction of personnel**5-6.03**

The board which intends to reduce its regular professional personnel shall consult the Labour Relations Committee no later than May 15 preceding such reduction of personnel.

5-6.04

The board may reduce the number of regular professionals in its employ due to a decrease in students, a substantial change in the services to be rendered or the termination of a special project according to the priorities established by the board.

5-6.05

When the board must proceed with a reduction of its regular professional personnel within an employment group, it shall proceed in the following manner and in the order indicated, within this employment group or, where applicable, within a sector of activities of this employment group:

- a) by terminating the employment of part-time regular professionals according to the inverse order of seniority;
- b) by nonreengaging full-time regular professionals who have not acquired their tenure according to the inverse order of seniority;
- c) by placing on availability full-time regular professionals who have acquired their tenure according to the inverse order of seniority.

However, should a position involve specific requirements established within the framework of clause 5-4.02, these requirements shall be taken into account before seniority.

For the purpose of applying this clause, when two or more professionals have equal seniority, the professional who has the fewest years of experience shall be considered as having the least seniority.

Section 4 Rights and obligations of the professional within the framework of priority of employment**5-6.06**

The nontenured professional who has one year but less than two years of continuous service as a full-time regular professional with the board and who is nonreengaged within the framework of this article shall benefit from the following:

- a) he or she must be informed¹ in writing of his or her nonreengagement because of surplus by certified mail, registered mail, delivered by hand or fax before June 1;
- b) the board must forward the professional's name to the Bureau without delay as well as the pertinent information which concerns him or her;
- c) his or her name shall remain entered on the list of the Bureau for a period not exceeding two years from the end of his or her engagement and, during this period, he or she shall benefit from priority of employment;
- d) if he or she is offered a full-time position by a board, he or she must accept it within 10 days of such written offer. The fact that the board attempts without success on two separate occasions to contact¹ the professional by certified mail, registered mail or fax to offer him or her a position shall constitute failure to accept;
- e) as of the date of refusal or failure to accept within the time allotted the position offered or failure to appear for an interview to which a board convenes¹ him or her by certified mail, registered mail or fax, the name of the professional shall be removed from the list of the Bureau. Such removal shall entail the cancellation of all the rights he or she could have under this agreement.

Section 5 Rights and obligations of the professional within the framework of security of employment**5-6.07**

The placement on availability of a tenured professional shall be carried out in the following manner:

- a) he or she shall be informed¹ in writing by certified mail, registered mail or fax before the preceding June 1 that he or she shall be placed on availability beginning on July 1 of a school year;
- b) the board must forward to the Bureau, without delay, his or her name as well as pertinent information concerning him or her.

¹ This notice cannot be sent by e-mail.

5-6.08

As of the beginning of his or her placement on availability, the professional on availability who is offered¹ a full-time position must accept it within 10 days after he or she receives the written offer². However, this obligation shall exist only in the case where the position offered is located within a 50-kilometre radius from his or her principal place of work at the time of his or her placement on availability or within a 50-kilometre radius from his or her domicile.

For the purpose of this article, the 50-kilometre radius shall be calculated by the shortest passable public road.

5-6.09

The professional on availability who is offered¹ a full-time position outside of the radiuses mentioned in clause 5-6.08 may accept it. He or she must accept the position in writing within 10 days of receiving the written offer.

5-6.10

If the full-time position offered to the professional includes at least the same number of hours as the position he or she held at the time of his or her placement on availability, he or she must accept it. In this case, his or her salary shall be adjusted in relation to the new number of hours of his or her regular workweek.

If the full-time position offered to the professional has fewer hours than the position he or she held at the time of his or her placement on availability, he or she must accept it. In this case, his or her salary as well as the evolution of the salary shall be adjusted as if the professional's new position included the same number of hours as the position he or she held before he or she was placed on availability.

The board or the teaching institution in the education sector which engages such a professional may use him or her for duties compatible with his or her qualifications and experience for the difference in the number of hours between his or her new position and the position held before he or she was placed on availability.

¹ This notice cannot be sent by e-mail.

² If the written offer is received between July 1 and August 15, the professional must accept it before the following August 25.

5-6.11

Refusal or failure to accept the offer of engagement provided for in clause 5-6.08 within the time allotted constitutes the resignation of the professional on availability and shall cause him or her to lose all the rights and privileges accorded to him or her by this agreement and shall automatically entail the removal of the professional's name from the list of the Bureau. Moreover, in these cases, he or she shall not be entitled to any severance pay.

5-6.12

Except for the period from July 1 to August 15, the fact that a board or a teaching institution in the education sector attempts without success on two occasions to contact¹ the professional by certified mail, registered mail or fax to offer him or her a position shall constitute failure to accept.

5-6.13

Except for the period between July 1 and August 15, the professional on availability must appear for an interview with a board or a teaching institution in the education sector when the Bureau so requests¹ in writing by certified mail, registered mail or fax. In this case, he or she may be reimbursed for his or her travel and accommodation expenses, if need be, according to the norms in force at his or her board. To this end, he or she shall obtain permission from his or her board to be absent without loss of salary.

5-6.14

Except for the period between July 1 and August 15, every professional on availability must provide upon request any information relevant to his or her security of employment not found in his or her file.

5-6.15

If the professional accepts a full-time position offered within the framework of this section, he or she shall then be considered as having resigned from the board where he or she is on availability as of his or her engagement in another school board or teaching institution in the education sector. Moreover, in this case, he or she shall not be entitled to any severance pay.

¹ This notice cannot be sent by e-mail.

5-6.16

The professional on availability who was relocated to another school board or teaching institution in the education sector, in accordance with clause 5-6.08, shall be entitled to return to his or her board of origin to a vacant position in the employment group in which he or she held a position at the time of his or her placement on availability if he or she meets the requirements of the position to be filled until September 1 following the date of the beginning of his or her placement on availability.

5-6.17

The school board or teaching institution in the education sector which engages a professional on availability within the framework of this section shall recognize for him or her:

- a) the seniority which was recognized at the board where he or she was on availability;
- b) the days accumulated in his or her bank of nonredeemable sick-leave days;
- c) his or her tenure;
- d) his or her years of continuous service for the purpose of calculating the vacation period;
- e) his or her step, if he or she remains within the same employment group;
- f) the date on which he or she would have been entitled to an advancement in step.

5-6.18

The professional on availability who was relocated to another school board or teaching institution in the education sector, in accordance with clause 5-6.08, shall be assigned to a position in the employment group in which he or she was classified if he or she meets the requirements of the position to be filled or in another employment group for which he or she has the minimum qualifications required as mentioned in the Classification Plan.

5-6.19

Failure on the part of the professional on availability to comply with one of the obligations created under this article constitutes the professional's resignation and shall entail the cancellation of all the rights that this agreement could grant him or her, including his or her tenure and any right to severance pay.

5-6.20 Use of the professional on availability

As long as the professional on availability is not assigned to a full-time position in his or her board or is not relocated to another school board or teaching institution in the education sector, he or she shall be required to carry out the duties compatible with his or her qualifications or experience assigned to him or her by the board. In this context, the professional on availability may also be called upon, as a matter of priority, to carry out the duties of a temporarily vacant position at the board.

With the consent of the professional on availability, the board may loan his or her services to another employer.

As long as he or she is on availability, the professional shall remain covered by this agreement.

Section 6 Measures to reduce the placement on availability**5-6.21 Preretirement**

In order to reduce the number of professionals on availability, the board shall grant to the professional who so requests or accepts a preretirement leave under the following conditions:

- a) the preretirement leave shall be a leave of absence with salary for a maximum duration of one year;
- b) the preretirement leave shall count as a period of service for the purpose of the four pension plans currently in force (RREGOP, TPP, CSSP and PPCT);
- c) only those professionals who would be entitled to retire in the year following the year of the leave and who would not be entitled to a full pension (70%) in the year of the leave shall be eligible;
- d) at the end of this leave with salary, the professional shall be considered as having resigned and shall be pensioned off;
- e) a professional on a preretirement leave shall be entitled to the benefits mentioned in this agreement with the exception of salary insurance and vacation in particular, provided that the benefits be compatible with the nature of the leave;
- f) the leave shall allow for a reduction in the number of professionals on availability;
- g) the salary of the professional on a preretirement leave who works at the board or for another employer in the public and parapublic sectors shall be reduced in proportion to the earnings resulting from such work.

5-6.22 Severance pay

- a) The board shall grant severance pay in the following situations:
 - i) when a tenured professional resigns, if the resignation permits the assignment of a professional on availability to a full-time position;
 - ii) when a professional on availability resigns provided that he or she is not at fault according to clause 5-6.11, 5-6.12 or 5-6.13.
- b) Severance pay shall be calculated in the following manner:
 - i) one month of salary per year of service completed at the board up to a maximum of six months of salary;
 - ii) for the purposes of calculating severance pay, the salary shall be that the professional received on the last day of work preceding his or her departure from the board.
- c) Acceptance of severance pay shall entail, for the professional concerned, the loss of his or her tenure and the cancellation of all the rights and privileges mentioned in this agreement.
- d) Severance pay shall be granted provided that the professional does not occupy a position with an employer in the public and parapublic sectors and that the professional does not retire for a period of one year as of the payment of severance pay. If the professional occupies such a position or retires during that period, the board can be reimbursed the amount paid as severance pay.

5-6.23 Transfer of rights

In order to reduce the number of professionals on availability, the tenure of a professional shall be transferred to another school board or teaching institution in the education sector which engages him or her if the professional resigns. His or her resignation shall be accepted by the board if a professional on availability has the qualifications required for the position that the resigning professional held. The professional shall transfer to his or her new board or teaching institution in the education sector his or her tenure, seniority, years of continuous service for the purpose of calculating the vacation period, bank of nonredeemable sick-leave days, placement if he or she remains in the same employment group and the date of his or her advancement in step.

5-6.24 Voluntary relocation premium

Every professional on availability who, in accordance with the provisions of this article, accepts a position offered by another school board or another teaching institution in the education sector situated more than 50 kilometres from his or her last place of work and more than 50 kilometres from his or her domicile shall be entitled to an allowance equal to 2/12 of the annual salary.

However, the professional on availability who, in accordance with the provisions of this article, accepts a position offered by another school board or another teaching institution in the education sector situated in administrative region 1, 8¹ or 9 shall be entitled to an allowance equal to 4/12 of the annual salary, provided that the relocation not take place in the same region.

The tenured professional whose relocation permits a reduction in the number of professionals on availability shall also be entitled to such an allowance under the same conditions.

The professional relocated under this clause shall transfer to his or her new board or teaching institution in the education sector his or her tenure, seniority, years of continuous service for purposes of calculating vacation, bank of nonredeemable sick-leave days, placement if he or she remains within the same employment group and the date of his or her advancement in step.

Section 7 Moving expenses

5-6.25

Unless he or she can benefit from the federal mobility assistance program to look for employment, the professional engaged by a board or a teaching institution in the education sector within the framework of this article shall be reimbursed by the board or institution that engages him or her for the moving expenses prescribed below under the conditions mentioned if the engagement entails his or her moving.

A) Terms of reimbursement

- a) Moving expenses shall apply to the professional only if the Provincial Relocation Bureau accepts that the relocation of the said professional necessitates his or her moving.

However, moving shall be deemed necessary if it takes place and if the distance between the professional's new place of work and his or her former domicile is greater than 65 kilometres.

Transportation costs of furniture and personal effects

- b) The board shall pay, upon presentation of supporting vouchers, the costs incurred for the transportation of the furniture and personal effects of the professional concerned, including the packing, unpacking and the cost of the insurance premium, or the costs of towing a mobile home on the condition that he or she provide in advance at least two detailed quotations of the costs to be incurred.

¹ Including the service areas of Chibougamau and Chapais located in the territory of the Central Québec School Board.

- c) However, the board shall not pay the cost of transporting the professional's personal vehicle unless the location of his or her new domicile is inaccessible by road. Moreover, the cost of transporting a boat, canoe, etc. shall not be paid by the board.

Storage

- d) When the move from one domicile to another cannot take place directly because of uncontrollable circumstances, other than the construction of a new domicile, the board shall reimburse the costs of storing the professional's furniture and personal effects and those of his or her dependents, for a period not exceeding two months.

Concomitant moving expenses

- e) The board shall pay a \$750-moving allowance to any transferred professional with a dependent¹ or a \$200-moving allowance to a transferred professional without dependents¹ in compensation for the concomitant moving expenses (carpets, draperies, disconnection and installation of electrical appliances, cleaning, babysitting fees, etc.), unless the said professional is assigned to a location where complete facilities are placed at his or her disposal by the board.

Nevertheless, the \$750-moving allowance payable to the transferred professional with a dependent¹ shall also be payable to the professional without dependents¹ who maintains a dwelling.

Compensation for lease

- f) The professional who may be reimbursed for his or her moving expenses shall also be entitled, if need be, to the following compensation: for the abandonment of a dwelling without a written lease, the board shall pay the equivalent of one month's rent. If there is a lease, the board shall indemnify the professional who must terminate his or her lease and for which the landlord demands compensation to a maximum period of three months' rent. In both cases, the professional must attest that the landlord's request is well-founded and must present supporting vouchers.
- g) If the professional chooses to sublet his or her dwelling himself or herself, reasonable costs for advertising the sublease shall be assumed by the board.

Reimbursement of expenses inherent to the sale or purchase of a house

- h) The board shall reimburse with regard to the sale of the principal house-residence of the relocated professional the following expenses:
 - 1) the real estate agent's fees upon presentation of:
 - the contract with the real estate agent immediately after its signing;

¹ Within the meaning of clause 10-1.01

- the sales contract;
 - the bill of the agent's fees;
- 2) the cost of notarized deeds chargeable to the professional for the purchase of a house for the purpose of residence at his or her posting on the condition that the professional is already the proprietor of his or her house at the time of his or her transfer and that the said house is sold;
 - 3) the penalty for breach of mortgage, if need be;
 - 4) the proprietor's transfer tax, if need be.
- i) When the house of the relocated professional, although it has been put up for sale at a reasonable price, is not sold at the time when the professional must enter a new agreement for lodging, the board shall not reimburse the safekeeping costs for the unsold house. However, in this case, upon presentation of supporting vouchers, the board shall reimburse, for a period not exceeding three months, the following expenses:
- 1) the municipal and school taxes;
 - 2) the interest on the mortgage;
 - 3) the cost of the insurance premium.

Accommodation expenses

- j) In the case where a relocated professional chooses not to sell his or her principal house-residence, he or she may benefit from the provisions of this paragraph in order to avoid a double financial burden to the professional-owner due to the fact that his or her principal residence is not rented at the time when he or she must assume new obligations to dwell in the area of his or her posting. The board shall pay the professional for the period during which his or her house is not rented the amount of his or her new rent up to a period of three months upon presentation of the lease. Moreover, the board shall reimburse him or her for the reasonable costs of advertisement and the cost of no more than two trips incurred for the renting of his or her house, upon presentation of supporting vouchers and in accordance with the regulation concerning travel expenses in effect at the board.
- k) When the move from one domicile to another cannot take place directly because of uncontrollable circumstances other than the construction of a new residence, the board shall reimburse the professional for the accommodation expenses for him or her and his or her family in accordance with the regulation concerning travel expenses in effect at the board, usually for a period not exceeding two weeks.

- l) If the move is delayed with the authorization of the Provincial Relocation Bureau or if the professional's dependents¹ are not relocated immediately, the board shall assume the professional's transportation costs up to 500 kilometres to visit his or her dependents¹ living with him or her every two weeks if the distance to be covered is equal to or less than 500 kilometres, return trip, and once a month if the distance to be covered exceeds 500 kilometres, return trip, up to a maximum of 1 600 kilometres.
- m) The moving expenses prescribed in this section shall be reimbursed by the board that engages him or her within 60 days after the professional provides supporting vouchers to the board that engages him or her.

B) Other benefits

A professional shall also receive from the board or institution that engages him or her:

- a) a maximum of three working days without loss of salary for the sale of his or her residence which constitutes his or her domicile;
- b) a maximum of three working days without loss of salary to look for lodging. This three-day maximum does not include the duration of the return trip;
- c) a maximum of three working days without loss of salary to cover moving and settling in.

Section 8 Job contract (contracting out)

5-6.26

No contract between the board and a third party can have the effect of causing the placement on availability or nonreengagement because of surplus, within the meaning of this article, of a full-time regular professional in the employment group concerned.

Section 9 Integration of school boards

5-6.27

During the school year preceding an amalgamation, annexation or restructuring, the board cannot invoke this article to place on availability or nonreengage regular professionals if the cause of the placement on availability or nonreengagement results from such amalgamation, annexation or restructuring. However, as of its first year of operation, the new board or the restructured board may invoke this article to place on availability or to nonreengage regular professionals.

¹ Within the meaning of clause 10-1.01

Section 10 Provincial Relocation Bureau**5-6.28**

Every month, the Bureau shall send to the Fédération a list of the full-time regular professional positions to be filled by means of engagement in the English-language school boards as brought to its attention as well as the names of the professionals on availability or nonreengaged because of surplus on the Bureau's lists.

ARTICLE 5-7.00 PROFESSIONAL'S FILE**5-7.01**

Any written warning or written reprimand must originate from the competent authority designated by the board in order to be inserted in the file. However, a written reprimand may only be inserted in the file if it has been preceded by a written warning about an action of a similar nature to allow the professional to correct such an action.

5-7.02

If the board intends to insert a written warning or a written reprimand in the file, it must send a copy thereof to the professional and to the union by registered mail, certified mail or fax.

5-7.03

The professional to whom the board has given a written warning or a written reprimand may request that his or her written reply contesting the grounds for such warning or reprimand be inserted in the file. This written reply shall be withdrawn from the file at the same time as the contested reprimand or warning.

5-7.04

Any written warning not followed by a written reprimand within six months shall be withdrawn from the file.

A written reprimand which the board has not had occasion to renew as a result of a recurrence committed within 12 months following its insertion shall be withdrawn from the file.

5-7.05

A written warning or written reprimand which has been withdrawn from the file in accordance with this article cannot be subsequently invoked against the professional and neither can the facts which gave rise to such written warning or written reprimand.

5-7.06

Subject to laws to the contrary and to this agreement, the board must respect the confidentiality of the professional's file.

5-7.07

The professional may, upon request, examine his or her file and may have any document that is not inserted in accordance with this article withdrawn.

ARTICLE 5-8.00 DISCIPLINARY MEASURES**5-8.01**

When the board or the competent authority decides to summon a professional for a disciplinary reason, the professional shall have the right to be accompanied by the union delegate or by a union representative.

5-8.02

If the board intends to dismiss a professional, it must give him or her at least seven days advance notice¹ of the date, place and time of the meeting of the council of commissioners or the executive committee at which his or her dismissal shall be discussed.

The professional who so desires may make representations to the council of commissioners or the executive committee before the decision is made.

5-8.03

The board may, by means of a written notice sent¹ to the professional by registered mail, certified mail, delivered by hand or fax impose a disciplinary measure; this notice must state the reasons for the decision. A copy of this notice must also be forwarded to the union by registered mail, certified mail, delivered by hand or fax.

A disciplinary measure is either a suspension or a dismissal.

A disciplinary measure must be based on a just and sufficient cause for which the burden of proof lies with the board.

5-8.04

Normally, a disciplinary measure shall be preceded by a written reprimand in order to allow the professional to correct his or her actions.

¹ This notice cannot be sent by e-mail.

5-8.05

A grievance contesting a disciplinary measure must be submitted directly to arbitration by the professional, the union or by both, within 30 days after the professional receives the notice mentioned in clause 5-8.03. A copy of this grievance must also be forwarded to the board.

A grievance contesting a disciplinary measure shall be given hearing priority.

ARTICLE 5-9.00 NONREENGAGEMENT**5-9.01**

Once the board has decided not to engage a regular professional for the following school year, it must, before June 1 preceding this school year, advise¹ him or her in writing. The notice must give the reason or reasons for its decision.

5-9.02

5-9.03

A regular professional who has not acquired his or her tenure according to clause 5-6.02 may be nonreengaged by the board in accordance with clause 5-9.01 if his or her nonreengagement allows for the assignment or relocation of a professional on availability in that same board or referred by the Bureau. The professional so assigned or relocated must meet the requirements of the position.

The professional thus nonreengaged shall not be subject to the other provisions of article 5-6.00. However, he or she may be entitled to priority of employment under the conditions stipulated therein.

¹ This notice cannot be sent by e-mail.

**ARTICLE 5-10.00 RESIGNATION, BREACH OF CONTRACT AND MAINTENANCE OF MEMBERSHIP IN
A PROFESSIONAL ORDER**

Section 1 Resignation

5-10.01

5-10.02

The regular professional who wishes to resign must notify the board in writing at least 60 days before the date of his or her departure.

5-10.03

A regular professional may resign without giving the notice mentioned in clause 5-10.02, but he or she must give a written notice to the board, as soon as possible, for one of the following reasons:

- a) any change in the spouse's place of residence which obliges the professional to change locality;
- b) maternity;
- c) following the death of the spouse;
- d) other circumstances not mentioned in this article, totally beyond the control of the professional and that require him or her to resign;
- e) obtaining a position with a higher salary scale in the education sector;
- f) any other reason deemed valid by the board.

In these cases, the board shall accept the professional's resignation and shall waive all recourse against him or her.

Section 2 Breach of contract**5-10.04**

Any one of the following cases constitutes a breach of contract:

- a) a professional who exercises an exclusive type of profession and whose permit to practice is withdrawn or who is removed according to the Professional Code (CQLR, chapter C-26);
- b) a professional who is on a leave terminating at the end of the school year, but does not inform the board of his or her return to service within the time limits mentioned in this agreement;
- c) a professional who fails to report for work for a period of more than 10 consecutive working days and did not, during that time, give the board a valid reason for such absence; this provision does not apply to the professional who was unable to notify the board within the necessary time limit; where applicable, it shall be his or her responsibility to establish that fact.

5-10.05

Any breach of contract shall have the effect of permitting the board to terminate the engagement of a professional at any time.

Section 3 Maintenance of membership in a professional order**5-10.06**

The professional who is a member of a professional order on the date on which the agreement is signed or the professional who obtains a position after the signing of the agreement must, if membership in an order is required under his or her employment group, maintain his or her membership in that order.

Every year, within 30 days of receiving confirmation of the renewal of his or her membership, the professional shall forward written proof to the board. Failing this, the board shall notify the professional. Upon a written request, a professional may, within 10 days of the notice, obtain from the board a new time limit. The board and the union may agree on other terms and conditions.

Failing to request or obtain a new time limit in which to provide proof of his or her membership in a professional order, the professional is deemed to be in breach of contract within the meaning of Section 2 of this article.

The professional transferred to a position in which membership in an order is not required may maintain membership in his or her professional order.

5-10.07

The termination of engagement for any one of the reasons mentioned in clauses 5-10.04 and 5-10.06 does not constitute a disciplinary measure as defined in article 5-8.00.

ARTICLE 5-11.00 TEMPORARY ASSIGNMENT TO A SENIOR STAFF POSITION**5-11.01**

A professional who accepts a senior staff position on a temporary basis shall receive during the period he or she fills such a position the salary he or she would receive as the incumbent of the said position.

5-11.02

A professional shall be reinstated in his or her position no later than 15 days after having received a notice from the board or after having made such a request in writing.

5-11.03

Subject to this article, a professional temporarily assigned to a senior staff position shall continue to pay union dues and to benefit from the provisions of this agreement, except those relating to the benefits resulting from overtime.

5-11.04

The professional may be assigned temporarily to a senior staff position for a period not exceeding 12 months except if the professional replaces a senior staff member who is temporarily absent.

ARTICLE 5-12.00 SENIORITY**5-12.01**

The professional employed by the board on the date of the coming into force of this agreement shall retain the seniority already acquired on that date.

As of the date of the signing of this agreement, seniority shall be calculated according to the provisions of this article.

5-12.02

Seniority is the period of employment in years, months and days:

- a) with the board and with an institution to which the board has succeeded;

- b) as a professional assigned to a school administered by an associated institution authorized by law and located within the territory of the board if the teaching dispensed by the school is assumed by the board.

The period of employment in duties other than those of a professional, teacher or support staff member cannot be accumulated for the purpose of seniority for more than two years.

However, every person who, before January 1, 1986, held a position other than that of professional, teacher or support staff member shall have the years during which he or she held such a position recognized as years of seniority up to a maximum of eight years. However, the accumulation of the period of employment recognized for purposes of seniority under the preceding paragraph and this paragraph cannot exceed eight years.

5-12.03

A resignation, nonreengagement or dismissal shall entail the loss of seniority. However, a full-time regular professional nonreengaged because of surplus and benefiting from the priority of employment mentioned in clause 5-6.06 shall maintain the seniority acquired at the time of his or her nonreengagement for a period not exceeding two years.

5-12.04

Before October 31 of each year, the board shall establish the seniority of professionals covered by this agreement as accumulated on the preceding June 30 and shall forward a list to the union delegate. It shall post the said list or forward it to the professional within the same time limits.

5-12.05

The union or the professional can contest by grievance a professional's seniority only within a time limit of 30 days from the posting of the seniority list or the receipt of the list by the professional.

5-12.06

This article shall be subject to the derogations prescribed in the priority and security of employment plan established by this agreement.

5-12.07

The alienation, the total or partial concession, the division, amalgamation or change in the legal structure of the board shall have no effect on the seniority of a professional in the employ of a board or boards affected by such alienation, total or partial concession, division, amalgamation or change in the legal structure; the seniority of such professional shall be the same as he or she would have had had the change not occurred.

5-12.08

The seniority of a professional whose workweek includes fewer hours than the regular workweek prescribed in article 9-1.00 shall be calculated in proportion to the number of regular hours in his or her schedule.

5-12.09

Notwithstanding the provisions of clause 5-12.03, a professional who so requests the board in writing within 180 days of her engagement shall have the seniority accumulated as a teacher with the board prior to her obligation to resign because of marriage or maternity under a regulation or a written policy of the board to this effect or prior to her dismissal by the board for the same reasons under the regulation or written policy.

Within 30 days of the written request, the board shall inform in writing the professional and the union of the seniority that it recognizes for her under the preceding paragraph; the union or the professional can contest the seniority only within 30 days of the receipt of the board's notice.

5-12.10

The seniority that the professional acquires with the board as a result of the application of clause 5-6.17 or 5-6.23 shall be recognized by the board by making the adjustments required and any additional seniority shall be added thereto in conformity with the provisions of this article.

In the case of a disagreement regarding seniority recognized by the board for a professional by the application of clause 5-6.17 or 5-6.23, the professional concerned or the union may submit a written complaint to the board within 25 days of the date of his or her engagement. Within 25 days of the receipt of this complaint by the board, the board and the union shall meet to find, if need be, an appropriate solution; they may, in this respect, correct the seniority recognized for the professional and subsequently modify the seniority list.

Failing an agreement between the board and the union, the latter may, within 50 days of the receipt of the complaint by the board, refer it to a provincial parity committee comprised of a representative appointed by the CPNCA and a representative appointed by the Fédération. The committee shall study the complaint and render a unanimous decision within 30 days following the date on which the complaint was referred to it. The unanimous decision of the committee shall be final and shall bind all the interested parties. If the committee has not reached a unanimous decision or if the committee does not render a unanimous decision within the time allotted, the union may refer the complaint to arbitration in accordance with the procedure described in article 11-2.00 as if it were a grievance within 60 days of the date on which the committee received the complaint for examination.

ARTICLE 5-13.00 ATTRACTION AND RETENTION MEASURE**Continuation of benefits when changing employer****5-13.01**

Upon written request sent to the board at least 30 working days prior to the leave of absence, a tenured regular professional shall be entitled to a one-year full-time leave of absence without salary to work in another school board in accordance with the provisions of this article.

Notwithstanding the preceding paragraph, if the school board (new employer) is located at less than 50 kilometres from the professional's principal place of work and if he or she is the only professional in his or her employment group, the leave of absence without salary must be authorized by his or her board. However, an authorization is not required if the professional may avail himself or herself of the leave of absence without salary prescribed in clause 7-5.02.

5-13.02

Upon completion of a professional insertion period equal to the duration of the leave of absence without salary granted by the board of origin, the new employer shall recognize the professional's tenure and the professional is deemed to have resigned from his or her board.

For vacation purposes, the continuous service at his or her board of origin shall be recognized by the new employer as of the year of transfer.

5-13.03

The new employer shall inform the professional in writing, no later than 60 days prior to the end of the professional insertion period, of its decision to continue or not his or her employment.

The professional shall maintain his or her right to return to his or her board of origin upon a 30-day written notice sent to the latter prior to the end of the leave of absence without salary. A copy of the notice shall be forwarded to the school board (new employer).

5-13.04

Changing employer under this article is voluntary and does not grant any benefit other than those specified in this article.

5-13.05

No grievance may be filed under this article, except for the 60-day and 30-day time limits.

5-13.06

A professional may avail himself or herself of this attraction and retention measure only once in his or her career.

CHAPTER 6-0.00**REMUNERATION****ARTICLE 6-1.00****RECOGNITION OF SCHOOLING****6-1.01**

One year of university studies (or its equivalent, 30 credits) at the bachelor's level successfully completed in a discipline deemed directly relevant to the performance of the duties of the professional shall be equivalent to one year of pertinent experience.

In order to benefit from the provisions of this clause, a professional must already have a bachelor's degree according to the system currently in effect in the universities of Québec or, if the degree was obtained in a Québec university, according to the system in effect at that university when the degree was obtained.

6-1.02

Moreover, one year of university studies (or its equivalent, 30 credits) at the master's or doctoral level according to the system currently in effect in the universities of Québec or, if the studies were pursued in a Québec university, according to the system in effect at that university at that time, successfully completed in a discipline deemed directly relevant to the performance of the duties of the professional shall be equivalent to one year of pertinent experience.

However, in the case of a master's degree of 45 credits or more but less than 60 credits according to the system currently in effect in the universities of Québec or, if the studies were pursued in a Québec university, according to the system in effect at that university at that time, successfully completed in a discipline deemed directly relevant to the performance of the duties of the professional shall be equivalent to 1 1/2 years of pertinent experience.

A maximum of three years of schooling may be counted for the purposes of experience in conformity with the provisions of this clause.

6-1.03

Only the number of years normally required by the university awarding the diploma to complete the studies on a full-time basis shall be counted.

6-1.04

The application of the provisions of this article cannot result in a step that is lower than the one assigned to the regular professional under the provisions in effect prior to the changes to this article.

ARTICLE 6-2.00 RECOGNITION OF EXPERIENCE UPON ENGAGEMENT**6-2.01**

The professional who has one or more years of experience deemed directly relevant to the performance of his or her duties shall be placed in the step corresponding to his or her years of experience, taking into account the time spent in a step established in article 6-6.00.

Moreover, the professional may not accumulate more than one year of experience during a 12-month period.

6-2.02

For the purpose of this article only, the employment group of guidance counsellor, counsellor in academic training, psychologist or reeducation consultant shall have the following in particular recognized as a year of directly pertinent experience: each year of experience as a guidance counsellor, counsellor in academic training, psychologist or reeducation consultant; each year of teaching in a recognized institution; each year spent in a senior staff position of a pedagogical nature.

When a given employment group requires specific pedagogical experience at the time of posting or selection, the years of teaching complying with this requirement shall be automatically recognized as directly pertinent experience for placement purposes.

6-2.03

For the purpose of this article, one year of experience shall be comprised of 12 months of work on a full-time basis or the equivalent, including the annual vacation periods, except for the years of experience in teaching for which each year (or the equivalent) of teaching, regardless of the level, shall be equivalent to 12 months of work.

If the division of the number of months of work by 12 results in a remainder equal to or greater than nine months, this remainder shall correspond to one year of experience.

If this division results in a remainder equal to or greater than four months but less than nine months, this remainder shall correspond to one-half year of experience for the professional in steps 1 to 8.

6-2.04

The professional in service on the date of the coming into force of this agreement as well as the professional engaged subsequently who does not meet the minimum academic qualifications prescribed in the Classification Plan shall be deemed to meet the qualifications for the purpose of applying this agreement, except article 6-1.00.

ARTICLE 6-3.00 PLACEMENT OF THE PROFESSIONAL UPON ENGAGEMENT**6-3.01**

The step in which a professional is placed shall be determined by the board on the date of his or her engagement by taking into account both his or her qualifications and experience in accordance with articles 6-1.00 and 6-2.00.

6-3.02

The professional without experience deemed directly relevant to the performance of his or her duties shall be placed in the first step of the salary scale applicable to his or her employment group, subject to the provisions of article 6-1.00.

ARTICLE 6-4.00 PLACEMENT OF THE PROFESSIONAL IN THE EVENT OF A TRANSFER**6-4.01**

The transferred professional shall be placed in his or her new salary scale as if he or she were newly engaged according to the rules provided in article 6-3.00.

However, if a transfer occurs after January 1 of one year and involves a decrease in salary, the professional shall maintain the salary applicable on January 1 until the following December 31.

ARTICLE 6-5.00 PLACEMENT ON THE DATE OF THE COMING INTO FORCE OF THIS AGREEMENT**6-5.01**

A professional in the employ of the board on the date of the coming into force of this agreement shall be placed at the same step in the new salary scale.

Subsequently, a professional's advancement in step in the new salary scale shall be granted under the terms and conditions prescribed in article 6-6.00.

ARTICLE 6-6.00 ADVANCEMENT IN STEP**6-6.01**

The normal duration in one step shall be one year, but it shall be only six months in the case of the first eight steps.

6-6.02

The advancement in step shall be granted on July 1 or January 1, provided that the professional has completed, in this capacity, a continuous period of at least nine full months in the case of an annual advancement or of at least four full months in the case of a semi-annual advancement since his or her last advancement in step or since his or her entry into service as a professional.

For the purpose of applying this clause, any period during which the professional receives his or her salary, any period during which he or she is on leave for educational purposes, any period during which he or she is on parental leave as provided for in clauses 7-2.05, 7-2.08, 7-2.20, 7-2.23 B) and 7-2.27 C) as well as absences for disability for which the total duration does not exceed three months per school year shall be considered as a work period.

6-6.03

In addition to these requirements, the advancement in step cannot be refused except in the case of unsatisfactory performance. In this case, the board shall give the professional the reasons for its refusal in writing.

Following such a refusal, a grievance may be lodged against the board.

6-6.04

The board may grant an accelerated advancement of one step on the date of the regular advancement in step to a professional for exceptional performance during the period of reference preceding the date of advancement in step.

No grievance may be lodged against the board as a result of the application of this clause.

6-6.05

On the date of his or her regular advancement in step, the professional shall be granted, where applicable, an additional advancement in step in accordance with article 6-1.00.

However, in applying the provisions of the second paragraph of clause 6-1.02, the professional who, in the case of an annual advancement in step, is entitled to have one-half year of experience recognized as a result of the fact that he or she has successfully completed his or her master's degree on the date of his or her regular advancement in step, shall be granted an advancement in step on July 1 or January 1 immediately following the date of his or her regular advancement in step. This paragraph has the effect of modifying the date of the professional's regular advancement in step.

6-6.06

Notwithstanding any other provision to the contrary, no advancement in step shall be granted during the period from January 1, 1983 to December 31, 1983, except if it results from an advancement in class under article 6-8.00 of the 1983-1985 agreement or if it results from an advancement in step under article 6-1.00. The step thus lost may in no way be recovered and the experience acquired during the period from January 1, 1983 to December 31, 1983 may in no case be taken into account in granting a step. Moreover, the months included between January 1, 1983 and December 31, 1983 cannot be taken into account in any subsequent determination of a step nor in the application of clauses 6-6.02 and 6-6.03.

This clause shall not modify the date of the professional's advancement in step.

ARTICLE 6-7.00 CLASSIFICATION**6-7.01**

A professional shall remain classified in the employment group held on the date of the coming into force of this agreement.

6-7.02

A professional who is engaged after the date of the coming into force of this agreement shall be classified in one of the employment groups in the Classification Plan, taking into account the duties which the board assigns to him or her.

A professional may contest by grievance the employment group to which the board has assigned him or her. The arbitrator to whom such a grievance was referred shall be responsible for deciding in which employment group the professional must be classified, taking into account the duties assigned to him or her.

6-7.03

Notwithstanding clause 6-7.01, the professional whose duties were changed may lodge a grievance if he or she believes that such a change involves a transfer to another employment group with a higher salary scale. Such a grievance is comparable to a continuous grievance and shall have no retroactive effect prior to the date on which the grievance was filed.

The arbitrator to whom such a grievance is referred shall have the power to rule on the classification and on the monetary compensation to be paid.

If the arbitrator decides that the duties normally assigned to this professional belong to an employment group other than the one in which the board has placed the professional, the board may:

- a) reclassify the professional in the employment group decided by the arbitrator,
or
- b) maintain the professional in the employment group he or she has contested and change the description of the position to make it conform to the employment group.

6-7.04

The board may assign to a professional the duties of two employment groups. In this case, the professional shall be classified in the employment group to which he or she is assigned for more than half of his or her time.

If the time is equally divided between the two employment groups, the professional shall be classified in the employment group with the higher salary scale.

ARTICLE 6-8.00 ADDITION OF NEW EMPLOYMENT GROUPS TO THE CLASSIFICATION PLAN

6-8.01

Subject to the other clauses of this article, the Classification Plan can only be changed with the agreement of the CPNCA and the Centrale.

6-8.02

The CPNCA may add an employment group to the Classification Plan, but it must first consult the Centrale.

6-8.03

The CPNCA and the Centrale agree to discuss, within 30 days of a party's request, the salary scales of the employment groups that will be added to the Classification Plan.

6-8.04

Should the CPNCA and the Centrale disagree on the salary scales at the end of the 30 days prescribed in the preceding clause, either party may, within 45 days of the disagreement, submit it directly to arbitration. The arbitrator to whom such a grievance is referred shall determine the salary scales on the basis of those provided in this agreement or in the public sector for employment groups of a similar nature. This disagreement shall be given priority when preparing the arbitration roll.

ARTICLE 6-9.00 ANNUAL SALARY SCALES AND RATES**6-9.01**

However, this maximum per pay period may be exceeded so as to ensure that the total amount owed be reimbursed over a 12-month period as of the first payment. The same terms also apply to benefits or indemnities overpaid to a professional by the board under this agreement.

6-10.06

A professional who leaves the employment of the board shall retain, after his or her departure, the right to contest, by means of a grievance according to the procedure prescribed in Chapter 11-0.00, the application by the board of clauses 6-10.03 and 6-10.07.

The provisions of the salary insurance plan in article 7-1.00 of the 2010-2015 agreement (P2) shall continue to apply until the date of the coming into force of this agreement.

¹ Read "eight days" instead of "35 days" if the continuous disability period which precedes his or her return to work is equal to or less than three calendar months.

7-1.07

The new policies for the health insurance plans and the complementary plans shall come into force on the date set by the Insurance Committee of the Centrale.

7-1.08

7-1.12

A professional who has refused or ceased to be a participant in the plan may again become eligible thereto subject to the following condition:

- he or she must establish to the satisfaction of the insurer that it is no longer possible for him or her to continue to be covered as a dependent under the current group insurance plan or any other plan providing similar protection.

Where the professional submits a request to the insurer within 30 days of the termination of the insurance coverage which allowed an exemption, the insurance shall take effect on the date on which his or her coverage ceases. If the request is submitted after 30 days of the termination of insurance coverage, the insurance shall take effect on the first day of the pay period during which the insurer receives the request.

In the case of a person who, prior to his or her request, was not insured under this group insurance plan, the insurer shall not be responsible for the payment of benefits which could be payable by the previous insurer under an extension or conversion clause or otherwise.

7-1.13

The board's contribution to the health insurance plan on behalf of each professional shall be established as follows:

- a) in the case of a participant insured for himself or herself and his or her dependents: \$60 per year plus tax, where applicable;
- b) in the case of a participant insured under the individual plan: \$24 per year plus tax, where applicable;

or

double the contribution paid by the participant himself or herself for the benefits provided under the health insurance plan.

7-1.14

In the event that the Québec Health Insurance Plan is extended to cover drugs, the amounts stipulated in clause 7-1.13 shall be reduced by 2/3 of the yearly cost of the drug benefits included in the plan.

7-1.15

Every policy must include, among others, the following stipulations:

- a) a specific provision with regard to the premium reduction which shall be allowed in the event that drugs prescribed by a physician are no longer considered admissible expenses for reimbursement under the health insurance plan;
- b) a guarantee to the effect that neither the factors of the retention formula nor the rate according to which the premiums are calculated may be increased prior to January 1 following the end of the first full policy year nor more often than every January 1 thereafter;
- c) the excess of premiums over benefits or reimbursements paid to the insured persons must be reimbursed by the insurer as dividends or rebates after deduction of the agreed amounts according to the predetermined retention formula;

- d) the premium for a pay period shall be computed on the basis of the rate applicable to the participant on the first day of this period;
- e) no premium shall be payable for a pay period on the first day of which the professional is not a participant; also, the premium shall be payable in full for a pay period during which the professional's participation terminates;
- f) the insurer must forward at the same time to the Ministère and the QESBA a copy of every document of a general nature sent to the boards or the insured;
- g) the insurer shall be responsible for the keeping of files, analyses and claim settlements;
- h) the insurer shall provide the Insurance Committee of the Centrale with a detailed statement of all operations carried out under the policy as well as the reports, various statistics and any information which may be required to test the accuracy of the retention calculation;
- i) any change to the coverage and the resulting deduction at source for a professional already in the employ of the board, following the birth, adoption of a first child or a change in status, shall take effect on the date of the event if the request is made to the insurer within 30 days of the event. A change concerning the coverage under the health insurance plan made after 30 days of the event shall take effect on the first day of the pay period during which the insurer receives the request;
- j) if it is accepted by the insurer, any other change concerning the coverage and the resulting deduction at source for a professional already in the employ of the board shall take effect on the first day of the full pay period after the board receives the notice of acceptance issued by the insurer;
- k) the definitions of spouse and dependent child are identical to those found in clauses 1-1.13 and 7-1.02.

Section 3 Complementary insurance plans to which the board does not contribute

7-1.16

- a) The Insurance Committee of the Centrale shall determine the provisions of no more than three complementary personal insurance plans. The cost of these plans shall be borne entirely by the participants.

The Insurance Committee of the Centrale shall determine whether each of these plans is compulsory or optional.

- b) Every policy must include, among others, the following stipulations:
 - i) the provisions of subparagraphs b) to j) of clause 7-1.15;

- ii) in the event that a complementary plan is optional, the participation of a new professional eligible for a complementary plan shall take effect within 30 days of the request if it is made within 30 days of the entry into service of the professional;
- iii) if the request is made more than 30 days after his or her entry into service, the participation of a new professional eligible for an optional complementary plan shall take effect on the first day of the full pay period after the board receives the notice of acceptance issued by the insurer.

7-1.17

In the case of boards that have, on the date of the coming into force of this agreement, optional complementary personal insurance plans other than those established by the Centrale, the following provisions apply:

- a) the personal insurance policies and the resulting administrative measures for boards are maintained;
- b) any modification to any one of the plans or policies must be made in accordance with the provisions of the provincial complementary plans by adapting them accordingly;
- c) the union may choose to replace all the existing local plans by the provincial complementary plans. In this case, a notice of modification must be forwarded to the board at least 60 days before it comes into force.

Section 4 Insurance Committee of the Centrale**7-1.18**

The Insurance Committee of the Centrale must prepare a schedule of conditions, if necessary, and obtain, for all the participants in the plans, a group insurance policy for the basic health insurance plan and one or more group insurance policies for the other plans.

7-1.19

The Insurance Committee of the Centrale may maintain from year to year for retirees, with appropriate amendments, the basic plan coverage without any contribution on the part of the board provided that:

- a) the professionals' contribution to the plan and the board's corresponding contribution be determined while excluding any cost resulting from the extension of coverage applying to retirees;
- b) all disbursements, contributions and rebates pertaining to retirees be recorded separately and any additional contribution which may be payable by the professionals by virtue of the extension to retirees be clearly identified as such.

7-1.20

The insurer selected for all plans must have its head office in Québec and must be a single insurer or a group of insurers acting as a single insurer. For the purpose of selecting the insurer, the Insurance Committee of the Centrale may request bids or proceed according to any other method that it determines.

7-1.21

The Insurance Committee of the Centrale must carry out a comparative analysis of all bids received, if applicable, and after making its choice, provide the QESBA and the Ministère with a report on the analysis and a statement giving reasons for its choice.

7-1.22

Each plan shall have only one premium calculation method, whether it be a predetermined amount or an invariable percentage of salary.

7-1.23

Any change in premiums resulting from a change to the plan may take effect only on January 1 following a written notice to the board sent at least 60 days in advance.

7-1.24

The benefit of exemption from a plan must be the same for all plans as regards its starting date and it must be total. Moreover, it cannot begin prior to the first complete pay period following the 52nd consecutive week of total disability.

7-1.25

There can be no more than one update campaign per three years for all plans; the campaign shall be carried out by the insurer directly with the participants in a manner to be determined and the changes shall come into force on January 1 not less than 60 days after a written notice was sent to the board.

7-1.26

Dividends or rebates to be paid, as a result of favourable experience with the plans, shall constitute funds entrusted to the management of the Insurance Committee of the Centrale. Fees, salaries, expenses or disbursements incurred for the implementation and application of the plans shall constitute liens on these funds.

The balance of funds shall be used by the committee to meet the increases in the rates of premiums, to improve existing plans or to be repaid directly to the participants by the insurer according to the formula determined by the committee or to grant a waiver of premiums. In this latter case, the waiver must be for at least four months and it must take effect as of January 1 or end on December 31. The waiver must be preceded by a notice of at least 60 days to the board.

For the purpose of this clause, the basic plan must be handled separately from the complementary plans.

7-1.27

The Insurance Committee of the Centrale shall provide the Ministère and the QESBA with a copy of the schedule of conditions, the group policy and a detailed statement of the operations carried out under the policy as well as a statement of the payments received as dividends or rebates and how they were used.

The committee shall also provide, at a reasonable cost, any additional useful and relevant statements or statistics which may be requested by the QESBA or the Ministère concerning the basic health insurance plan.

Section 5 Intervention of the board

7-1.28

The board shall facilitate the implementation and application of the plans, in particular by:

- a) informing new professionals;
- b) registering new professionals;
- c) forwarding to the insurer the application forms and the pertinent information required by the insurer to maintain a participant's file up-to-date;
- d) forwarding the deducted premiums to the insurer;
- e) providing professionals with the forms required for participation in the plan, claims and benefits or other forms supplied by the insurer;
- f) forwarding information normally required of the employer by the insurer for settling certain compensations;
- g) forwarding to the insurer the names of professionals who have indicated to the board that they intend to retire.

7-1.29

The Ministère, the QESBA and the Centrale agree to set up a committee to assess the administrative problems raised by the application of insurance plans. Moreover, any change concerning the administration of the plans must be the subject of an agreement by the committee before it comes into effect. If such a change obliges the board to hire supernumerary personnel or requires overtime, the costs shall be assumed by the union.

Section 6 Standard life insurance plans**7-1.30**

The full-time professional shall benefit, without contribution on his or her part, from an amount of life insurance equal to \$6 400.

The amount shall be \$3 200 for the professional referred to in subparagraph b) of clause 7-1.01.

Section 7 Salary insurance plan**7-1.31**

- a) Subject to the provisions of this article and subject to clauses 7-1.47 to 7-1.67, every professional shall be entitled for every period of disability during which he or she is absent from work to:
 - i) up to the lesser of the number of sick-leave days accumulated to his or her credit or of five working days: the payment of a benefit equal to the salary he or she would have received had he or she been at work;
 - ii) upon termination of the payment of the benefit prescribed in subparagraph i), where applicable, but in no event before the expiry of a waiting period of five working days from the beginning of the period of disability and for a period of up to 52 weeks from the beginning of the period of disability: the payment of a benefit equal to 85% of his or her salary;
 - iii) upon the expiry of the abovementioned period of 52 weeks and for an additional period of up to 52 weeks: the payment of a benefit equal to 66 2/3% of his or her salary.

- b) During a disability period, on the written recommendation of the attending physician, the board and the regular professional who has been absent for at least 12¹ weeks may agree to a return to work on a gradual basis. The period of disability already begun shall continue during the period of gradual return to work, but the period during which some or all of the benefits are payable shall not exceed 104 weeks. In this case:
 - i) the medical certificate must stipulate that the period of gradual return to work must be immediately followed by the professional's return to work on a full-time basis;
 - ii) the board and the professional accompanied by his or her union delegate or representative, if he or she so desires, shall establish the period during which the professional will return to work on a gradual basis, which shall not exceed 12² weeks, and shall determine the proportion of time worked;
 - iii) while at work, the professional must be able to perform all of his or her duties according to the proportion agreed to.
- c) During the period of gradual return to work, the professional shall be entitled to his or her salary for the proportion of time worked and to the benefit payable to him or her for the proportion of time not worked. These proportions shall be calculated on the basis of the number of hours worked in relation to the regular workweek stipulated in article 9-1.00.
- d) Upon the termination of the period initially set for the gradual return, if the professional is unable to return to work on a full-time basis, the board and the professional may agree on another period of gradual return while complying with the other conditions prescribed in this clause.

7-1.32

Under clause 7-1.31, the professional's salary for the purposes of calculating the benefit is the salary rate he or she would receive if he or she were in service, subject to article 6-6.00, including, where applicable, premiums for regional disparities. For eligible professionals whose workweek includes fewer hours than the hours prescribed in article 9-1.00, the amount of the benefit shall be calculated in proportion to the time worked in relation to the regular workweek.

¹ Exceptionally, the board and the absent regular professional may agree on a gradual return to work before the 12-week period.

² Exceptionally, the board and the absent professional may agree on a period of gradual return to work exceeding 12 weeks.

7-1.33

As long as benefits remain payable, including the waiting period, if any, the disabled professional shall continue to participate in the Government and Public Employees Retirement Plan (RREGOP), the Teachers Pension Plan (TPP), the Civil Service Superannuation Plan (CSSP) or the Pension Plan of Certain Teachers (PPCT) and to avail himself or herself of the insurance plans. However, he or she must pay the required contributions, except that, upon termination of the payment of the benefit prescribed in subparagraph i) of paragraph a) of clause 7-1.31, he or she shall benefit from a waiver of his or her contributions to his or her pension plan (RREGOP, TPP, CSSP or PPCT) without losing any rights. Provisions relating to the waiver of contributions are an integral part of the pension plan provisions and the resulting cost shall be shared in the same manner as that of any other benefit.

The board may not cancel or fail to renew the contract of the professional for the sole reason of his or her physical or mental impairment as long as the latter can receive salary insurance or work accident benefits as a result of the application of clause 7-1.31 or clauses 7-1.47 to 7-1.67 and then, clause 7-1.44. However, the fact that a professional does not avail himself or herself of clause 7-1.44 cannot prevent the board from cancelling or not renewing the contract of the said professional.

7-1.34

- a) The benefits paid under clause 7-1.31 are reduced by the initial amount of all disability benefits paid to a professional by virtue of a provincial or federal law, with the exception of the Employment Insurance Act (S.C. 1996, c. 23), regardless of subsequent increases in basic benefits arising from indexation.
- b) When a disability benefit is paid by the Société de l'assurance automobile du Québec (SAAQ), the professional's gross taxable income shall be established as follows: the board shall deduct the equivalent of all amounts required by law from the basic salary insurance benefit; the net benefit thus obtained shall be reduced by the amount of benefit received from the SAAQ and the difference is brought to the professional's gross taxable income from which the board shall deduct all the amounts, contributions and dues required by law and this agreement.
- c) The board shall deduct 1/10 of a day from the bank of sick-leave days per day used under subparagraph i) of paragraph a) of clause 7-1.31 if the professional receives benefits from the SAAQ.

- d) As of the 61st day from the beginning of a disability, the professional who is presumed to be entitled to a disability benefit under a provincial or federal law, with the exception of the Employment Insurance Act (S.C. 1996, c. 23), must, upon written request by the board, accompanied by the appropriate forms, request such a benefit and meet all the obligations which may follow from such a request. However, the reduction of the benefit prescribed in clause 7-1.31 is made only from the moment when the professional is recognized as eligible and actually begins to receive the benefit prescribed by law. In the case where a benefit prescribed by law is granted retroactively to the first day of the disability, the professional shall reimburse the board, as the case may be, for the portion of the benefit prescribed under clause 7-1.31 as a result of the application of paragraph a) of this clause.
- e) Every professional who receives a disability benefit paid by virtue of a provincial or federal law, with the exception of the Employment Insurance Act (S.C. 1996, c. 23), must, in order to be entitled to salary insurance benefits under clause 7-1.31, notify the board of the amount of the weekly disability benefit paid to him or her. Furthermore, he or she must give his or her written authorization to the board so that the latter may obtain all the necessary information from organizations such as the SAAQ or Retraite Québec which administer a disability benefit plan from which he or she receives benefits.

7-1.35

Payment of this benefit shall terminate at the latest on the date the professional begins his or her retirement.

7-1.36

No benefit shall be paid during a strike or lockout except for a period of disability that began before and for which the professional has provided the board with a medical certificate. If the disability began during a strike or lockout and still exists at the end of the strike or lockout, the period of disability prescribed in clause 7-1.31 shall begin on the date of the professionals' return to work.

7-1.37

Benefits payable as sick-leave days or under the salary insurance plan shall be made directly by the board, subject, however, to the professional providing the supporting documents as required in clause 7-1.38.

7-1.38

At any time, the authority designated by the board may require that the professional who is absent because of disability provide a medical certificate attesting to the nature and duration of the disability. However, the cost of such a certificate shall be borne by the board if the professional is absent for less than four days. The authority designated by the board may also require an examination of the professional concerned in connection with any absence. The cost of the examination as well as the professional's transportation costs when the examination requires him or her to travel more than 45 kilometres from his or her place of work shall be borne by the board.

Upon the professional's return to work, the authority designated by the board may require him or her to submit to a medical examination in order to establish whether he or she is sufficiently recovered to resume his or her work. The cost of the examination as well as the professional's transportation costs when the examination requires him or her to travel more than 45 kilometres from his or her place of work shall be borne by the board. If the professional's physician and the board's physician disagree, the board and the union shall choose a third physician within 15 days, failing which, the two physicians shall agree, within the following 30 days, on the choice of a 3rd physician whose decision cannot be appealed.

The board must treat the medical certificates and medical examination results in a confidential manner.

7-1.39

When payment of benefits is refused by reason of presumed nonexistence or termination of any disability, the professional may appeal the decision according to the procedure for settling grievances.

Section 8 Sick-leave days

7-1.40

- a) On July 1 of every year, where applicable, the board shall credit each professional whose regular workweek includes the number of hours prescribed in article 9-1.00 and who is covered by this article with seven sick-leave days. The days thus granted shall be noncumulative but, when not used during the year, shall be redeemable on June 30 of each year under subparagraph i) of paragraph a) of clause 7-1.31 or another provision of the collective agreement, at the rate of 1/260.9 of the salary applicable on that date per day not used, the proportion of 1/260.9 of the salary applying to the fraction of a day not used.
- b) However, the professional on a leave of absence without salary, a leave of absence with salary for educational purposes, a preretirement leave or receiving the benefits prescribed in subparagraph iii) of paragraph a) of clause 7-1.31 shall be credited a fraction of the seven days of sick leave equal to the fraction of time he or she is in service.
- c) However, if the professional continues to receive the benefits prescribed in subparagraph ii) of paragraph a) of clause 7-1.31 on the first day of the work year, he or she shall, where applicable, be credited a fraction of the seven days of sick leave insofar as he or she resumes his or her service with the board.
- d) Moreover, in the case of a first year of service of a regular professional who is not relocated within the framework of security of employment, the board shall add a credit of six nonredeemable sick-leave days.

- e) If a regular professional was engaged in the course of a year and was granted fewer than six nonredeemable sick-leave days, he or she shall be entitled, on the first day of the following work year, if he or she remains in the service of the same board, to the difference between six days and the number of nonredeemable sick-leave days granted to him or her on the effective date of his or her engagement.
- f) The regular professional who has 13 or fewer days of sick leave accumulated to his or her credit on June 1 may, upon a written notice to the board prior to that date, choose not to redeem, on June 30, the balance of the seven days granted under paragraph a) of this clause and not used under the collective agreement. The professional having made this choice shall add, on June 30, the balance of these seven days, which are now nonredeemable, to the sick-leave days already accumulated.

7-1.41

If a professional becomes covered by this article in the course of a school year or if he or she leaves his or her employment during the year, the number of days credited for the year in question shall be reduced in proportion to the number of complete months of service, it being specified that "complete month of service" means a month of service during which the professional is in service for half or more of the working days in that month.

Nevertheless, if a professional has used, in accordance with the collective agreement, some or all of the sick-leave days that the board credited to him or her on July 1 of one year, no claim shall be made for the days thus used.

7-1.42

In the case of a professional whose regular workweek includes fewer hours than the hours prescribed in article 9-1.00, the number of days credited shall be calculated in proportion to the number of hours worked in relation to the number of hours prescribed in article 9-1.00.

7-1.43

- a) The professional receiving, on the date of the coming into force of this agreement, benefits under subparagraphs i), ii) and iii) of paragraph a) of clause 7-1.31 of the 2010-2015 agreement (P2) shall continue to be governed by those provisions for the duration of the disability period already begun, it being understood that the salary rate used to calculate his or her benefits is the salary applicable to him or her under this agreement.
- b) The effective date of the beginning of a period of disability shall not be modified by the coming into force of this agreement.
- c) The disabled professional who is not entitled to any benefit on the date of the coming into force of this agreement shall be covered by the salary insurance plan prescribed in this agreement as of his or her return to work or when he or she begins a new period of disability.

Section 9 Former banks of sick-leave days**7-1.44**

- a) The professionals¹ who were entitled to redeemable sick-leave days shall retain their right to be reimbursed for the value of the redeemable days accumulated until December 31, 1973 in conformity with the provisions of the previously applicable collective agreements or a regulation of the board having the same effect, it being stipulated that, even if no new day is credited, the percentage of redeemable days shall be determined by taking into account the years of service both before and after June 30, 1973.

The value shall be determined on the basis of the salary on June 30, 1973 and shall bear interest at the rate of 5% compounded yearly. However, the interest resulting from this annual rate of interest shall be effective from January 1, 1974 to June 30, 1974 and, thereafter, from July 1 to June 30 of each subsequent school year. The provisions shall not, however, change the value already set for the redeemable sick-leave days the value of which has been determined under a former agreement or a regulation of the board having the same effect.

- b) The value of redeemable days to a professional's credit may be used to pay for the cost of buying back previous years of service as prescribed in the provisions of the pension plans (TPP, RREGOP and PPCT).
- c) Notwithstanding clause 7-1.45, the redeemable sick-leave days to a professional's credit on December 31, 1973 may also be used, at the rate of one day per day, for purposes other than illness, when the former collective agreements or a regulation of the board having the same effect provided for such use. Similarly, the redeemable sick-leave days to a professional's credit on December 31, 1973 may also be used, at the rate of one day per day, for purposes other than illness, namely: the leave mentioned in article 7-2.00 or to extend the professional's disability leave upon the termination of the benefits prescribed in subparagraph iii) of paragraph a) of clause 7-1.31 or for a preretirement leave. The professional may also use the nonredeemable sick-leave days to his or her credit, at the rate of one day per day, to extend his or her disability leave upon the termination of the benefits referred to in subparagraph iii) of paragraph a) of clause 7-1.31 and the leave mentioned in article 7-2.00, provided he or she has already used up his or her redeemable sick-leave days (except those prescribed in subparagraph i) of paragraph a) of clause 7-1.31).

¹ For the purposes of determining the benefits related to the previous banks of sick-leave days, professionals whose association was represented by the Fédération des professionnels des services éducatifs du Québec in 1983-1985 shall remain governed by clause 5-10.41 of the 1983-1985 P-1 agreement or, where applicable, by clause 5-10.43 of the 1983-1985 P-2 agreement. However, the 55 years of age prescribed in paragraph d) of clause 7-1.44 of this agreement applies to these same professionals.

- d) The redeemable sick-leave days to a professional's credit on December 31, 1973 as well as the nonredeemable sick-leave days to his or her credit may also be used, at a rate of one day per day, up to a maximum of 10 days per year, to be added to the vacation period of the professional who has 30 years or more of continuous service within the meaning of clause 8-1.01. The provisions of this paragraph shall also apply to the professional who is 55 years of age even if he or she does not have the required 30 years of continuous service within the meaning of clause 8-1.01.
- e) The redeemable sick-leave days to a professional's credit on December 31, 1973 shall be considered as used on that date when used under this clause or any other clause of this article.

7-1.45

The professional who, in accordance with the agreement in effect on June 30, 1975 or the Administrative and Salary Policy for Professionals (document 27-10), as the case may be, chose not to use his or her redeemable sick-leave days shall be considered as retaining that choice for the duration of this agreement. However, the professional may modify his or her choice by so advising the board in writing.

7-1.46

The sick-leave days to a professional's credit on July 1, 2015 shall remain to his or her credit and the days used shall be deducted from the total accumulated. The sick-leave days shall be used in the following order:

- a) the redeemable days credited under the 2010-2015 agreement (P2) and, as of July 1, 2016, those credited under clause 7-1.40;
- b) after having used up the days mentioned in subparagraph a), the other redeemable days to the professional's credit;
- c) after having used up the days mentioned in subparagraphs a) and b), the nonredeemable days to the professional's credit.

Section 10 Work accidents and occupational diseases**7-1.47**

The provisions under this section apply to the professional who suffers a work accident or contracts an occupational disease covered by the Act respecting industrial accidents and occupational diseases (CQLR, chapter A-3.001).

The professional who suffered a work accident before August 19, 1985 and who is still absent for that reason shall remain covered by the Workmen's Compensation Act (R.S.Q., c. A-3) as well as by clauses 5-10.47 to 5-10.67 of the 1983-1985 collective agreement.

7-1.48

The provisions of this section corresponding to specific provisions of the Act respecting industrial accidents and occupational diseases (CQLR, chapter A-3.001) apply insofar as the provisions of the Act apply to the board.

Definitions**7-1.49**

For the purpose of this section, the following terms and expressions mean:

- a) work accident: a sudden and unforeseen event, attributable to any cause, which happens to a professional, arising out of or in the course of his or her work and resulting in an employment injury to him or her;
- b) consolidation: the healing or stabilization of an employment injury following which no improvement of the state of health of the injured professional is foreseeable;
- c) suitable employment: an appropriate position that allows a professional who has suffered an employment injury to use his or her remaining ability to work and his or her qualifications, that he or she has a reasonable chance of obtaining, and the working conditions of which do not endanger the health, safety or physical well-being of the professional, considering his or her injury;
- d) equivalent employment: a position of a similar nature to that held by the professional when he or she suffered the employment injury, from the standpoint of the qualifications required, wages, fringe benefits, duration and working conditions;
- e) health establishment: a public establishment within the meaning of the Act respecting health services and social services (CQLR, chapter S-5);
- f) employment injury: an injury or a disease arising out of or in the course of a work accident, or an occupational disease, including recurrence, relapse or aggravation.

An injury or a disease which is solely due to gross and voluntary negligence on the part of the professional who suffers or contracts such an injury or disease shall not be an employment injury unless it results in the professional's death or it permanently and severely affects his or her physical or mental well-being;

- g) occupational disease: a disease arising out of or in the course of his or her work and characteristic of that work or directly related to the risks peculiar to that work;
- h) health professional: a professional in the field of health within the meaning of the Health Insurance Act (CQLR, chapter A-29).

Miscellaneous provisions**7-1.50**

The professional must inform the board of the details concerning the employment injury before leaving the institution where he or she works, if he or she is able to do so, if not, as soon as possible. Moreover, he or she shall provide a medical certificate to the board in conformity with the Act if the employment injury which he or she suffers renders him or her unable to perform his or her duties after the day on which it manifested itself.

7-1.51

The board shall inform the union of every work accident or occupational disease which a professional has suffered or contracted as soon as it is brought to its attention.

7-1.52

The professional may be accompanied by the union delegate to any meeting with the board concerning an employment injury which he or she has suffered; in this case, the union delegate may temporarily interrupt his or her work without loss of salary or reimbursement after having obtained the permission of his or her immediate superior; permission cannot be refused without a valid reason.

7-1.53

- a) The board must immediately give first aid to a professional who has suffered an employment injury and, if need be, provide transportation to a health establishment, to a health professional or to the professional's residence as required by his or her condition.
- b) The cost of transportation of the professional shall be assumed by the board, which shall reimburse it, if such is the case, to the person who incurred it.
- c) The professional shall have the choice of the health establishment, where possible. If the professional is unable to express his or her choice, he or she must accept the health establishment chosen by the board, but may later change for the health establishment of his or her choice.
- d) The professional shall be entitled to receive care from the health professional of his or her choice.

7-1.54

The board may require that a professional who has suffered an employment injury undergo an examination by a health professional that it designates in accordance with the Act, but must state its reasons for doing so. The cost of the examination and, where applicable, the transportation costs shall be reimbursed according to clause 7-1.38.

Group plans**7-1.55**

The professional who suffers an employment injury entitling him or her to an income replacement indemnity shall remain covered by the life insurance plan mentioned in clause 7-1.30 and by the health insurance plan mentioned in clause 7-1.09.

The professional shall benefit, without losing any rights, from the waiver of his or her contributions to the pension plan (TPP, CSSP, RREGOP or PPCT). The provisions concerning the waiver of such contributions are an integral part of the pension plan provisions and the resulting costs shall be shared as is the case with any other benefit.

The waiver shall no longer apply when the employment injury has consolidated or the professional is assigned temporarily as provided for in clause 7-1.61.

7-1.56

In the case where the date of consolidation of the employment injury is prior to the 104th week following the date of the beginning of the continuous period of absence due to an employment injury, the salary insurance plan mentioned in clause 7-1.31 shall apply, subject to the second paragraph of this clause, if the professional is still disabled within the meaning of clause 7-1.03 and, in this case, the date of the beginning of such absence shall be considered as the date of the beginning of the disability for the purpose of applying the salary insurance plan, particularly clauses 7-1.31 and 7-1.44.

However, for the professional who would receive from the Commission des normes, de l'équité, de la santé et de la sécurité du travail (CNESST) an income replacement indemnity which is less than the benefit which he or she would have received as a result of the application of clause 7-1.31, the salary insurance plan mentioned in this clause shall apply to make up the difference if the professional is still disabled within the meaning of clause 7-1.03 and, in this case, the date of the beginning of such an absence shall be considered as the date of the beginning of the disability for the purpose of applying the salary insurance plan, particularly clauses 7-1.31 and 7-1.44.

7-1.57

The bank of sick-leave days of a professional shall not be reduced for the days for which the CNESST has paid an income replacement indemnity until the date of consolidation of the employment injury as well as for the absences provided for in clause 7-1.67.

Salary**7-1.58**

As long as a professional is entitled to the income replacement indemnity, but no later than the date of consolidation of the employment injury he or she has suffered, he or she shall be entitled to his or her salary as if he or she were at work subject to the following provisions. His or her gross taxable salary shall be determined in the following manner: the board shall deduct the equivalent of all amounts required by law and this agreement, if need be; the net salary thus obtained shall be reduced by the income replacement indemnity and the difference shall be brought to a gross taxable salary on the basis of which the board shall deduct all amounts, contributions and dues required by law and this agreement.

The application of this clause cannot have the effect of granting a professional who is so entitled a salary higher than that he or she would have received had he or she remained at work.

For the purposes of this clause, the salary to which the professional is entitled includes, where applicable, premiums for regional disparities.

7-1.59

Subject to clause 7-1.58, the CNESST shall reimburse the board the amount corresponding to the income replacement indemnity set by the CNESST.

The professional must sign the forms required for such reimbursement. Such a waiver shall only be valid for the period during which the board has agreed to pay the benefits.

Right to return to work**7-1.60**

A professional who is informed by his or her physician of the date of consolidation of the employment injury he or she has suffered and of the fact that he or she will retain a certain degree of functional disability or that he or she will retain no such disability shall pass on the information to the board without delay.

7-1.61

The board may temporarily assign work to a professional while awaiting the professional to again become able to resume his or her position or a suitable or equivalent position even if his or her employment injury has not consolidated, the foregoing as prescribed by the Act.

7-1.62

Once his or her employment injury has consolidated, the professional shall resume his or her position or another position to which he or she is reassigned or transferred by the board in accordance with the other provisions of this agreement. If the position is abolished, the professional shall be entitled to the benefits he or she would have had had he or she been at work.

7-1.63

A professional who, although unable to resume his or her duties because of an employment injury, but who may be able to use his or her remaining ability and his or her qualifications to work shall be entitled to hold, in accordance with clause 7-1.64, an equivalent position or a suitable available position that the board intends to fill provided that he or she is able to do so.

7-1.64

The exercise of the right mentioned in clause 7-1.63 shall be subject to the terms and conditions which follow:

- a) if it involves a professional position or another position:
 - i) the professional shall submit his or her application in writing;
 - ii) the professional has the required qualifications and meets the other requirements determined by the board;
 - iii) the applicable collective agreement so permits;
- b) the right of the professional can only be exercised during the two years immediately following the beginning of his or her absence or in the year following the date of consolidation according to whichever date is later.

7-1.65

The professional who obtains a position referred to in clause 7-1.63 shall benefit from an adaptation period of 30 working days; at the end of that period, the professional cannot keep the position if the board deems he or she is unable to perform his or her duties adequately. In such a case, the professional shall be considered as not having exercised the right prescribed in clause 7-1.63 and may again benefit from this clause.

7-1.66

Notwithstanding any provision to the contrary, the professional who obtains a position referred to in clause 7-1.63 shall receive the salary of his or her new position.

7-1.67

Once the professional who has suffered an employment injury returns to work, the board shall pay him or her his or her salary within the meaning of the Act respecting industrial accidents and occupational diseases (CQLR, chapter A-3.001), including the premiums for regional disparities to which he or she is entitled, where applicable, for each day or part of day during which he or she must be absent from work to receive treatment or undergo medical examinations related to the employment injury or to carry out an activity of his or her personal rehabilitation program.

ARTICLE 7-2.00 PARENTAL RIGHTS¹**Section 1 General provisions****7-2.01**

The maternity leave allowances prescribed in Section 2 and the paternity leave or adoption allowances prescribed in Section 4 shall only be paid as supplements to the parental insurance or Employment Insurance benefits, as the case may be, or in the cases prescribed below, as payments during a period of absence during which the Québec Parental Insurance Plan (QPIP) and the Employment Insurance Plan (EIP) do not provide any benefits.

However, maternity, paternity or adoption leave allowances shall be paid only during the weeks the professional receives or would receive, after submitting an application for benefits, benefits under the Québec Parental Insurance Plan or the Employment Insurance Plan.

In the case where the professional shares the adoption or parental benefits prescribed by the Québec Parental Insurance Plan or the Employment Insurance Plan with his or her spouse, allowances shall be paid only if the professional actually receives a benefit under either plan during the maternity leave prescribed in clause 7-2.05, the paternity leave prescribed in paragraph B) of clause 7-2.23 or the adoption leave prescribed in paragraph C) of clause 7-2.27.

7-2.02

Where both parents are women, the allowances and benefits granted to the father shall be granted to the mother who did not give birth.

7-2.03

- A) The board shall not reimburse a professional for an amount that could be claimed from the professional by the Minister of Employment and Social Solidarity under the Act respecting parental insurance (CQLR, chapter A-29.011).

¹ At the time of signing of the agreement, professionals entitled to any of the provisions of article 7-2.00 of the 2010-2015 agreement (P2) remain covered by those provisions.

Also, the board shall not reimburse the professional for the amounts that Employment and Social Development Canada (ESDC) could require the professional to pay under the Employment Insurance Act (S.C. 1996, c. 23).

- B) Moreover, the basic weekly salary¹, deferred basic weekly salary and severance payments shall not be increased or decreased by the amounts received under the Québec Parental Insurance Plan or the Employment Insurance Plan.

7-2.04

Unless specifically provided otherwise, this article cannot result in granting a professional a benefit, monetary or not, which he or she would not have had had he or she remained at work.

Section 2 Maternity leave

7-2.05

- A) The duration of a pregnant professional's maternity leave:
- eligible for benefits under the Québec Parental Insurance Plan is 21 weeks;
 - eligible for benefits under the Employment Insurance Plan is 20 weeks;
 - ineligible for benefits under the Québec Parental Insurance Plan or the Employment Insurance Plan is 20 weeks.

The weeks of maternity leave must be consecutive, subject to paragraphs A) and B) of clause 7-2.09.

- B) The professional who becomes pregnant while on a leave without salary or a part-time leave without salary prescribed in this article shall also be entitled to a maternity leave, as defined in paragraph A), and to the allowances prescribed in clause 7-2.10, 7-2.11 or 7-2.13, as the case may be.
- C) Should the professional's spouse die, the remainder of the maternity leave and the inherent rights and benefits shall be transferred to the professional.
- D) A professional shall also be entitled to the maternity leave in cases where there is a miscarriage after the beginning of the 20th week prior to the expected date of delivery.

¹ "Basic weekly salary" means the regular salary of the professional including the regular salary supplement for a regularly increased workweek as well as the premiums for responsibility to the exclusion of the others, without any additional remuneration even for overtime.

7-2.06 Distribution of leave

The distribution of maternity leave, before and after delivery, shall be decided by the professional and shall include the day of delivery. However, the leave of the professional eligible under the Québec Parental Insurance Plan shall be concurrent with the period during which benefits are paid under the Act respecting parental insurance (CQLR, chapter A-29.011) and must begin no later than the week following the start of benefits payment under the Québec Parental Insurance Plan.

7-2.07 Advance notice

To obtain maternity leave, a professional must give written notice to the board at least two weeks before the date of her departure. Such a notice must be accompanied by a medical certificate or a written report signed by the midwife confirming the pregnancy and the due date.

The time limit for giving prior notice may be less if a medical certificate confirms that the professional must leave her job sooner than expected. In the case of an unforeseen event, the professional shall be exempted from the formality of the notice provided that she give the board a medical certificate stating that she had to leave her job immediately.

7-2.08 Extension of maternity leave

If the birth occurs after the due date, the professional shall be entitled to extend the maternity leave for the length of time the birth is overdue, except if she still has at least two weeks of maternity leave left after the birth.

The maternity leave may also be extended if the state of health of the child or of the professional requires it. The duration of extended maternity leave shall be specified in the medical certificate provided by the professional.

During those extensions, the professional is considered on leave without salary and shall not receive any allowance or benefit from the board. The professional shall be entitled to the benefits prescribed in clauses 7-2.15 and 7-2.16 during the first six weeks and, subsequently, to the benefits prescribed in clause 7-2.34 during those extensions.

7-2.09 Suspension and division of maternity leave**A) Suspension of maternity leave**

A professional who has sufficiently recovered from delivery, but whose child must remain in the health establishment may interrupt her maternity leave by returning to work. It is completed when the child is brought home.

Moreover, a professional who has sufficiently recovered from delivery, but whose child is hospitalized after leaving the health establishment may suspend her maternity leave, upon agreement with the board, by returning to work for the period during which the child is hospitalized.

B) Division of maternity leave

- a) Upon a professional's request, a maternity leave may be divided into weeks if her child is hospitalized or due to a situation, other than illness related to pregnancy, covered by sections 79.1 and 79.8 to 79.12 of the Act respecting labour standards (CQLR, chapter N-1.1).
- b) The maximum number of weeks during which the maternity leave may be suspended corresponds to the number of weeks during which the child is hospitalized. For other possible divisions, the maximum number of weeks during which the leave is suspended is that prescribed in the Act respecting labour standards (CQLR, chapter N-1.1) for such a situation.

During those suspensions, the professional is considered on leave without salary and shall not receive any allowance or benefit from the board. The professional shall receive the benefits prescribed in clause 7-2.34 during those suspensions.

C) Resuming the suspended or divided maternity leave

When the professional resumes the maternity leave suspended or divided under paragraph A) or B) of this clause, the board shall pay the professional the allowance to which she would have been entitled had she not availed herself of such a suspension or division for the number of remaining weeks under clause 7-2.10, 7-2.11 or 7-2.13, as the case may be, subject to clause 7-2.01.

7-2.10 Cases eligible for the Québec Parental Insurance Plan

A professional who has accumulated 20 weeks of service¹ and who is eligible for benefits under the Québec Parental Insurance Plan shall receive for the 21 weeks of her maternity leave an allowance based on the following formula²:

1^o sum of:

- a) the amount equal to 100% of the professional's basic weekly salary up to \$225; and
- b) the amount equal to 88% of the difference between the professional's basic weekly salary and the amount determined under subparagraph a) above;

and

¹ The absent professional shall accumulate service if her absence is authorized, particularly for disability, and includes benefits or remuneration.

² This formula was used to take into account the fact that, in such a case, the professional is exempt from contributing to the pension plans, the Québec Parental Insurance Plan and the Employment Insurance Plan.

- 2° from which sum, the amount of maternity or parental benefits that the professional is receiving or would receive under the Québec Parental Insurance Plan after submitting an application is deducted.

Such an allowance shall be calculated on the basis of the Québec Parental Insurance Plan benefits to which a professional is entitled without taking into account the amounts deducted from such benefits because of the reimbursement of benefits, interest, penalties and other amounts recoverable under the Act respecting parental insurance (CQLR, chapter A-29.011).

However, if the benefit paid under the Québec Parental Insurance Plan is modified as a result of a change in the information provided by the board, the latter shall adjust the allowance accordingly.

A professional who works for more than one employer shall receive an allowance equal to the difference between the amount determined by the board under paragraph 1° of this clause and the amount of Québec Parental Insurance Plan benefits corresponding to the proportion of basic weekly salary the board pays her in relation to the total basic weekly salaries paid by all the employers. To this end, the professional shall provide each of her employers with a statement of the weekly salaries paid by each of them and the amount of benefits paid to her under the Act respecting parental insurance (CQLR, chapter A-29.011).

7-2.11 Cases ineligible for the Québec Parental Insurance Plan (QPIP) but eligible for the Employment Insurance Plan (EIP)

The professional who has accumulated 20 weeks of service¹ and who is eligible for benefits under the Employment Insurance Plan, without being eligible for benefits under the Québec Parental Insurance Plan, shall be entitled during 20 weeks of her maternity leave to receive:

- 1° for each week of the waiting period prescribed under the Employment Insurance Plan, an allowance calculated in the following manner²:

sum of:

- a) the amount equal to 100% of the professional's basic weekly salary up to \$225; and
- b) the amount equal to 88% of the difference between the professional's basic weekly salary and the amount determined under subparagraph a) above;

¹ The absent professional shall accumulate service if her absence is authorized, particularly for disability, and includes benefits or remuneration.

² This formula was used to take into account the fact that, in such a case, the professional is exempt from contributing to the pension plans, the Québec Parental Insurance Plan and the Employment Insurance Plan.

2° for each of the weeks that follow the period prescribed under paragraph 1° above, an allowance based on the following formula:

sum of:

- a) the amount equal to 100% of the professional's basic weekly salary up to \$225; and
- b) the amount equal to 88% of the difference between the professional's basic weekly salary and the amount determined under subparagraph a) above;

and

- c) from which sum, the amount of maternity or parental benefits that the professional is receiving or would receive under the Employment Insurance Plan after submitting an application is deducted.

Such an allowance shall be calculated on the basis of the Employment Insurance benefits to which a professional is entitled without taking into account the amounts deducted from such benefits because of the reimbursement of benefits, interest, penalties and other amounts recoverable under the Employment Insurance Plan.

However, if the Employment Insurance benefit paid is modified as a result of a change in the information provided by the board, the latter shall adjust the allowance accordingly.

A professional who works for more than one employer shall receive an allowance equal to the difference between the amount determined by the board under paragraph 1° of this clause and the amount of Employment Insurance Plan benefits corresponding to the proportion of basic weekly salary the board pays her in relation to the total basic weekly salaries paid by all the employers. To this end, the professional shall provide each of her employers with a statement of the weekly salaries paid by each of them and the amount of the benefits paid to her by ESDC.

Moreover, if ESDC reduces the number of weeks of Employment Insurance benefits to which the professional would otherwise have been entitled had she not availed herself of the Employment Insurance benefits before her maternity leave, the professional shall continue to receive for a period equivalent to the weeks deducted by ESDC the allowance prescribed under paragraph 2° of this clause as if she had, during that period, availed herself of the Employment Insurance benefits.

7-2.12

The board may not offset, in the allowance that it pays to the professional on maternity leave, the reduction in the Québec Parental Insurance Plan or the Employment Insurance Plan benefits attributable to the salary earned from another employer.

Notwithstanding the provisions of the preceding paragraph, the board shall pay the allowance if the professional proves that the salary earned from another employer constitutes usual salary by means of a letter to this effect from the employer who pays it. If the professional proves that only a portion of this salary is usual, the allowance shall be limited to that portion.

The employer who pays the usual salary prescribed in the preceding paragraph must, at the professional's request, produce such a letter.

The total amounts received by the professional during her maternity leave as Québec Parental Insurance Plan or Employment Insurance Plan benefits, allowances and salary may not however exceed the gross amount determined under paragraph 1° of clause 7-2.10 or 7-2.11. This formula must be applied to the total basic weekly salaries received from her board or, where applicable, from her employers.

7-2.13 Cases ineligible for the Québec Parental Insurance Plan and the Employment Insurance Plan

The professional ineligible under the Québec Parental Insurance Plan and the Employment Insurance Plan shall also be excluded from any other allowances prescribed in clauses 7-2.10 and 7-2.11.

However, the professional who has accumulated 20 weeks' service is entitled to an allowance based on the following formula:

sum of:

- a) the amount equal to 100% of the professional's basic weekly salary up to \$225; and
- b) the amount equal to 88% of the difference between the professional's basic weekly salary and the amount determined under subparagraph a) above;

for 12 weeks, if she does not receive benefits under a parental rights plan established by another province or territory.

The fourth paragraph of clause 7-2.12 applies, adapted as required.

7-2.14 In the cases mentioned in clauses 7-2.10, 7-2.11 and 7-2.13

- A) No allowance may be paid during the vacation period for which a professional is paid.
- B) In the case of a professional eligible for benefits under the Québec Parental Insurance Plan or the Employment Insurance Plan, the allowance owing shall be paid by the board at two-week intervals, the first instalment need only be paid 15 days after the board receives proof that she is receiving benefits under either plan. For purposes of this paragraph, a benefit statement or information provided by the Ministère du Travail, de l'Emploi et de la Solidarité sociale or ESDC to the board in an official statement is considered as proof.

- C) Service shall be calculated with all the employers in the public and parapublic sectors (civil service, education, health and social services), health and social services agencies, all bodies for which professionals are subject to conditions of employment or salary scales or standards which by law are determined or approved by the government, the Office franco-québécois pour la jeunesse, the Société de gestion du réseau informatique des commissions scolaires (GRICS) and any other body referred to in Schedule C of the Act respecting the process of negotiation of the collective agreements in the public and parapublic sectors (CQLR, chapter R-8.2).

Moreover, the requirement of 20 weeks' service under clause 7-2.10, 7-2.11 or 7-2.13 is deemed to have been met, where applicable, when the professional meets this requirement with one of the employers mentioned in this paragraph C).

- D) The basic weekly salary of the professional whose workweek includes fewer hours than the hours prescribed in article 9-1.00 is the average basic weekly salary that she received during the last 20 weeks preceding her maternity leave.

If, during that period, the professional received benefits based on a certain percentage of her regular salary, it is understood that, for calculation purposes, the professional's basic weekly salary during her maternity leave is the basic salary on the basis of which the benefits were determined.

However, any period during which the professional on special leave as provided for in clause 7-2.20 does not receive any benefits from the CNESST shall be excluded for the purpose of calculating her average basic weekly salary.

If the 20-week period preceding the maternity leave of the professional whose workweek has fewer hours than the hours prescribed in article 9-1.00 includes the date of the increase of the salary rates and scales, the basic weekly salary shall be calculated on the basis of the salary rate in force on that date. If, on the other hand, the maternity leave includes that date, the basic weekly salary shall change on that date according to the applicable salary scale adjustment formula.

The provisions of paragraph D) constitute one of the express stipulations of clause 7-2.04.

- E) In the case where the nontenured regular professional is nonreengaged because of surplus, the maternity leave benefits to which she is entitled under the collective agreement and paid by the board shall terminate as of the date of the nonreengagement.

Subsequently, in the case where the professional is reengaged under the priority of employment provided for in clause 5-6.06, the maternity leave benefits shall be reestablished as of the date of the reengagement.

In this case, the weeks for which the professional received maternity leave benefits and the weeks included in the period during which she was nonreengaged shall be deducted from the number of weeks to which the professional is entitled under clause 7-2.10, 7-2.11 or 7-2.13, as the case may be, and the maternity leave allowances shall be reestablished for the number of weeks remaining under clause 7-2.10, 7-2.11 or 7-2.13, as the case may be.

7-2.15

During the maternity leave and the first six weeks of the extended leave prescribed in clause 7-2.08, the professional, insofar as she is normally entitled to it, shall benefit from the following:

- life insurance plan;
- health insurance plan by paying his or her share;
- accumulation of vacation and payment made in lieu thereof;
- accumulation of sick-leave days;
- accumulation of seniority;
- accumulation of experience;
- accumulation of continuous service for security of employment purposes;
- right to apply for a position that is posted and to obtain it in accordance with the provisions of the collective agreement as if she were at work.

7-2.16

The professional may defer a maximum of four weeks' annual vacation if it falls within her maternity leave and if she notifies the board in writing of the date of such deferral no later than two weeks before the termination of the said maternity leave.

7-2.17

The maternity leave may be of shorter duration than that prescribed in clause 7-2.05. If the professional returns to work within the two weeks following the birth, she must, at the board's request, produce a medical certificate confirming that she is sufficiently recovered to resume work.

7-2.18

During the fourth week preceding the termination of the maternity leave, the board must send the professional a notice indicating the anticipated date of the termination of the said leave.

The professional to whom the board has sent such a notice¹ must report to work upon the termination of the maternity leave, unless such leave is extended as provided for in clause 7-2.33.

The professional who does not comply with the preceding paragraph is considered on a leave of absence without salary for a maximum period of four weeks. At the end of that period, the professional who has not reported back to work is considered as having resigned.

7-2.19

When she returns from her maternity leave, the professional shall return to her position or, where applicable, a position obtained at her request during her leave, in accordance with the provisions of the collective agreement. If the position is abolished, the professional shall be entitled to the benefits she would have had had she been at work at that time.

Section 3 Special leaves regarding pregnancy and breastfeeding

7-2.20 Temporary assignment and special leave

- A) The professional may request to be temporarily assigned to another position, whether vacant or temporarily vacant, in the same employment group or, if she agrees and subject to the provisions of the agreement, in another employment group, in the following cases:
- a) she is pregnant and her working conditions expose her or her unborn child to infectious diseases or to physical dangers;
 - b) her working conditions involve dangers for her child whom she is breastfeeding;
 - c) she works regularly at a cathode-ray screen.

The professional must present a medical certificate to this effect as soon as possible.

- B) When the board receives a request for a preventive reassignment, it shall immediately inform the union giving the name of the professional and the reasons supporting the request for preventive reassignment.
- C) The professional so assigned to another position shall retain the rights and privileges of her regular position.

¹ The notice cannot be sent by e-mail.

- D) If the assignment is not carried out immediately, the professional shall be entitled to a special leave to begin immediately. Unless a temporary assignment arises afterward to cancel the special leave, the special leave shall terminate, for the pregnant professional, on the date of the birth and, for the professional who is breastfeeding, at the end of the period during which the child is breastfed. However, the special leave of the professional eligible for benefits payable under the Act respecting parental insurance (CQLR, chapter A-29.011) shall end as of the fourth week prior to the due date.
- E) During the special leave mentioned in this clause, the professional's allowance shall be governed by the provisions of the Act respecting occupational health and safety (CQLR, chapter S-2.1) concerning the preventive reassignment of the professional who is pregnant or who is breastfeeding.

However, following a written request to this effect, the board shall pay the professional an advance on the benefit to be received on the basis of the benefits that may be anticipated. If the CNESST pays the anticipated benefit, the reimbursement shall be deducted from that amount. If not, the reimbursement shall be made under clause 6-10.05.

Moreover, if the professional exercises her right to apply for a review of the CNESST decision or to contest it before the Tribunal administratif du travail, the reimbursement cannot be paid until the administrative review of the CNESST decision or, where applicable, the decision of the Tribunal administratif du travail has been rendered.

- F) In addition to the preceding provisions, at the professional's request, the board must study the possibility of temporarily changing the duties, without loss of rights, of the professional assigned to a cathode-ray screen so as to reduce her working time at the screen to a maximum of two hours per half-day and assign her to other duties she is reasonably capable of performing for the remainder of her working time.

Other special leaves

7-2.21

The professional shall also be entitled to a special leave in the following circumstances:

- a) when a complication in the pregnancy or a risk of miscarriage requires a work stoppage for a period prescribed by a medical certificate; the special leave cannot be extended beyond the beginning of the fourth week preceding the due date;
- b) upon presentation of a medical certificate prescribing the duration, when a natural or legally induced miscarriage occurs before the beginning of the 20th week preceding the due date;
- c) for visits with a health care professional related to the pregnancy and attested to by a medical certificate or a written report signed by a midwife. In this case, the professional shall benefit from a special leave without loss of salary for a maximum of four days, which may be taken in half-days.

7-2.22

During the special leaves granted under this section, a professional shall be entitled to the benefits prescribed in clauses 7-2.15 and 7-2.16, insofar as she is normally entitled to them and in clause 7-2.19. The professional covered by clause 7-2.21 may also avail herself of the benefits of the sick-leave plan or the salary insurance plan. In the case of subparagraph c) of clause 7-2.21, the professional must first have used the four days prescribed therein.

Section 4 Other parental leaves**Paternity leave****7-2.23****A) Paternity leave with salary of five working days**

A professional shall be entitled to leave with salary for a maximum of five working days upon the birth of his child. The professional shall also be entitled to such a leave if his spouse miscarries after the beginning of the 20th week prior to the due date. This leave may be discontinuous and must be taken between the beginning of the actual delivery and the 15th day after the mother or child arrives home.

One of the five days may be taken for the child's christening or registration.

During the paternity leave, the professional shall be entitled to the benefits prescribed in clauses 7-2.15 and 7-2.16, provided he is normally entitled to them and in clause 7-2.19.

A female professional whose spouse gives birth shall also be entitled to such a leave if she is deemed to be one of the child's mothers.

The professional shall inform the board as soon as possible of the date on which he intends to take a paternity leave.

B) Five-week paternity leave

Upon the birth of his child, a professional shall also be entitled to paternity leave of no more than five weeks which, subject to paragraphs D) and E), must be consecutive. The leave must end no later than at the end of the 52nd week following the week of the child's birth.

The paternity leave of a professional eligible for benefits under the Québec Parental Insurance Plan or the Employment Insurance Plan shall be concurrent with the period during which benefits are paid under either plan and must begin no later than the week following the start of benefits payment.

A female professional whose spouse gives birth shall also be entitled to this leave if she is deemed to be one of the child's mothers.

The maximum number of weeks during which the paternity leave may be suspended corresponds to the number of weeks during which the child is hospitalized. For other possible divisions, the maximum number of weeks during which the leave is suspended is prescribed in the Act respecting labour standards (CQLR, chapter N-1.1) for such a situation.

During those suspensions, the professional shall be considered on leave without salary and shall not receive any allowance or benefit from the board. The professional shall be entitled to the benefits prescribed in clause 7-2.34 during that period.

If the professional proves to the board that only part of the salary earned from another employer is usual, compensation shall be limited to that portion.

The employer paying the usual salary prescribed in the preceding paragraph must, at the professional's request, produce such a letter.

ARTICLE 7-7.00 PROGRESSIVE RETIREMENT PLAN**7-7.01**

The purpose of the progressive retirement plan is to permit a professional to reduce his or her time worked for a period of one to five years at the end of which the professional shall retire. The professional's time worked must not be less than 40% of the regular workweek prescribed in article 9-1.00. However, the scheduling of the time worked may be subject to different terms and conditions as stipulated in paragraph C) of clause 7-7.14. The scheduling cannot modify the number of salary payments received by the professional prior to concluding the agreement.

7-7.02

The plan can only apply according to law or the regulations and is subject to the provisions of this article.

7-7.03

Only the regular professional whose regular workweek is greater than 40% of the regular workweek prescribed in article 9-1.00 who is a member of one of the pension plans currently in force (CSSP, RREGOP and TPP) may benefit from the plan only once.

7-7.04

To be eligible for the plan, the professional must verify with Retraite Québec that in all likelihood he or she will be entitled to a pension on the date on which the agreement expires.

The professional shall sign the form required by Retraite Québec and shall forward a copy to the board.

7-7.05

The professional who wishes to benefit from the plan must forward a written request to the board 90 days prior to the beginning of the progressive retirement period. The request must specify the period during which the professional intends to benefit from the plan and the time he or she intends to work during that period.

7-7.06

The professional shall also forward to the board, at the same time as the request, an attestation from Retraite Québec confirming that in all likelihood he or she will be entitled to a pension on the date on which the agreement expires.

7-7.07

Approval of the request for the progressive retirement plan shall be the exclusive responsibility of the board.

However, should the request be refused, the board shall provide, at the professional's request, the reasons for its refusal.

c) The period covered by the agreement shall count as a period of service for the purpose of the three pension plans currently in effect (CSSP, RREGOP and TPP).

d) For the duration of the agreement, the professional and the board must pay their share of the contributions to the pension plan on the basis of the applicable salary as if the professional had not availed himself or herself of the plan.

e) The fact that the professional is placed on availability shall not modify the agreement concluded under this article.

7-7.09

Should the professional not be entitled to his or her pension upon the expiry of the agreement due to circumstances beyond his or her control as stipulated by regulation, the agreement shall be extended to the date on which the professional will be entitled to his or her pension, even though the total progressive retirement period exceeds five years.

Any changes in the fixed dates for the beginning and end of the agreement must have the prior approval of Retraite Québec.

7-7.10

In the event of the retirement, resignation, termination of employment for breach of contract, nonreengagement, dismissal, death of the professional or, where applicable, upon expiry of the extension agreed under clause 7-7.09, the agreement shall terminate on the date on which the event occurs. The same applies in the event of the professional's withdrawal, which can only occur with the approval of the board.

The agreement shall also terminate if the professional is relocated to another employer as a result of the application of the provisions of this agreement, unless the new employer agrees to continue the agreement and provided that such continuation meets the approval of Retraite Québec.

If the agreement becomes null or terminates due to circumstances mentioned previously or stipulated by regulation, the pensionable salary, the credited service and the contributions shall be determined, for each of these circumstances, in the manner stipulated in the regulation.

However, the board and the professional may stipulate in the contract a leave of a duration of six or 12 continuous months taken in a period other than that prescribed in this clause. The duration of the leave with deferred salary must be for at least six consecutive months and cannot be interrupted for whatever reason.

- C) For the purpose of calculating vacation credits, each of the years of the contract constitutes continuous service.

For each year of the contract during which the professional is at work, vacation shall be remunerated at the percentage of salary indicated in section III.

For the 12-month leave, the year of the leave includes the annual vacation to which the professional is entitled and, for the six-month leave, the period of leave includes half the annual vacation to which the professional is entitled.

The vacation to which the professional is entitled after the contract has expired shall be remunerated at the salary rate applicable under the collective agreement.

In the event of the retirement, withdrawal or resignation of the professional, this contract shall expire on the date of the retirement, withdrawal or resignation under the conditions described hereinafter:

- a) the professional has already taken the leave (salary paid in excess):

the professional shall reimburse¹ the board the amount received during the leave according to the percentages prescribed in section XIII herein without interest. The percentages must however be adjusted to take into account, where applicable, the exact period of the implementation of the contract;

¹ The board and the professional may agree on the terms of reimbursement.

- b) the professional has not taken the leave (salary not paid):

the board shall reimburse the professional for the term of implementation of the contract, an amount equal to the difference between the salary to which he or she would have been entitled under the applicable agreement had he or she not signed the said contract and the salary received under this contract, without interest;

- c) the leave is in progress:

the amount owing by either party shall be calculated in the following manner:

the amount received by the professional during the leave minus the amounts already deducted from the professional's salary by the application of this contract (section III). If the result obtained is negative, the board shall reimburse the amount to the professional; if the result obtained is positive, the professional shall reimburse¹ the amount to the board.

However, the leave with deferred salary cannot extend beyond a maximum six-year period following the date on which the amounts began to be deferred.

The conditions prescribed in subparagraph a), b) or c) of section V shall then apply.

The board and the professional may agree that the provisions of this section do not apply to a leave without salary the duration of which is five working days or less.

If the professional is relocated to another employer in the education sector, the contract shall be transferred to the new employer, unless the latter refuses, in which case the conditions prescribed in subparagraph a), b) or c) of section V shall then apply. However, the board that signed this contract shall not make any monetary claim if the professional is required to reimburse the board as a result of the application of section V.

X Death of the professional

In the event of the professional's death during the term of this contract, the contract shall expire on the date of the professional's death and the conditions prescribed in subparagraph a), b) or c) of section V shall then apply. However, the board shall not make any monetary claim if the professional is required to reimburse the board as a result of the application of section V.

In this case, the professional shall choose:

XII Maternity leave (20 or 21 weeks) and paternity or adoption leaves (five weeks)

- A) The leave takes place during the leave with deferred salary.

The leave with deferred salary cannot be interrupted for the maternity, paternity or adoption leave.

- B) The leave takes place before and ends before the leave with deferred salary or takes place after the latter.

The contract shall be interrupted for the duration of the maternity, paternity or adoption leave and shall be extended accordingly after its completion. During the interruption, the provisions of the collective agreement concerning the maternity, paternity or adoption leave shall apply.

- C) The leave takes place before the leave with deferred salary and continues at the time the latter begins.

In this case, the professional shall choose:

- a) either to defer the leave with deferred salary to another school year or another period agreed with the board. However, the leave with deferred salary cannot extend beyond a maximum six-year period from the date on which the amounts begin to be deferred;

Subject to the other provisions of this agreement, a professional may be absent from work for up to 10 days per year of which six are taken from the annual bank of sick-leave days to carry out obligations related to the care, health or education of his or her child or spouse's child. He or she may also use the days under the same conditions for reasons related to the state of health of his or her spouse, father, mother, brother, sister, grandmother or grandfather.

A maximum of six days shall be deducted from the professional's annual bank of sick-leave days and, failing that, the absences shall be without salary. The leave may also be divided into half-days.

The board shall be informed in advance of the absence or, if such a notice cannot be given, upon the professional's return.

7-9.02

Subject to the other provisions of this agreement, a professional may be absent from work, without salary, for the duration and reasons prescribed in sections 79.8 to 79.12 of the Act respecting labour standards (CQLR, chapter N-1.1). The professional must inform the board as soon as possible and provide proof justifying the absence.

The benefits that the professional maintains during the absence under the preceding paragraph are the same as the ones applicable to the parental leave without salary prescribed in the first paragraph of clause 7-2.34.

Upon a professional's return to work at the end of the leave without salary, he or she shall be reinstated in the position held before the leave. If the position is abolished, the professional shall be entitled to benefits he or she would have had had he or she been at work.

CHAPTER 8-0.00**FRINGE BENEFITS RELATED TO WORKING CONDITIONS****ARTICLE 8-1.00 VACATION****8-1.01**

Subject to the other provisions of this article, the professional shall be entitled during the 12 months following June 30 of each year to annual vacation, the duration of which shall be calculated according to the following table:

<u>Period of continuous service¹ on June 30</u>	<u>Accumulation of vacation credits from July 1 to June 30 (working days)</u>
Less than one year	1 2/3 days per month of continuous service
1 year and less than 17 years	20 days

19 and 20 years	22 days
21 and 22 years	23 days
23 and 24 years	24 days
25 years or more	25 days

8-1.02

The professional may, with the consent of the board, obtain a leave of absence without salary to complete a period of annual vacation of 20 working days. The professional who is entitled to fewer than 10 working days of annual vacation shall obtain, upon written request, a leave without salary to complete his or her annual vacation period of 10 working days.

8-1.03

An absence for which the payment of salary is provided in this agreement shall not interrupt a period of continuous service.

8-1.04

Vacation credits shall not be reduced by one or more absences for disability, provided that the absences not exceed six months per school year or disability period.

¹ Continuous service means the period during which the professional was employed by the board in a continuous manner, in whatever capacity, the foregoing subject to clauses 8-1.03 and 8-1.04.

Also considered in the calculation of continuous service is the cumulative duration of employment as a replacement or supernumerary professional for periods of employment not interrupted by a period of unemployment of 12 months or more prior to obtaining a regular professional position.

Absences other than those for disability for which the payment of salary is not provided in this agreement shall not reduce the vacation credits provided that the absences not exceed 60 working days per school year and that the total absences and absences for disability not exceed six months per school year.

Vacation credits shall not be affected by the maternity leave provided for in clause 7-2.05, the paternity leave provided for in paragraph B) of clause 7-2.23 as well as the adoption leave provided for in paragraph C) of clause 7-2.27.

8-1.05

8-1.06

The usual vacation period is between July 1 and August 31.

8-1.07

8-1.08

The vacation dates chosen by the professional shall be approved by the board. The board may refuse a vacation plan when the requirements of the department justify it.

If several vacation plans fall within the same period, seniority shall be the determining factor, if need be.

8-1.09

Any vacation plan approved by the board shall be considered as final.

8-1.10

When a person employed by the board in another category of employment becomes a professional during the year, he or she shall earn vacation credits for the year of the transfer in proportion to the time worked as a professional during that school year, taking into account continuous service with the board under clause 8-1.01.

In this case, the professional can obtain a leave without salary to complete his or her annual vacation period up to the number of working days to which he or she would have been entitled based on his or her continuous service with the board.

8-1.11

Notwithstanding the preceding clauses of this article, the board may, after consulting with the Labour Relations Committee, determine a period of total or partial shutdown of its activities during the usual vacation period for vacation purposes; the duration of such period may not exceed 10 working days.

ARTICLE 8-2.00 NONWORKING DAYS WITH PAY**8-2.01**

Every professional in service shall be entitled to 13 nonworking days with pay per school year in accordance with the stipulations of this article.

However, the professional who works fewer than 35 hours per week shall be entitled to a minimum number of nonworking days with pay in proportion to the number of hours prescribed in his or her schedule in relation to the 35 hours and on the basis of the number of nonworking days with pay specified in this clause. Where applicable, the minimum determined in this paragraph shall be made up by a compensatory leave prior to the expiry of his or her contract or before the end of the school year.

8-2.02

For each school year, the professional who is eligible according to the conditions determined in clause 8-2.01 shall be entitled to the following nonworking days with pay:

- a) the working days included during the period from December 24 to January 3;
- b) the remaining nonworking days with pay shall be determined yearly following an agreement between the local parties; failing agreement, the board shall determine the list of the nonworking days with pay in conformity with the school calendar from among the following dates: July 1, the first Monday in September (Labour Day), the second Monday in October (Thanksgiving Day), Good Friday, Easter Monday, Journée nationale des patriotes and June 24.

8-2.03

When one of the abovementioned nonworking days falls on a Saturday or Sunday, the board shall reschedule it for another day in conformity with the school calendar.

8-2.04

The list of nonworking days with pay shall be posted or forwarded to the professionals at the beginning of each school year.

8-2.05

When a nonworking day with pay falls within the vacation period of a professional, such day shall be added to the vacation period.

8-2.06

If the collective agreement applicable on June 30, 1975 or a regulation or resolution of the board in force on the date of the coming into force of the first collective agreement applicable to the bargaining unit provided for a plan of nonworking days with pay the application of which for one of the school years of this agreement would have allowed a number of nonworking days with pay greater than that determined yearly in clause 8-2.01, the number of nonworking days with pay determined in clause 8-2.01 shall be increased for all the professionals covered by this agreement and to which clause 8-2.01 applies, according to the school year in question, by the difference between the number of nonworking days with pay obtained by applying the former plan for the school year in question and that determined in clause 8-2.01.

The additional nonworking days with pay shall be determined by the board while taking into account the school calendar after consulting the Labour Relations Committee.

ARTICLE 8-3.00 TRAVEL EXPENSES**8-3.01**

All expenses incurred during authorized travel by a professional in the performance of his or her duties shall be reimbursed according to the norms in effect at the board for its professional personnel.

8-3.02

However, the board cannot establish norms lower than those in effect on the date of the coming into force of this agreement for its professional personnel.

The regular working hours of the professional shall not be modified, except by agreement between the professional and the board.

8-4.04

The board and the professional concerned shall meet the commitments undertaken prior to the date of the coming into force of this agreement in order to complete the professional development activities already begun.

The sums that the commitments mentioned in this clause entail shall be deducted from the amounts prescribed in clause 8-4.07.

8-4.05

If, in the context of human resource development, a professional must leave the service of the board, the latter shall recognize for him or her upon his or her return the same number of years of experience, service and seniority as if he or she had remained in the employ of the board.

Section B Organization of professional development**8-4.06**

The board shall consult the union within the framework of the Labour Relations Committee or of a parity committee set up for this purpose on the following subjects:

- a) the local policy for human resource development applicable to professionals;
- b) the rules applicable to the presentation and approval of human resource development projects;
- c) the policy for the utilization of the funds allocated under clause 8-4.07, including a report on use of these amounts;
- d) any other matter pertaining to professional development determined by the board and the union.

8-4.07

Two or more boards may join together for the application of this article.

In this case, the total annual amount available shall be equal to the sum of the annual amounts provided for each board. The use of these funds need not, necessarily, take into account the percentage of each of the participating boards.

8-4.08

The amount allocated to professional development shall be \$240¹ per school year per regular professional employed by the board whose regular workweek includes the number of hours prescribed in article 9-1.00. For every other regular or supernumerary professional employed by the board, the amount allocated shall be adjusted in proportion to the regular hours prescribed in his or her workweek.

Any sums unused in a given year shall be added to those provided for the following year.

The administration of the funds allocated to human resource development shall be the responsibility of the board.

¹ The amount has already been allocated for the 2015-2016 school year.

8-4.09

An amount of \$4 965¹ per school year shall be earmarked to enhance, as a priority, access to professional development activities for professionals of the Central Québec School Board (territory of the service area of Chibougamau, Chapais and Kawawachikamach), Eastern Shores School Board and Western Québec School Board (territory of the municipalities of Témiscaming, Val d'Or and Rouyn-Noranda) especially for defraying the travel and accommodation expenses of the said professionals.

The amount shall be distributed after consultation of a committee set up for this purpose and composed of one representative of the QESBA, one representative of the Ministère and two representatives of the Centrale. If the amount cannot be allocated to the professionals of the Central Québec School Board (territory of the service area of Chibougamau, Chapais and Kawawachikamach), Eastern Shores School Board and Western Québec School Board (territory of the municipalities of Témiscaming, Val d'Or and Rouyn-Noranda), it may be used for other professional development purposes determined after consultation of the committee.

The sums available for one school year and unused or committed shall be added to the sums available for the following school year.

ARTICLE 8-5.00 HEALTH AND SAFETY**8-5.01**

The board and the union shall work together through the Labour Relations Committee to maintain working conditions that ensure the health, safety and physical well-being of professionals.

- b) see that he or she does not endanger the health, safety and physical well-being of other persons who are on the work premises or near the work premises;
- c) undergo health examinations required for the application of the Act and the regulations applicable to the board.

¹ The amount has already been allocated for the 2015-2016 school year.

8-5.04

The board must take, as prescribed by the Act and the regulations applicable to it, the measures necessary to protect the health and ensure the safety and physical well-being of professionals; it must in particular:

- c) provide suitable lighting, ventilation and heating;
- d) provide safe material and ensure that it is kept in good condition;
- e) allow a professional while in the employ of the board to undergo health examinations required for the application of the Act and the regulations applicable to the board.

8-5.05

Placing individual or group safety means and equipment at the disposal of professionals in order to meet their specific needs, when it becomes necessary under the Act and regulations applicable to the board, must not reduce in any way the efforts required by the board, the union and the professionals to eliminate at the source dangers to their health, safety and physical well-being.

8-5.06

When a professional exercises the right of refusal provided for in the Act respecting occupational health and safety (CQLR, chapter S-2.1), he or she must notify his or her immediate superior or the authority designated by the board immediately.

As soon as he or she is notified, the immediate superior or, where applicable, the authority designated by the board shall summon the union representative mentioned in clause 8-5.10 if he or she is available or, in the case of an emergency, the union delegate; the purpose of this summons shall be to assess the situation and the corrective measures that the immediate superior or the authority designated by the board intends to apply.

For the purpose of the meeting following the summons, the union representative mentioned in clause 8-5.10 or, where applicable, the union delegate, may temporarily interrupt his or her work without loss of salary or reimbursement.

8-5.07

The right of a professional mentioned in clause 8-5.06 shall be exercised subject to the relevant provisions prescribed in the Act and the regulations concerning occupational health and safety applicable to the board and subject to the terms specified therein, where applicable.

8-5.08

The board cannot impose a nonreengagement or a disciplinary or discriminatory measure on a professional if he or she exercised in good faith the right prescribed in clause 8-5.06.

8-5.09

Nothing in this agreement shall prevent the union representative referred to in clause 8-5.10 or, where applicable, the union delegate from being accompanied by a union advisor at the meeting mentioned in clause 8-5.06; however, the board or its representatives must be informed of the presence of the advisor before the meeting is held.

8-5.10

The union may specifically designate one of its representatives to the Labour Relations Committee or to the specific health and safety committee mentioned in clause 8-5.02, where applicable, to deal with health and safety matters; the representative may be absent temporarily from his or her work, after having informed his or her immediate superior, without loss of salary or reimbursement in the following cases:

- a) to attend the meeting mentioned in the third paragraph of clause 8-5.06;
- b) to accompany a CNESST inspector during an inspection visit to the board in connection with a matter dealing with the health, safety or physical well-being of a professional.

ARTICLE 8-6.00 NONDISCRIMINATION**8-6.01**

No threat, constraint, discrimination or unjust distinction which might eliminate or compromise a fundamental right or freedom specifically recognized under the Charter of Human Rights and Freedoms (CQLR, chapter C-12) must be exercised against a professional.

8-6.02

No threat, constraint, discrimination or unjust distinction shall be exercised against a board representative, a union delegate or union representative during the course of or as a result of the performance of their duties in that capacity.

8-6.03

There shall be no intimidation, reprisals or discrimination against a professional because of the fact that he or she exercises a right of recourse prescribed by law or this agreement.

ARTICLE 8-7.00 SEXUAL HARASSMENT IN THE WORKPLACE**8-7.01**

Sexual harassment in the workplace is defined as imposed or unwanted sexual advances that compromise a right recognized by this agreement.

8-7.02

The professional shall be entitled to work in an environment free from sexual harassment.

8-7.03

The board shall take reasonable measures in order to promote a working environment free from sexual harassment and to stop any sexual harassment brought to its attention.

8-7.04

Every grievance concerning sexual harassment in the workplace shall be submitted to the board by the plaintiff or the union, with the plaintiff's consent, according to the procedure described in article 11-1.00.

8-7.05

The authority designated by the board must meet the union representative, accompanied or not by the plaintiff, to discuss the grievance at a time determined by the parties.

8-7.06

Should a solution be deemed unsatisfactory within 30 days of the meeting mentioned in clause 8-7.05, the plaintiff or the union, with the consent of the plaintiff, may refer the grievance to arbitration in accordance with the procedure described in article 11-2.00.

8-7.07

The names of the persons involved and the circumstances surrounding the grievance must be treated in a confidential manner, particularly by the board and the union, except if such information is required for the inquiry related to the grievance or the application of a measure taken under this agreement.

8-7.08

A grievance concerning sexual harassment shall be given hearing priority.

ARTICLE 8-8.00 EQUAL OPPORTUNITY**8-8.01**

The board which decides to set up an equal opportunity program shall consult the union through the Labour Relations Committee.

8-8.02

The consultation shall focus on the following:

- a) the possibility of setting up an equal opportunity advisory committee grouping together all categories of personnel, it being specified that only one equal opportunity committee may exist at the board and that the union shall appoint its representative to that committee;

should such a committee be set up, consultation on the items in subparagraphs b) and c) shall be carried out by the committee;

- b) the diagnostic analysis, where applicable;
- c) the contents of the equal opportunity program, namely:
 - the objectives sought;
 - the corrective measures;
 - the time frame;
 - the control mechanisms allowing the evaluation of the progress made and problems encountered.

8-8.03

In the context of the consultation mentioned in the preceding clause, the board shall forward to the union the information that it deems useful within a reasonable time limit.

8-8.04

In order to be valid, any equal opportunity measure which has the effect of subtracting from, modifying or adding to a provision of this agreement must be the subject of a written agreement in accordance with clause 1-3.01.

ARTICLE 8-9.00 EMPLOYEE ASSISTANCE PROGRAM**8-9.01**

Any board which decides to implement an employee assistance program shall consult the bargaining unit through the Labour Relations Committee on the contents of the program.

8-9.02

The employee assistance program shall contain mechanisms guaranteeing confidentiality and ensuring that participation is on a voluntary basis.

CHAPTER 9-0.00 WORK SYSTEM**ARTICLE 9-1.00 WORKING TIME****9-1.01**

The work year of a professional is from July 1 to June 30.

9-1.02

The regular workweek is 35 hours.

9-1.03

The board and the union may agree on a local arrangement which provides for a regular workweek which differs from the one prescribed in clause 9-1.02.

ARTICLE 9-2.00 WORK SCHEDULE**9-2.01**

The work schedule shall be established so as to minimize work in the evenings or on weekends, without affecting the services to be rendered, especially with respect to adult education and meetings with parents.

The board shall organize the professional's work schedule in such a way as to allow him or her to have a break per half-day and an uninterrupted lunch period.

9-2.02

The board may change the work schedule for reasons of a pedagogical or administrative nature or for reasons related to services to students. A change in the schedules of all professionals shall be made after consultation with the Labour Relations Committee.

9-2.03

Travelling time in the service of the board must be considered as work time if the professional is authorized to travel from one place of work to another within the territory of the board. If the professional is required to travel outside of the territory of the board, such travel shall be governed by the policies of the board. Any new board policy on this subject or any change in the existing policy shall be submitted to the Labour Relations Committee for prior consultation.

9-2.04

In the case of a professional whose workweek includes split workdays on a regular basis which oblige him or her to work in the evening within his or her regular schedule, the board shall ensure the professional a rest period of 12 consecutive hours between the end of his or her workday and the beginning of the next, unless a different agreement is made with the professional.

ARTICLE 9-3.00 OVERTIME**9-3.01**

At the request of or with the authorization of the competent authority of the board, work carried out outside of the work schedule of the professional concerned or during a nonworking day with pay shall be considered as overtime. Only the excess of his or her regular workweek shall be counted.

9-3.02

The benefits inherent to overtime shall not apply to the professional who, within the framework of this agreement, obtained an authorization to be absent or was on a leave, even if the work that he or she carries out during the absence extends beyond the working day.

9-3.03

The professional who works overtime shall obtain a compensatory leave for the number of hours worked.

9-3.04

The board and the professional shall agree on the terms of application of the preceding clause by taking into account the requirements of the department; failing an agreement between the board and the professional within 60 days of the date on which the overtime was carried out on the time when the leave may be taken, the overtime shall be remunerated at the regular rate.

When the board and the professional have agreed on the time when the leave may be taken, but it cannot be taken at the time agreed due to the needs of the department or uncontrollable circumstances, overtime shall then, at the professional's choosing, be remunerated at the regular rate or taken in time; in this latter case, the board and the professional shall agree on the time when the leave may be taken.

9-3.05

Payment of overtime carried out shall be made to the professional within 30 days of the date as of which the work may be remunerated under the preceding clause.

9-3.06

A compensatory leave for overtime cannot be deferred from one work year to another except with the consent of the competent authority of the board. In this case, overtime shall be remunerated in accordance with clause 9-3.05.

ARTICLE 9-4.00 REGULATIONS CONCERNING ABSENCES**9-4.01**

The professional shall advise the board as soon as possible of any absence and shall convey the reason for the absence to the board in writing, if so requested.

9-4.02

The board shall deduct each period of absence not remunerated from the total salary.

However, the professional who so requests may make up the period of absence in time worked if the reasons for the absence are deemed valid and approved by the board.

ARTICLE 9-5.00 EXTENT OF RESPONSIBILITY**9-5.01**

The board recognizes that the professional activities performed by the professional do not include any responsibilities involving the engagement or nonreengagement of personnel, assignment or movement of personnel, disciplinary evaluation of personnel, imposition of a disciplinary measure or representation of the employer in its relations with the employees as provided for in the Labour Code (CQLR, chapter C-27).

ARTICLE 9-6.00 PROFESSIONAL RESPONSIBILITY**9-6.01**

A professional may sign a document prepared by him or her in the performance of his or her duties and of which he or she is the sole author. However, use of the contents of the document shall remain the responsibility of the board. Should the contents of a document signed by the professional be used, his or her signature must appear on the document or he or she must be credited as its author.

9-6.02

Notwithstanding the preceding clause, no professional shall be bound to sign a document that, in all professional conscience, he or she cannot endorse nor shall he or she be compelled to make changes to a document he or she has signed and he or she believes to be correct from a professional point of view.

9-6.03

If the board publishes a document in any form whatsoever, in whole or in part, which is not signed by the professional, the board shall not add the name of the professional to the document.

9-6.04

No disciplinary measures may be taken against a professional who has refused to sign a document which, in all professional conscience, he or she cannot approve.

9-6.05

The provisions of this article may be adapted so as to apply to the preparation of technical materials.

ARTICLE 9-7.00 CIVIL RESPONSIBILITY**9-7.01**

The board shall undertake to assume the case of every professional whose civil responsibility might be at issue by the actual performance of his or her duties during the working day or outside of the working day when the professional is carrying out activities specifically authorized by the competent authority. The board shall agree to make no claim against the professional in this respect except in the case of serious fault or gross negligence on the part of the professional when he or she has been found guilty of such by a tribunal.

9-7.02

As soon as the legal responsibility of the board has been recognized by the latter or has been established by a tribunal, the board shall indemnify every professional for the total or partial loss, theft or destruction of personal belongings which by their nature are normally used in or brought to work, unless the professional has shown gross negligence; in the event that such loss, theft or destruction is already covered by insurance held by the professional, the compensation paid shall be equal to the actual loss sustained by the professional.

9-7.03

A professional may hire a lawyer, at his or her own expense, and have him or her assist the lawyer chosen by the board.

ARTICLE 9-8.00 PRACTICE OF THE PROFESSION**9-8.01**

The occupation of a professional shall consist in the performance of activities of counselling, coordination, animation or administration in a given sector of activities.

The board shall facilitate, within the framework of the activities described above, professional autonomy and consultation conducive to the realization of the objectives defined by the board.

9-8.02

The board must, insofar as possible, assure the professional that the working premises and material and technical conditions are adapted to the characteristics of his or her duties and the requirements of confidentiality and, in particular, provide him or her with adequate secretarial services.

9-8.03

The professional shall comply with the rules generally recognized in the discipline concerned and the applicable ethical norms.

9-8.04

The board must, when it intervenes in the work of a professional, respect the recognized ethical norms governing the performance of his or her duties.

9-8.05

The board and the professional are committed to respecting the confidentiality of information provided or obtained in confidence in performing their respective duties and responsibilities, unless the disclosure of the information is required or authorized by law.

9-8.06

The board cannot oblige the professional to identify the individuals who have provided information confidentially on the basis of which the professional prepared a report, unless the disclosure of the information is required or authorized by law.

9-8.07

When a professional is called as a witness in a civil or criminal court regarding facts brought to his or her attention in the course of the performance of his or her duties and that he or she thus foresees having to invoke professional secrecy, he or she may be accompanied by a lawyer chosen and paid by the board.

ARTICLE 9-9.00 EVALUATION OF PROFESSIONAL ACTIVITIES**9-9.01**

The method for evaluating professional activities must be submitted beforehand to the Labour Relations Committee for consultation.

9-9.02

The board shall forward to professionals in writing the method for evaluating professional activities that it has adopted.

9-9.03

The evaluation of the professional activities of a professional must be conveyed to him or her in writing and placed in his or her file.

9-9.04

The professional whose activities have been evaluated as provided for in this article may send his or her written comments on the evaluation to the board within 45 days of the date on which he or she was informed of his or her evaluation. The comments, together with the evaluation, shall be inserted in the professional's file.

CHAPTER 10-0.00 REGIONAL DISPARITIES**ARTICLE 10-1.00 DEFINITIONS**

For the purpose of this article, the following definitions apply:

10-1.01

Dependent: The spouse and dependent child¹ respectively and any other dependent as defined in the Taxation Act (CQLR, chapter I-13) provided that he or she resides with the professional. However, for the purpose of this chapter, the income earned from a job by the professional's spouse shall not nullify the latter's status as dependent.

The fact that a child attends a secondary school declared to be of public interest situated elsewhere than in the professional's place of residence shall not nullify his or her status as dependent if no public secondary school is accessible where the professional lives.

Moreover, the fact that a child attends preschool or elementary school declared to be of public interest in a locality other than the professional's place of residence shall not remove his or her status of dependent when no preschool or elementary school declared to be of public interest, as the case may be, is accessible in the child's language of instruction (French or English) in the locality where the professional lives.

In addition, a dependent child is considered as having the status of dependent, provided he or she meets the following three conditions:

- the child attends, on a full-time basis, a post-secondary institution recognized of public interest elsewhere than in the place of residence of the professional working in a locality situated in sector III described in clause 10-1.03 or working in the locality of Fermont;
- the child had dependent status in accordance with the aforementioned definition of dependent;

¹ Dependent child: a child of a professional, of his or her spouse or of both or a child living with the professional for whom adoption procedures have been undertaken, unmarried or not joined in civil union and living or domiciled in Canada, who depends on the professional for his or her financial support and who is under 18 years of age; every child 25 years of age or under who is a duly registered student attending, on a full-time basis, a recognized institution of learning, or a child of any age who has become totally disabled prior to reaching his or her 18th birthday or before reaching his or her 25th birthday if he or she was a duly registered student attending a recognized institution of learning on a full-time basis and has remained continuously disabled since that time.

- the professional provided supporting documents to prove that the child is pursuing, on a full-time basis, a post-secondary education program, namely, proof of registration at the beginning of the term and proof of attendance at the end of the term.

Recognition of dependent status as defined in the preceding paragraph enables a professional to retain his or her isolation and remoteness premium and a dependent child to benefit from outings.

However, transportation costs allocated to a dependent child under other programs shall be deducted from the benefits related to outings granted to a dependent child.

The provisions of the fourth paragraph do not apply to food transportation and housing.

10-1.02

Point of departure: Domicile in the legal sense of the word at the time of engagement insofar as the domicile is situated in one of the localities of Québec. The point of departure may be modified by an agreement between the board and the professional, subject to it being situated in Québec.

The fact that a professional already covered by this article changes employer in the public and paraprofessional sectors shall not modify his or her point of departure.

10-2.02

The amount of the isolation and remoteness premium applicable to a professional whose regular workweek includes fewer hours than the hours prescribed in article 9-1.00 shall be adjusted in proportion to the regular hours worked in relation to the number of regular hours prescribed in article 9-1.00.

10-2.03

The amount of the isolation and remoteness premium shall be adjusted in proportion to the duration of the professional's assignment in the territory of the board in one of the sectors mentioned in clause 10-1.03.

10-2.04

A professional on maternity, paternity or adoption leave who remains in the territory during the leave shall continue to benefit from the provisions of this article.

¹ These rates were revised based on the increase prescribed in point 8 of section 2 – Transitional provisions found in Letter of agreement n° 9.

10-2.05

If both members of a couple work for the same board, or if each works for a different employer in the public and parapublic sectors, only one of the two may receive the premium applicable to a professional with dependent(s), if he or she has one or more dependents other than his or her spouse. If he or she has no dependent other than his or her spouse, each shall be entitled to the premium for professionals with no dependents, notwithstanding the definition of the term "dependent" found in clause 10-1.01.

10-2.06

Subject to clause 10-2.03, the board shall cease to pay the isolation and remoteness premium established under this article if the professional and his or her dependents deliberately leave the territory during a paid absence or leave for more than 30 days, except for annual vacation, nonworking days with pay, sick leave, maternity, paternity or adoption leave or leave due to a work accident.

ARTICLE 10-3.00 OTHER BENEFITS**10-3.01**

The board shall assume the following expenses incurred by every professional recruited in Québec at a distance of more than 50 kilometres from the locality where he or she is required to perform his or her duties, provided it is situated in one of the sectors mentioned in clause 10-1.03:

- a) the transportation expenses of the transferred professional and his or her dependents;
- b) the cost of transporting his or her personal belongings and those of his or her dependents up to a maximum of:
 - i) 228 kilograms for each adult or each child 12 years of age or over;
 - ii) 137 kilograms for each child under 12 years of age;
- c) the cost of transporting his or her furniture (including household utensils), if need be, other than those provided by the board;
- d) the cost of transporting his or her motorized vehicle, if need be, by road, boat or train;
- e) the cost of storing his or her furniture, if need be.

10-3.02

The professional is not entitled to reimbursement for these expenses if he or she is in breach of contract to go work for another employer before the 61st calendar day of his or her stay in the territory, unless the union and the board agree otherwise.

10-3.03

If the professional eligible for the provisions of subparagraphs b), c) and d) of clause 10-3.01 decides not to avail himself or herself of some or of all of them immediately, he or she shall remain eligible for the provisions during the year following the start date of his or her assignment.

10-3.04

These expenses shall be payable provided that the professional is not reimbursed for these expenses by another plan, such as the federal mobility assistance program to look for employment, or that his or her spouse has not received an equivalent benefit from his or her employer or another source and solely in the following cases:

- a) the professional's first assignment: from the point of departure to the place of assignment;
- b) the dismissal or nonreengagement of the professional by the board: from the place of assignment to the point of departure;
- c) a subsequent assignment or transfer at the request of the board or of the professional: from one place of assignment to another;
- d) the breach of contract, resignation or death of the professional: from the place of assignment to the point of departure; however, in the case of sectors I and II, the reimbursement shall only be made in proportion to the time worked in relation to a period of reference established at 260.9 working days except in the case of death;
- e) a professional obtains a leave of absence for educational purposes: from the place of assignment to the point of departure. In this case, the expenses referred to in clause 10-3.01 shall also be payable to the professional whose point of departure is 50 kilometres or less from the place where he or she performs his or her duties.

10-3.05

The expenses incurred between the point of departure and the place of assignment shall be assumed by the board or shall be reimbursed upon presentation of supporting vouchers.

If the professional is recruited from outside Québec, these expenses shall be assumed or reimbursed by the board without exceeding the equivalent costs between Montréal and the locality where the professional is required to perform his or her duties.

If both spouses, within the meaning of clause 1-1.13, work for the same board, only one of the two may avail himself or herself of the benefits granted under this article.

10-3.06

The weight of 228 kilograms mentioned in subparagraph b) of clause 10-3.01 shall be increased by 45 kilograms for every year of service in the employ of the board in the territory. This provision shall cover the professional only.

ARTICLE 10-4.00 OUTINGS**10-4.01**

- a) The board shall assume the expenses directly or shall reimburse the professional recruited at more than 50 kilometres from the locality where he or she performs his or her duties for the expenses inherent to the following outings for the professional and his or her dependents for:
 - i) Fermont, Schefferville and Kawawachikamach: four outings per year for the professional without dependents and three outings per year for the professional with dependent(s);
 - ii) the localities of the Îles-de-la-Madeleine: one outing per year.
- b) The initial place of recruitment shall not be modified due to the fact that the professional nonreengaged because of surplus of personnel, who is subsequently reengaged, chose to stay there during the period of unemployment.
- c) The fact that the professional's spouse works for the board or another employer in the public and parapublic sectors must not cause the professional to benefit from a greater number of paid outings than that prescribed in this agreement.

10-4.02

These expenses shall be paid directly or reimbursed upon presentation of supporting vouchers for the professional and his or her dependents up to, for each, the equivalent of the price of a return flight from the place of assignment to the point of departure situated in Québec or to Montréal.

10-4.03

In the cases mentioned in subparagraphs i) and ii) of paragraph a) of clause 10-4.01, an outing may be used by the spouse or a family member not residing in the territory to visit the professional who lives in one of the localities mentioned in paragraph a) or b).

10-4.04

If a professional or one of his or her dependents must immediately leave, for reasons of emergency, his or her place of work situated in one of the localities mentioned in clause 10-4.01 because of illness, an accident or a complication related to pregnancy, the board shall pay for the cost of the return flight. The professional must prove that it was necessary for him or her to leave immediately. An attestation from the nurse or physician in the locality or, if the attestation cannot be obtained locally, a medical certificate from the attending physician shall be accepted as proof.

The board shall also pay for the return flight of the person who accompanies the person evacuated from his or her place of work.

10-4.05

Section 2 Grievance procedure**11-1.07**

Any professional, whether or not he or she is accompanied or not by the union delegate may, if he or she so desires, before submitting a grievance, attempt to solve his or her problem with the authority designated by the board.

11-1.08

In order to settle as quickly as possible every grievance which may arise during the term of this agreement, the board and the union agree to comply with the procedure described in this section.

11-1.09

A grievance may be submitted to the board by a professional or by the union acting on behalf of the professional or both.

The notice of grievance must be sent by certified mail, registered mail or fax or otherwise delivered to the authority designated by the board within 90 days of the event giving rise to the grievance.

11-1.10

The notice of grievance must contain a summary of the facts that gave rise to the grievance, the name of the professional or the professionals concerned, where applicable. For information purposes, the notice of grievance must specify the clauses of the agreement on which it is based and, without prejudice, the required corrective measure or measures.

In the case of a classification grievance or a grievance concerning the placement of a professional, the notice of grievance must specify, without prejudice, the employment group or step sought, as the case may be.

11-1.11

The formulation of the grievance may be amended after it has been submitted, but on the condition that such an amendment not change the subject of the grievance.

11-1.12

The authority designated by the board may meet with the union's representative, accompanied or not by the professional concerned, at a time convenient to both parties, in order to discuss the grievance.

11-1.13

Within 15 days of the mailing or delivery of the notice of grievance, the authority designated by the board shall provide the union with a written decision and, where applicable, shall forward a copy to the professional or professionals concerned.

11-1.14

If the union feels that the decision mentioned in clause 11-1.13 is inadequate or if the decision is not received within the prescribed time, it may submit the grievance to arbitration according to the procedure described in article 11-2.00.

ARTICLE 11-2.00 ARBITRATION**Regular arbitration procedure****11-2.01**

The union wishing to submit a grievance to the regular arbitration procedure must, within 45 days of the expiry of the time limit prescribed in clause 11-1.13, notify the board and the chief arbitrator to that effect, using the computerized form of the Greffe des Tribunaux d'Arbitrage du Secteur de l'Éducation and include the notice of grievance.

However, notwithstanding clause 11-1.14 and the preceding paragraph, the union may enter its grievance for arbitration after it receives the reply of the board provided for in clause 11-1.13.

11-2.02

Once the notice of arbitration has been registered, the records office shall immediately send an acknowledgement of receipt to the union, the board, the Ministère, the CPNCA, the FPPE and the Centrale.

Maureen Flynn
Diane Fortier

André Ladouceur

or any other person appointed by the Centrale, the Fédération and the Ministère to act in this capacity.

11-2.04

A grievance shall be referred to a single arbitrator. However, at the request of the Centrale or the CPNCA when the monthly arbitration roll is prepared or within the 15 days that follow, the grievance may be referred to an arbitrator appointed under this clause and assisted by an assessor appointed by the Centrale and an assessor appointed by the CPNCA.

If need be, the Centrale shall inform the records office of the name of a union assessor of its choice and the CPNCA shall inform it of the name of an employer assessor of its choice within 30 clear days of the entering of the case on the arbitration roll.

Every assessor thus appointed shall be deemed competent to sit, whatever his or her past or present activities, interests in the litigation or functions in the union, the board or elsewhere.

11-2.05

Any arbitrator appointed under this article shall be deemed competent to act as an arbitrator who shall decide, in conformity with the provisions of a former agreement, on any legal grievance arising from the provisions of a former agreement. The preceding provisions shall not remove from the jurisdiction of other arbitrators any grievance referred to them by the chief arbitrator before the date of the coming into force of this agreement.

11-2.06

For the purpose of applying the preceding clause, any grievance which legally arose before the expiry of the 2010-2015 agreement (P2) and submitted to arbitration after its expiry within the time limits prescribed therein shall be validly submitted to arbitration. To that end, the board, the Ministère and the CPNCA shall not raise the objection of nonarbitrability on the grounds of the nonexistence of working conditions after the expiry of the agreement.

11-2.07

As of his appointment, the chief arbitrator, before acting, shall take an oath or shall pledge on his honour before a judge of the Superior Court to perform his duties in conformity with the law, the provisions of this agreement and according to equity and good conscience.

As of his or her appointment, every arbitrator shall take an oath or shall pledge on his or her honour before the chief arbitrator, for the term of this agreement, to render his or her decisions in conformity with the law, the provisions of the agreement, and according to equity and good conscience. Where applicable, the arbitrator shall receive, at the beginning of each arbitration, the same oaths or pledges on their honour from the two assessors appointed to assist him or her and to carry out their duties in conformity with the law, the provisions of the agreement and according to equity and good conscience.

11-2.08

The chief arbitrator or, in his absence, the chief records clerk, under the authority of the chief arbitrator, shall:

- a) draw up the monthly arbitration roll in the presence of representatives of the CPNCA and the Centrale;
- b) appoint an arbitrator from the list mentioned in clause 11-2.03;

- c) set the time, date and place of the first arbitration session;
- d) indicate, for each grievance, whether it involves an arbitration referred to a single arbitrator or to an arbitrator assisted by an assessor.

The records office shall notify the arbitrator, the parties concerned, the Ministère, the CPNCA, the Fédération, the Centrale and where applicable, the assessors.

11-2.09

The arbitrator shall set the time, date and place of the subsequent sessions, where applicable, and shall inform the records office; the records office shall notify the parties concerned, the Ministère, the CPNCA, the Fédération, the Centrale and, where applicable, the assessors. The arbitrator shall also set the time, date and place of the deliberation sessions and shall so inform the assessors, if need be.

To facilitate the holding of a hearing, the lawyers shall contact each other and inform the arbitrator of the nature of the preliminary means they intend to raise one week prior to the hearing.

Every hearing shall be scheduled for 9:30 a.m.; the lawyers, assessors, if any, and the arbitrator must use the first half-hour for a private preparatory session.

The purpose of the preparatory session is to:

- improve the arbitration process, to better use the availability time invested therein and to accelerate the holding of hearings;
- allow the parties to declare, if not already done, the means they intend to use to plead the case other than those mentioned in the preliminary remarks;
- outline the dispute and identify the issues to be discussed in the course of the hearing;
- ensure the exchange of documentary evidence;
- plan the presentation of evidence to be produced in the course of the hearing;
- study the admissibility of certain facts;
- analyze any other question which could simplify or accelerate the hearings.

11-2.10

The arbitrator or the assessor shall be replaced according to the procedure established for the original appointment.

11-2.11

If an assessor has not been designated in conformity with the original appointment procedure or if the position of assessor is vacant and is not filled before the date set for the hearing, the arbitrator shall appoint him or her, ex officio, on the day of the hearing.

11-2.12

The arbitrator shall proceed with diligence in the investigation of the grievance according to the procedure and evidence that he or she may deem appropriate. He or she also ensures compliance with the operating procedures of the records office.

11-2.13

At any time before the first deliberation session or within 15 days after the end of the hearing if it involves a grievance heard by a single arbitrator, the Centrale, the Fédération, the CPNCA, the QESBA and the Ministère may individually or collectively intervene and make any representation that they deem appropriate or pertinent to the arbitrator or, where applicable, to the arbitrator assisted by his or her assessors.

However, if one of the aforementioned parties wishes to intervene, it shall so inform the other parties of its intention and of the object of the intervention.

11-2.14

The arbitration sessions shall be public. The arbitrator may, however, on his or her own initiative or at the request of one of the parties, order the session to be held in camera.

11-2.15

The arbitrator may deliberate in the absence of an assessor provided he or she has notified him or her in accordance with clause 11-2.09 at least seven days in advance.

11-2.16

Except in the case of the production of written notes where the board and the union may agree to exceed the time limit, the arbitrator must render his or her decision within 45 days following the end of the hearing. However, the decision shall not be null for the sole reason that it was rendered after the expiry of the said time limit.

The chief arbitrator may not assign another grievance to an arbitrator who has not rendered a decision within the time limit allotted as long as the decision has not been rendered. This shall not apply to an arbitrator who has filed the draft decision within this same time limit and if no other additional deliberation has been requested by an assessor.

11-2.17

The arbitration decision shall state the reasons therefor and shall be signed by the arbitrator.

Any assessor may file a separate report and attach it to the decision.

The arbitrator shall file the original signed arbitration decision at the records office and, at the same time, shall also send copies to the two assessors, if any.

The records office, under the responsibility of the chief arbitrator, shall forward a copy of the decision to the parties concerned, the Centrale, the Fédération, the QESBA, the CPNCA and the Ministère and shall also file two certified copies with the Secrétariat du travail.

11-2.18

At any time prior to his or her final decision, an arbitrator may render any temporary or interlocutory decision that he or she deems fair and useful.

The arbitration decision shall be final, executory and shall bind the parties.

If the decision grants a time limit in which to fulfill an obligation, the time limit shall begin as of the date on which the decision was sent by the records office, unless the arbitrator decides otherwise within the framework of the decision.

11-2.19

An arbitrator may not, by his or her decision regarding a grievance, modify, subtract from, or add to this agreement.

11-2.20

The arbitrator called upon to decide whether or not a grievance is well-founded, shall have the authority to uphold it or to reject it, in whole or in part, and to determine the compensation that he or she deems equitable for the loss sustained by the professional because of the board's error in interpreting or applying the agreement.

The arbitrator to whom a grievance has been referred to contest the dismissal of a professional may annul the decision of the board if the procedure prescribed was not followed or if the reasons for the dismissal are not well-founded or do not constitute sufficient grounds, order that the professional concerned be reinstated in his or her duties and determine, if need be, the amount of the compensation to which he or she is entitled. The arbitrator may also change the decision for one which he or she feels is fair and reasonable, taking into account all the circumstances surrounding the event.

The arbitrator to whom a grievance has been referred to contest the nonreengagement of a regular professional may annul the decision of the board if the procedure prescribed was not followed or if the reasons for the nonreengagement are not well-founded or do not constitute sufficient grounds, order that the professional concerned be reinstated in his or her duties and determine, if need be, the compensation to which he or she is entitled.

The first paragraph of this clause applies to a grievance for nonreengagement due to the surplus of a regular professional if the procedure prescribed in article 5-9.00 was followed entirely and if the sole reason invoked by the board in support of the nonreengagement is the surplus of personnel. In this case, the jurisdiction of the arbitrator shall include the power to order that the professional be reinstated in his or her duties.

11-2.21

The chief arbitrator shall choose the chief records clerk.

11-2.22

The arbitrator's fees and expenses shall be paid by the party that submitted the grievance if it is rejected and by the party to which the grievance was submitted if it is upheld. If the grievance is partially upheld, the arbitrator shall determine the proportion of the fees and expenses payable by each party.

If the grievance is settled, regardless of the number of grievances concerned and the nature of the settlement, the amount payable in cancellation fees as well as the arbitrator's fees and expenses, if any, shall be assumed equally by the parties or according to the terms and conditions of settlement.

If the grievance is unresolved, the party that withdraws the grievance or accedes to it shall assume the amount payable in cancellation fees.

At the request of either party, the arbitrator who takes note of the settlement may agree on a different distribution.

Notwithstanding the foregoing, in the case of grievances submitted to the board before December 16, 2005 as well as the dismissal grievances submitted before or after December 16, 2005, the arbitrator's fees and expenses shall be borne by the Ministère.

11-2.23

In all cases, the party that requests a postponement of a hearing shall assume the fees and expenses incurred for the postponement; if the postponement is requested jointly, they shall be assumed equally.

However, the arbitrator's fees and expenses shall be assumed according to the rules applicable prior to December 16, 2005 in the case of a grievance submitted before that date.

11-2.24

The costs of the records office shall be borne by the Ministère.

11-2.25

The hearings and the deliberations shall be held in rooms supplied free of rental charge.

11-2.26

The assessors shall be remunerated and reimbursed for their expenses by the party they represent.

11-2.27

If a party requests the services of an official stenographer, the expenses and fees shall be the responsibility of the party which requested them.

If the official stenographic notes are transcribed, a copy shall be forwarded by the stenographer to the arbitrator and to the assessors, where applicable, before the beginning of the deliberations at the expense of the party requesting such notes.

If the party that did not request the stenography wishes to obtain a copy of the transcribed stenographic notes, the party shall share the total fees and expenses of the stenography in equal parts with the other party, unless there is an agreement to the contrary between the parties.

11-2.28

The arbitrator shall convey or otherwise serve any order or document issued by him or her or by the parties involved. At the request of a party, the arbitrator may assign a witness in accordance with section 100.6 of the Labour Code (CQLR, chapter C-27).

IN WITNESS WHEREOF, the parties herein have signed in Québec this 30th day of the month of June 2016 the provisions negotiated and agreed between the Management Negotiating Committee for English-language School Boards (CPNCA) and the Centrale des syndicats du Québec on behalf of the professionals' unions represented by its bargaining agent, the Fédération des professionnelles et professionnels de l'éducation du Québec (CSQ).

The new subparagraph k) of clause 7-1.15 is as follows:

- k) the insurer shall determine the total amount of the professional's premiums for each pay period and shall forward it to the board by computerized listing so that the board can make the deduction;

¹ The main difference between the two billing systems is as follows:

- . under the self-billing system, the board establishes the cost of each professional's personal group insurance premiums and deducts the premiums at source;
- . under the computerized billing system, the insurer establishes the cost of the premiums and forwards to the board by computerized listing the total amount it will deduct from each professional's pay.

D) Subparagraph i) of paragraph b) of clause 7-1.16 is modified as follows:

7-1.16 b) i) the provisions of subparagraphs b) to k) of clause 7-1.15;

Only subparagraph k) of clause 7-1.15 applies to the general group insurance plans (FAMR).

F) Clause 7-1.20 is replaced with the following:

7-1.20 The insurer selected for all plans, including the general group insurance plans (FAMR) mentioned in paragraph c) of clause 7-1.16, must have its head office in Québec and must be a single insurer or a group of insurers acting as a single insurer. For the purpose of selecting the insurer, the Insurance Committee of the Centrale or the Centrale in the case of the general group insurance plans (FAMR) may request bids or proceed according to any other method that it determines.

2. Reduction applicable to early retirement

For participants whose last day worked is July 1, 2020 or later, the reduction applicable to early retirement is increased from 4% per year (0.33% per month) to 6% per year (0.5% per month).

3. Eligibility for a pension without reduction

For participants whose last day worked is July 1, 2019 or later, eligibility for a pension without reduction is increased from 60 to 61 years of age.

For participants whose last day worked is July 1, 2019 or later, a new eligibility criterion for a pension without reduction is added:

- a participant whose combined age and years of service total 90 is eligible to retire, provided that he or she is at least 60 years old.

4. Transitional provisions

The amendments prescribed in sections 2 and 3 do not apply to persons who, before the bill resulting from this agreement was introduced in the National Assembly, had begun to reduce their working time under a progressive retirement agreement defined in sections 85.5.1 to 85.5.5 of the Act respecting the Government and Public Employees Retirement Plan.

¹ This appendix is not arbitrable.

Moreover, these amendments do not apply to persons who have begun to reduce their working time under a progressive retirement agreement within 100 days of that date and whose reduced working time corresponds to at least 20% of the regular time of a full-time employee.

5. Maximum number of years of service for pension purposes

The maximum number of years of service credited that can be used for pension purposes shall be increased gradually so as to reach 40 years on December 31, 2018. Subject to the following, these years guarantee the same benefits as the previous ones:

- As of January 1, 2017, the number of years of service credited for pension purposes in excess of 38 years must be service accomplished or redeemable. No buy-back of service prior to January 1, 2017 may cause the service credited for pension purposes to exceed 38 years on January 1, 2017.
- Retroactive measures shall not be permitted. Service in excess of 38 years credited for pension purposes prior to January 1, 2017 cannot be recognized for mandatory contributions or service buy-back.
- The pension reduction applicable as of 65 years of age (QPP coordination) does not apply to the years of service credited for pension purposes exceeding 35 years.
- Contributions shall be paid for any service accomplished, as of January 1, 2017, beyond 38 years of service credited up to a maximum of 40 years of service credited.

As regards the revalorization of pension credits, the increase in the maximum number of years of service from 38 to 40 years must not have the effect of increasing or decreasing the number of years that would be revalorized if this measure did not exist.

The amendments described in section 5 also apply to the Civil Service Superannuation Plan (CSSP), the Teachers Pension Plan (TPP) and the Pension Plan of Certain Teachers (PPCT).

A2 LETTER OF AGREEMENT N° 8 PREMIUMS PAID TO PSYCHOLOGISTS**SECTION 1 FIELD OF APPLICATION**

This letter of agreement applies to the professional whose job title is psychologist (2113).

SECTION 2 RETENTION PREMIUMS PAID TO PSYCHOLOGISTS

The professional concerned shall receive a retention premium based on the number of paid work hours. The amount is determined as follows:

Level 1

6.6% on salary for 56 or more paid work hours, but less than 70 hours per pay period

Level 2

9.5% on salary for 70 paid work hours per pay period

The two retention premium levels may not be drawn concurrently.

Subject to section 3 of this letter of agreement, work paid is equal to the regular hours actually worked and the hours of absence for which salary is maintained under the agreement:

- vacation;
- paid legal holidays;
- sick-leave days;
- special leaves except for a leave for a change of domicile. The hours of absence for a change of domicile shall be considered as hours on the basis of which eligibility for the retention premium is determined. However, the retention premium shall not be paid for those hours of absence;
- union leaves under articles 3-3.00 and 3-4.00;
- professional development authorized by the board within the professional's work schedule;
- absences for which salary is maintained under the agreement (clause 7-1.58).

Retention premiums are non-pensionable.

Retention premiums shall expire on March 30, 2020.

Premium adjustment method and formula¹

The percentage of the two retention premium levels shall be reduced by any salary adjustment² excluding the general salary increase parameters prescribed in the collective agreement.

The premium reduction is applied according to the following method and formula:

The percentage allotted to each level shall be based on the basic rate of the maximum step of the salary scale. Both reference percentages of the retention premium are, for the first adjustment, those in effect on April 1, 2015.

Mathematically:

$$\text{Retention Premium } \%_{\text{Level}_i, t+1} = \left[\left(\frac{\text{Basic rate of maximum step}_t \times (1 + (\text{Retention premium } \%_{\text{Level}_i, t} / 100))}{\text{Basic rate of maximum step}_{t+1}} \right) - 1 \right] \times 100$$

Where:

i = Number of retention premium level:

where $i = 1$ for level 1 and $i = 2$ for level 2;

t = Date prior to increase of basic rate of maximum step;

$t + 1$ = Date on which the basic rate of the maximum step is increased.

The result for the numerator must be rounded to the nearest dollar³ for an annual basic step rate and rounded to the nearest cent⁴ for an hourly rate.

The percentage obtained for each retention premium level is rounded to one decimal place⁵.

¹ The Secrétariat du Conseil du trésor shall calculate the retention premiums.

² Including salary adjustments linked to the evaluation of the maintenance of salary equity or salary relativities granted after April 1, 2015.

³ When rounded to the nearest dollar, the following applies: where the decimal point is followed by one or more digits, the first and subsequent digits shall be dropped if the first digit is less than five. Where the first digit is equal to or greater than five, the dollar shall be increased by one and the first and subsequent digits shall be dropped.

⁴ When rounded to the nearest cent, the following applies: where the decimal point is followed by three or more digits, the third and subsequent digits shall be dropped if the third digit is less than five. Where the third digit is equal to or greater than five, the second digit shall be increased by one and the third and subsequent digits shall be dropped.

⁵ Thus, if the decimal point is followed by two or more digits, the second and subsequent digits shall be dropped if the second digit is less than five. Where the second digit is equal to or greater than five, the first digit shall be increased by one and the second and subsequent digits shall be dropped.

If during the term of the collective agreement, retention premiums are decreased based on the premium adjustment method and formula, the Management Negotiating Committee for English-language School Boards (CPNCA) shall so inform the union.

SECTION 3 PROVISIONS APPLICABLE TO A PROFESSIONAL ENGAGED FOR A PERIOD OF LESS THAN SIX MONTHS AS A SUBSTITUTE OR SUPERNUMERARY PROFESSIONAL

This letter of agreement applies to a professional engaged for a period of less than six months as a substitute or supernumerary professional by making the following necessary changes:

The fringe benefits paid on each pay applicable to the professional engaged for a period of less than six months as a substitute or supernumerary professional apply to the retention premium.

The hours of absence corresponding to vacation, paid legal holidays, sick-leave days and special leaves coinciding with a professional's scheduled workday shall be considered as hours on the basis of which eligibility for the retention premium is determined. However, the retention premium shall not be paid for those absences.

LETTER OF AGREEMENT N° 9 LETTER OF AGREEMENT ON SALARY RELATIVITY

*Please note that this appendix has been translated externally
and validated by the Conseil du trésor.*

SECTION 1 GENERAL PROVISIONS**1 Date of Application**

Unless specified otherwise, the provisions set out in this section shall come into effect on April 2, 2019¹, for all class titles listed in Sub-appendix 2².

2 Salary Rates, Scales and Rankings

In the context of salary relativity, a new salary structure composed of salary rates and scales by ranking has been introduced. The structure is shown in Sub-appendix 1 and replaces the reference scales and rates with ranking-based remuneration.

This salary structure replaces the salary rates and scales for the class titles included in collective agreements or in the nomenclature of class titles, wording, salary rates and scales in the health and social services sector³.

The salary structure presented in Sub-appendix 1 applies to class titles⁴ identified in Sub-appendix 2 according to ranking and is subject to modifications agreed to by the parties, if applicable, before April 2, 2019. It also specifies if the class title is linked to a salary scale or a single rate.

As of April 2, 2019, the period of time spent in a step by an employee at ranking 19 and above shall be as follows, regardless of his/her category of employment:

- Six months of recognized experience in accordance with the provisions of the collective agreement in steps 1 to 8;
- One year of recognized experience in accordance with the provisions of the collective agreement in steps 9 to 18.

¹ However, for school board teachers, these shall apply as of the 142nd day of the 2018-2019 school year.

² This grammatical note about the exclusive use of the masculine gender in class titles is not applicable in English.

³ For class titles with a single rate on April 1, 2019, the reference rate shall be the single rate corresponding to the ranking shown in Sub-appendix 1.

⁴ In the interpretation and application of this document, should there be discrepancies in the wording of a class title, the class title number shall prevail.

3 Method of Indexation

Salary rates are expressed in an hourly basis except for those applicable to regular teachers and aeronautics teachers which are expressed in an annual basis.

When general indexation parameters or other forms of improvements to salary rates or scales must be applied, these are applied to the base rate and rounded to the nearest cent for the hourly rate, and to the nearest dollar for the annual rate.

In the published collective agreements, the weekly rates are rounded to the nearest cent and the annual rates to the nearest dollar. The numbers of weeks used to calculate the annual rate is 52.18.

Notwithstanding the preceding two sub-paragraphs, the class titles referred to in paragraphs 5.1 to 5.4 of this section shall be increased as described in these items.

When rounding to the nearest cent, the following shall apply:

- When the decimal point is followed by three digits or more, the third digit and the following ones are removed if the third digit is lower than five. If the third digit is equal to or higher than five, the second digit is carried to the nearest higher digit and the third and following digits are removed.

When rounding to the nearest dollar, the following shall apply:

- When the decimal point is followed by one digit or more, the first digit and the following ones are removed if the first digit is lower than five. If the first digit is equal to or higher than five, the dollar is carried to the nearest higher unit and the first decimal and following ones are removed.

4 Exceptions

The provisions set out in the third and fourth sub-paragraphs of article 2 in Section 1 and in article 3 of Section 2 shall not apply to the following class titles¹:

3-2244	Respiratory Therapist
3-2247	Clinical Teacher (Respiratory Therapy)
3-2246	Technical Coordinator (Respiratory Therapy)
3-2248	Assistant Head Respiratory Therapist

3-3455	Nursing Assistant
3-2473	Nurse (Institut Pinel)
3-2459	Nurse Team Leader
3-2471	Nurse

¹ Provisions for these class titles are set out in the agreements ratified by the sector-based union parties which stipulate other conditions for the dates of application and integration.

5 Establishing Salary Rates and Scales Applicable to Particular Cases

5.1 Regular School Board Teachers and College Professors

At the renewal of each collective agreement, the method described hereafter shall be used for the first period in which an indexation parameter is granted in order to maintain consistency with the remuneration structure for all employees in the health and social services, school board and college sectors.

For other periods of a collective agreement where an indexation parameter or another type of increase to the salary scale is applicable, the rounding technique of the annual rate shall be that which is set out in the last sub-paragraph of article 3 in this section.

School Boards

- the salary scale applicable to regular school board teachers has been established according to the following method:
 - The annual rate for step 17 corresponds to the maximum hourly rate of ranking 22 multiplied by 1 826.3;
 - Steps 1 to 16 are calculated as follows:

$$\text{Annual Rate of Step (n)} = \frac{\text{Annual Rate of Step (n + 1)}}{1.0425}$$

where n = step number

Thereafter, each annual rate is rounded to the nearest dollar.

- Notwithstanding the fourth sub-paragraph of article 2 in Section 1, the period of time spent in a step by an employee shall be one year of recognized experience in accordance with the provisions of the collective agreement.

Colleges

- The salary scale applicable to regular college professors has been established according to the following method:
 - The annual rate for step 1 corresponds to the annual rate for step 1 for regular school board teachers;
 - The annual rate for step 17 corresponds to the maximum hourly rate of ranking 23 multiplied by 1 826.3;
 - Annual rates for steps 2 to 16 have not been calculated using a specific formula and have been adjusted in accordance with general increase parameters.

Thereafter, each annual rate is rounded to the nearest dollar.

Colleges – Particularity for professors with a master's degree and those with 19 or more years of schooling and with a doctorate:

- The annual rate for step 18 corresponds to the annual rate for step 17 multiplied by 1.0163;
- The annual rate for step 19 corresponds to the annual rate for step 18 multiplied by 1.0163;
- The annual rate for step 20 corresponds to the annual rate for step 19 multiplied by 1.0163.

Thereafter, each annual rate is rounded to the nearest dollar.

Step 18 is accessible to holders of a master's degree in the discipline taught or in a discipline relevant to and useful for teaching the discipline specified in the contract.

Steps 18, 19 and 20 are accessible to professors who have 19 or more years of schooling and a doctorate.

Notwithstanding the fourth sub-paragraph of article 2 in Section 1, the period of time spent in a step shall be as follows:

- Six months of recognized experience in accordance with the provisions of the collective agreement in steps 1 to 4;
- One year of recognized experience in accordance with the provisions of the collective agreement in steps 5 to 20.

b) Class 2

Integration Agent (3-2688) and Educator (3-2691)

Steps 2 to 13 applicable to class 2 for class titles 3-2688 and 3-2691 are, respectively, steps 1 to 12 of the salary scale and are applicable to class 1 of the same class title.

Step 1 applicable to class 2 has been established as follows:

$$\text{Step 1, Class 2} = \text{Step 1, Class 1} / (\text{Mean Intermediary Step, Class 1})$$

Everything is rounded to the nearest cent.

The mean intermediary step is established as follows:

$$\text{Intermediary Step, Class 1} = \left(\frac{\text{Maximum Step, Class 1}}{\text{Minimum Step, Class 1}} \right)^{\frac{1}{\text{Number of Steps, Class 1}-1}}$$

The period of time spent at this step is annual.

Living Unit or Rehabilitation Supervisor (3-2694)

The employee paid according to the class 2 salary scale has been integrated into the class 1 salary scale in accordance with the integration method set out in article 3 of Section 2.

5.4 Tow-clause Jobs

The salary rate or scale applicable to each of the class titles identified in Sub-appendix 5 has been modified to ensure a variance with each step of the reference class title.

The salary rate or scale for a tow-clause job is as follows:

$$\text{Step Scale}_{n, \text{Tow-clause Job}} = \text{Step Scale}_{n, \text{Reference Job}} \times \text{Adjustment \%}$$

where n = Step Scale

Everything is rounded to the nearest cent.

The adjustment percentage is shown in Sub-appendix 5.

Where a tow-clause job title includes a single step, the adjustment has been calculated from step 1 of the reference class titles.

For trade apprentices, the rate of the reference title corresponds to the single rate average for the reference class titles.

The provisions of this paragraph are not meant to modify the number of steps for the tow-clause job.

SECTION 2 TRANSITIONAL PROVISIONS

1. Maintaining Classifications

The present section is not meant to modify an employee's classification at the time of his/her integration, other than for the class titles listed in Section A of Appendix 4. Consequently, a grievance may not be filed in these instances.

2. Interpretation

Any relevant provision of the collective agreement shall be adjusted accordingly. The present section shall take precedence over any provision of a collective agreement that contravenes this section.

3. Integration Rules

An employee shall be integrated into the new salary scale of his/her class title at the step with the salary rate equal or immediately higher to his/her salary rate before integration. However, the following exceptions shall apply:

- College professors, high school teachers and lawyers from the health and social services sector (3-1114) shall be integrated at the step they held the day before said integration;

- The weekly supplement of \$172 as of March 31, 2015, increased by the applicable increase parameters, paid to the Outpost/Northern Clinic Nurse (3-2491) shall be taken into account at the integration of the employee holding this type of employment at ranking 22.

In the event that an employee's salary rate is higher than the maximum rate or single salary rate according to his/her ranking, the rules for off-rates or off-scales set out in the collective agreement shall apply.

Integrations arising from the present provisions are not meant to modify the period of time spent at a step for the purpose of advancement in salary steps of the collective agreements.

4. Collective Agreement Appendices for College Professors

Appendix VI-3 of the Collective Agreement Binding the Fédération nationale des enseignantes et enseignants du Québec (FNEEQ-CSN) and the Comité patronal de négociation des collèges (CPNC) and Appendix VI-2 of the Collective Agreement Binding the Fédération des enseignantes et enseignants des cégeps (FEC-CSQ) and the CPNC are repealed.
